

PORTLAND DUCKS' LINEUP FOR 1932 ANNOUNCED SOON

SAN JOSE, Cal., March 28.—(AP)—Things are beginning to look a little more rosy for the Beavers. As Spencer Abbott, manager of the Portland baseball team, reviews the situation just a week before the opening of the Pacific coast season.

About the largest task remaining for the manager is to select nine men from the list of the 13 most promising pitchers he is quarantining in his camp. He heaved a sigh of relief after he had announced he had made up his mind about the rest of the team, and it is assumed he will pass up four members of the hurling staff within a day or so.

The best information is that the following pitchers will be seen in action with the Beavers this season: William Dietrich, Art Jacob, John Killeen, Hank McDonald, Oesle Orwell, Wayne Osborne, Harold Brudin, William Shore and John Prudhomme.

The receivers Abbott has selected are Fitzpatrick, Palmisano and Lipanovic, the latter a youngster. And the manager says there will be no such thing as first and second string catchers this year. All will be "first stringers."

Infielders are Ray Jacobs, Monroe, Reeves and Higgins, with Dondero and Costa as utility men.

The outfielders are Berger, Johnson and Moore, with Finney listed for utility work.

OLD-TIME BASEBALL PLAYERS IN BASTILE

LOS ANGELES, March 28.—(AP)—Shortly after a man identified by police as Jerry Downs, one time professional baseball player, was locked in the city jail in connection with a \$35,000 jewel robbery, police took into custody a man giving the name of Frank Stark, 35, who said he pitched for the Detroit Tigers in 1922.

Stark was arrested when he was found with several new pairs of shoes near Seventh and Flower. He was booked for suspicion of burglary.

SALEM 'Y' WRESTLERS WIN TOURNAMENT HONOR

PORTLAND, Ore., March 28.—(AP)—Taking three individual titles and team honors, wrestlers of the Salem Y. M. C. A. demonstrated complete mastery of the situation here Saturday night in competition for Pacific northwest "Y" championships.

Lee Pepion, 115 pounds, Don Hendrie, 123 pounds, and Del Colegrove, 174 pounds, all of Salem, are the new titleholders in their weight divisions.

TWO NEW FACES FOR TIGERS THIS SEASON

LOS ANGELES, Cal., March 28.—(AP)—There will be two new faces in the regular lineup of the Detroit Tigers this season if Manager Buckey Harris adheres to the plans he has announced for the season opener next month.

One will be Bill Lawrence in center field, the other will be George Sussie, who will share the catching burden with veteran "Muddy" Ruel. The lineup Harris announced is the one which defeated Pittsburgh 10 to 8 yesterday.

ARBOR DAY STAMP ON SALE IN APRIL

A new special postage stamp of the 2-cent denomination, and which bids fair from the standpoint of beauty and sentiment to prove the most popular special stamp of recent years, will be in general circulation throughout the nation the latter part of next month, according to information received today by Postmaster W. J. Warner from the postal department at Washington, D. C., and he immediately sent in a requisition for a supply for Medford and vicinity.

This stamp is issued to commemorate the 60th anniversary of the establishment of Arbor day, which will be observed on April 22nd, and which marks the 100th anniversary of the birth of J. Sterling Morton, through whose efforts a day was first officially set aside for the planting of trees by the state of Nebraska in 1872.

Jenkins' Comment

But life can't be all jazz. In a self-governing country, we must all do a little serious thinking from time to time.

With the government of the United States spending in one year TWO BILLION DOLLARS more money than it raises by taxation, the subject of government finance becomes so important that we must all give some thought to it if disaster is to be avoided.

Tips on CONTRACT

A BLUFF DISCARD
By Tom O'Neil

When success with a contract is difficult it pays at times to give the opposition a chance to make mistakes. There are real squeeze plays in which the defending side is helpless against the playing of successive trumps or high cards of another suit. There are also pseudo squeezes in which the enemy guesses wrong as to what to discard.

A recent accomplishment of Bill Huske, one of Ely Culbertson's right hand men, is the making of a little slim at no trump by discarding the eight of spades and then taking the last trick with the six spot after an opponent had discarded the queen. Here was the hand:

THE PLAY --

TRICK-NORTH	EAST	SOUTH	WEST
1-3	4	10	K
2-3	5	2	4
3-2	5	7	J
4-7	5	4	K
5-2	7	J	10
6-2	6	J	K
7-10	J	5	A
8-3	A	8	9
9-5	A	9	6
10-9	A	4	8
11-Q	A	6	8
12-3	7	10	A
13-Q	8	Q	6

The bidding: west one spade; north pass; east three hearts; south pass.

The winning card is shown in squares. The next lead is immediately underneath.

North had to find two discards and shed spades in the belief that west was holding the ten of clubs for a squeeze.

West's discard of the eight of spades on the tenth trick contributed to that belief, as did his play of the ace on trick seven. If he had read South's play of clubs correctly north could have shed his clubs and held spades, setting Huske one.

deaths to the 362 caused by the freak spring storms in the south a week ago today.

The Easter Sunday twister struck hard into central Alabama and then swept into Georgia with diminished force, leaving wreckage and scores of injured. High winds whipped through sections of Louisiana and Tennessee with damaging effect.

Followed Same Path.

By coincidence, the second tornado followed the path of its predecessor closely in Alabama. The fatalities were near the communities where others died last week. Austin Lawrence, Walker Lawrence, Perry Hicks and Jane Green were killed at Lawley, while G. M. Tubbs and a Mr. Pate died at Pleasant Grove.

Stones the size of baseballs were reported at Cardova, Ala. They stripped foliage from trees, basted in automobile tops and even killed livestock. There was a snow storm at Sparta, Tenn.

Wreckage Scattered.

Buchanan and Corinth were the hardest hit of the Georgia towns. About two acres were injured and flung to the ground by the twisting wind. Wreckage was scattered over the area.

Heavy loss of livestock was reported along with the property damage, dead and injured.

The American Red Cross and other relief agencies had just begun to work out a rehabilitation program for the first storm sufferers when the second struck.

WALLOWA JUDGE AGAIN ON TRIAL

LA GRANDE, Ore., March 28.—(AP)—County Judge Edgar Marvin of Wallowa county went on trial in circuit court at Enterprise today for the second time on a charge of misappropriating funds of the Joseph State bank.

The first trial in January resulted in a disagreement of the jury. Judge C. H. McCulloch of Baker is presiding.

The prosecution contends that \$10,000 obtained by directors of the bank to strengthen the institution was the property of the bank and that when Marvin took part of it he appropriated funds that were not his. Marvin insists the money was the property of the directors and that he could use it as he wished.

STEADINESS SEEN IN EGGS, BUTTER ON MART OPENING

PORTLAND, Ore., March 28.—(AP)—There was again a lack of general change in either sentiment or price in the butter trade. This applies to the local trade as well as the coast generally. Last week's make in Portland as well as receipts showed a decrease.

Secret cutting in egg prices here has become almost general and all sorts of quotations are now in effect. Local co-ops report meeting with such prices but continue former lists.

Almost general steadiness is reflected in the market for cheese, not only Pacific northwest points but in the country generally.

Market is still somewhat congested for live hens in the local trade but values here and in the north are far below what similar offerings are quoted at in central California. Low priced eggs appear the cause.

There is a scarcity of spring chickens here with prices holding up well and out of line with what is reflected for hens. The only break possible appears from the north.

In the country meat trade the best call is for old crop lambs which show well maintained prices. Spring lambs are in call but not so keenly sought. Hogs are inclined to show a steady tone but veal continues easy.
