Callison to Have Shields, O'Brien and Kitzmiller as Assistants — Salary Up to Board of Education

PORTLAND, Ore., April 5.—(AP)—President Arnold Bennett Hall of the University of Oregon last night confirmed the selection of Prince G. (Prink) Callison as head football coach to succeed Dr. Clarence W. Spears, who resigned to accept a similar position at Wisconsin. Callison's appointment, which had been forecast for several days, has been freshman football coach at Oregon the past three years. Gene Shields, Jack O'Brien and Johnny Kitzmiller were named as his assistants. O'Brien came to Oregon from Minnesota with Dr. Spears. No salaries were announced. This will be left until the regular meeting of the board of education. Callison began his coaching career in 1923 at Medford high school. Since that time he has never lost more than one game in any one season, and in six years, including the last, has coached undefeated eleven. He was tied but once.

BRITISH WALKER TEAM IS CHOSEN

ST. ANDREWS, Scotland, April 5.—(AP)—The Royal and Ancient club of St. Andrews today announced the makeup of the Walker cup golf team which will invade the United States this year to play Francis Ouimet's American squad. The team is headed by T. A. Torrance, who is expected to be named captain. J. T. Bookless, John Burke, the Irish champion, Leonard Crawley, Lester Hartley, Rex Hartley, Eric McBurnie and J. A. Stout.

Five of the British team of eight are newcomers to Walker cup play. In experience the two teams will not be dissimilar, as the United States squad probably will be composed largely of youngsters. The last American squad, headed by Robert T. Jones, Jr., now retired, was composed of George Von Elm, the present "business manager," George Yotig, Harrison R. (Jimmy) Johnston, Dr. O. F. Willing, Donald Moe and Roland Malkenzie. It would be a surprise to see more than one or two of these, in addition to Ouimet named for the American squad.

ARCHERY TEAMS IN FINAL SHOOT

The following scores were made Monday at the county fairgrounds by competing archery teams, and concludes the four weeks' team shoot of the Southern Oregon archery club. Distance, 30 yards; 90 arrows; possible score, 810.

NATIONAL LEAGUERS CROWDING AMERICAN

NEW YORK, April 5.—(AP)—Just stretch this spring training season for a few more weeks and the National league might pull up on even terms with the American in their inter-league series. From an impressive 450 two weeks ago the American league's winning against the National had shrunk to a modest 381 today, based on 25 victories and 18 defeats in 43 games.

Foolish Fish Of Amazon Furnish Anglers Paradise

CHICAGO, Ill., April 5.—(AP)—Listen, fishermen. There's a place where the fish weigh 350 pounds, where they're so thick they bump into each other and where they're so foolish they leap a foot out of the water to bite. The only catch in the story is that you've got to go a thousand miles up the Amazon river to find this paradise. Dr. William McGovern, explorer, told American Legionnaires about it in an address yesterday.

GUN CLUB PLANS PRIZE TOURNEY

Scores of the Medford trapshooters Sunday were not up to par. However, Ray Coleman smashed 49 out of his 50 targets for 16 yards for high. Earl Troeh, trade representative from Portland and son of the great Frank Troeh, also broke 49 out of 50. Ray Coleman was high in the handicap event with 23 and 25, and Sid Newton in the doubles with 20x 24.

Next Sunday the Medford club will stage another tournament with hams, bacon, sugar and various other merchandise for trophies.

Portland Tangles With Los Angeles in Opening Game — Early Dops Shows 3-Way Fight for Pennant

SAN FRANCISCO, April 5.—(AP)—Eight Pacific Coast league teams will open the thirtieth annual pennant race of the big far western circuit today. The 1931 champions, San Francisco's Seals, will face an improved Seattle squad in the initial contest at San Francisco. Hollywood's Stars, runners-up last season, will tackle Oakland on the latter's home field and Portland and Los Angeles will come together in the south. The San Francisco Missions and Sacramento Senators will open festivities in the capital city with Governor James J. Rolph pitching the first ball. Probable opening day batteries include:

Seattle—Kallo and Cox; San Francisco—Henderson and Penebecky. Hollywood—Miljus and Bassier; Oakland—Thomas and Reed. Portland—McDonald and Palmisano; Los Angeles—Hermann and Campbell. Missions—Koupal and Hofmann; Sacramento—Fretas and Wirts. Pre-Season Gate Poor. Exhibition games with big league clubs having failed to draw even fair attendances, the Seals and Seattle will turn to night baseball tomorrow night. Los Angeles and Portland may switch to after-dark playing next Friday, although nothing is definite. Sacramento will go in for the "owl games" May 3 and Oakland May 10.

Early indications point to a three-cornered fight between Portland, Los Angeles and Hollywood during the 26-weeks' schedule. Seattle is expected to show more of a punch this season. The Missions have a team powered by many youngsters while the rest of the clubs will present but few changes over last year.

M'CABE SUFFERS NO BROKEN BONES

Albert McCabe, 33, workman at the Bear Creek orchards, who received a painful injury yesterday afternoon, when the tractor he was operating suddenly jumped over him beneath the wheel, and backed over him, is reported resting easily at the Sacred Heart hospital. Examinations revealed no broken bones, but severe lacerations and bruises of his left leg. McCabe was repairing the tractor when it started over him. He managed to reach the gear shift lever, thereby saving his life.

NEW YORK, April 5.—(AP)—Share prices sank rapidly under light selling pressure in today's stock market, and while there was some recovery from the lowest net loss of 1 to 5 points appeared throughout the list at the finish. Sales approximated 1,400,000 shares. The closing tone was weak. Price averages registered new lows for recent years for the fifth successive day. Utilities and rails were again conspicuously feeble.

FIVE THOUSAND SEE NEW FORDS DISPLAYED HERE

Five thousand people from Medford and surrounding territory viewed the two models of the new Ford V-8 car—the George Washington blue de luxe two-door sedan and the black Victoria model—on display yesterday in the show rooms of the Gates Auto company. The wider, longer and lower models won the approval of the throngs who viewed the cars, and the tallest man in Rogue River valley sat in one of them and declared there was more room in it than any car he ever viewed, according to C. E. Gates.

"We have over one hundred signed requests for demonstrations, and nine orders for new cars, without trade-in," he stated. "We also have names of a large number of people who plan to bring their cars to the shop for appraisals to be turned in on the new Ford product." Guests of the company were allowed to sit in the cars and look over the various parts while Mr. Gates gave several talks explaining the 18 new features.

By a double drop in the frame, the cars are much lower and lack only one-fourth of an inch the clearance of former Ford productions. The visitors saw the placement of the motor in the chassis so arranged that the car is not top heavy. The eight-cylinder auto has a 60-inch tread, with tires 18 by 2.25, in comparison with the 50 by 4.75 on model A's, Mr. Gates explained. De luxe models of the eight have all non-shatterable glass throughout, without any extra charge, and also have sloping windshields. The cars are roomier than any other of the same size on the market. Mr. Gates said, Colored plates of the 14 new models, as well as the Medford prices, were shown by the company yesterday.

Numerous improvements in the Ford, making it an entirely different car, include doors which go flush with the frame, eliminating any rattles. An engineering feat now makes it possible for the exhaust to remain closed. Mr. Gates pointed out. Keys cannot be removed from the dash without shutting off the engine, which does away with the chance of the battery running down as a result. When the switch is locked, it automatically locks the engine. The new cars are showing the filler cap on the gas tank to the left, eliminating the possibility of leakage when the car is parked. Every movable part of the construction is mounted on rubber. J. E. Lemboke, Ford representative from Portland, as well as Mr. Gates, was pleased with the successful showing, between 9 a. m. and 10 p. m. The preview was conducted between 8 and 9 a. m.

CHAMBER URGES OPENING OF ROAD TO CRATER PARK

On learning today that Superintendent E. C. Solinsky had wired his office here from Hot Springs, Ark., that he had received advice from his superiors that the Crater Lake national park snowplows could not be permitted to clear any road outside the park, the Medford Chamber of Commerce, after conferring with Chief Ranger David Canfield, decided to appeal to the state highway commission to have one of its crews clear the deep snow from the Crater Lake highway between Union Creek and the Medford entrance to the park.

The local chamber officials were considerably exercised when they read in yesterday's Mail Tribune that in need to a protest from the Klamath Falls chamber of commerce the Crater Lake park snowplow crew would clear away the mile and a half yet uncleared of the Klamath entrance road, and open that road to travel possibly by the end of this week, whereas it will take from two to three weeks yet before the Medford entrance road in the park is cleared.

The local chamber officials have requested that the Medford entrance road be opened as soon as possible, as quite a number of tourists and others have been arriving here recently hoping to visit Crater Lake national park, some of whom have gone on to Klamath Falls with the same hope, only to be again disappointed.

PAIN IN YOUR SHOULDER?

Use Tysmol for Relief Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm. The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing aching peripheral nerve. The pains usually stop at once, and in a very short time the base trace of soreness should disappear. Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, whether caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at Strand's Drug Store.
