The bride was attired in a smart tailored ensemble with corsage of spring blossoms, and was unattended. Immediate friends of the couple were guests for the wedding and dinner which followed at the home of Mrs. Catherine Gray.

Mrs. Sims, who has been manager of the Cinderella shops in this city and Grants Pass since their opening several years ago, has many friends in each city and has played a prominent part in the business as well as social life of the two.

Mr. Sims is also known by a host of friends in Medford and Grants Pass. He is now associated with the Ruess Lumber company in Klamath Falls, for which city they leave this afternoon to make their home.

BOY SCOUT FIELD MEET SCHEDULED VAN SCOYOC PARK

It was decided at a meeting Friday of the committee appointed by the Scoutmasters association that the field meet will be held May 21 at Van Scoyoc field, instead of at the fairgrounds, as has been the case in past years. This is after the Junior high and grade school track meets and does not conflict with any other event.

The only radical change in the program for this year was in the section dealing with events strictly athletic. It was felt that such events as dashes, relays, etc., are not strictly scouting.

At the same time, these events are offered by the various schools in their field meets.

It is expected to make the event a demonstration of scouting to the public as well as a competitive meeting for scouts.

Various troops are expected to offer demonstrations of the Pine Tree patrol method of camping and other things which take place in camp and are not familiar to adults. The camping efficiency contest, initiated last year, was modified so that it calls for only such equipment as would be used in an overnight hike, requiring that the scouts hike around the field, having their packs inspected, and prepare a camp for an overnight stay.

Last year the event included the cooking of a full meal. This part has been eliminated. Troops from Ashland and Grants Pass are expected to enter the event, inasmuch as there are too few troops in each of these cities to permit the carrying out of a field meet on a very large scale. A similar meet will be planned for Klamath Falls a week or two after the one in Medford.

Unique Cleaned Rugs Look Like New!

OUR NEW—Rug Cleaning Department Opens This Week!

The completion of our new rug cleaning plant marks the initiation of this new service for southern Oregon people. Imported and domestic rugs are made like new through a process of powerful vacuum cleaning and thorough shampooing and rinsing. The cost of this service is surprisingly moderate, too!

You Can Beat the Life Out of Rugs and Carpets but—You Cannot Beat CLEANNESS into Them!

IT HAS BEEN tried for years and it cannot be done. No amount of whacking will beat all the dirt or any of the stains from rugs and carpets. Why flog your floor coverings within an inch of ruination? Why raise a whirlwind of dust for all the family and neighbors to consume?

When we clean your carpets and rugs by our Special Shampoo Process you can see and feel cleanness all over, all through. Dirt and grease spots are dissolved and washed away by pure soap and water. The Shampoo Process is gentle, harmless and thorough. It cannot wear, tear, discolor or loosen the fibers of the finest rug. Shampooing leaves only brightness and cleanness where dirt has been.
