

# ROAD COMMISSION VEToes FURTHER EMERGENCY WORK

### Money for Relief Jobs Exhausted and No More Bonds Will Be Sold—Will Rush Regular Work

PORTLAND, April 8.—(AP)—Work on the Columbia River highway, the Old Oregon Trail and the Pacific highway will be contracted at the next meeting of the highway commission, April 28, it was voted at a special session of the road officials here last night. The projects will cost an estimated \$760,000, the commissioners announced.

Call for bids in the widening of the Pacific highway from Salem north for about 11 miles was advanced several weeks, in order to better balance the contract letting as well as to get work started on this project. The commission authorized work up to \$180,000 on this job, and the contract will be let at the next meeting. Gravel and topping of the 11-mile stretch from Pendleton to Emigrant Hill on the Old Oregon Trail will be let.

Paving Ordered. The commission also ordered paving three miles on the West Side highway from the Multnomah county line to Middleton; graveling of the two-mile stretch between New Era and Canyon on the Pacific highway; planning of pavements over 40 miles of the Pacific highway and construction of an over-crossing over the U. P. tracks on the North Portland road. Ferry service at Waldport will also be contracted for.

The commission turned "thumbs down" on any further emergency work for the relief of the unemployed. Chairman Leslie M. Scott declaring the commission had no money for this and would allocate no more bond sales. The department, however, is crowding its regular highway work with its accompanying legitimate employment. The unemployment relief work carried on by the commission during the past five months will end next week.

Eye Log Hauling. Consideration of log-hauling restrictions was being given by the commission today at a conference with the state police officials. The commission will issue new rules for hauling logs over the state highway, following this conference, with the result that drastic changes will be put into effect to save wear and tear on the roads, the commission announced.

Contracts totaling \$400,000 were awarded by the commission at its session late yesterday afternoon. Seven projects were let while the largest job, that of 15.2 miles work on the Salmon River and McMinnville-Tillamook highways was held up.

A. S. Wallace of Roseburg was awarded the largest contract, that of 10 miles grade widening and resurfacing on the Merrill-Mallin section of The Dalles-California highway. His bid was \$122,297.50. Dunn and Baker, Klamath Falls firm, was awarded two contracts, 10 miles resurfacing on the Huntington-Slides section of the Old Oregon Trail at \$85,984, and the 11 miles resurfacing on the Dillon-Biggs section of the Columbia River highway, at \$44,765.

Contract Coast Road Job. Roy L. Houck, Independence, was awarded the contract for 19 miles of resurfacing the Port Orford-Euchre Creek section of the Oregon Coast highway in Curry county. His bid of \$48,550 was second low. A. S. Wallace, Roseburg, who submitted the low figure at \$47,390, received the larger Klamath contract.

Carl Myberg, Spokane, was awarded the 4.3 miles roadbed contract on the Durkee-Gales section of the Old Oregon Trail in Baker county, at \$92,527. Knute Lien, Portland, at a bid of \$19,400, was awarded the contract to furnish crushed rock for the Endicott Creek-Mystic Creek section of the Coos Bay-Roseburg highway. J. C. Compton, McMinnville, was awarded the five miles macadam resurfacing of the Hot Lake-Union section of the Old Oregon Trail, at \$21,414.

The Union Oil company was recommended for the award of road oil contracts for the year at a cost of about \$120,000.

# ROOSEVELT DRIVE FLATTENS HOPES OF FAVORITE SONS

(Continued from Page One.)

On behalf of Speaker John N. Garner, the other great hope of the stop-Roosevelt movement, . . .

Favorite Sons Fall. Nor have the fortunes of any favorite son been benefitted materially. In fact, except for one or two delegates, no candidate but Roosevelt has won any support at all outside his home state.

On the basis of this showing, and with other victories assured for the near future, the Roosevelt managers are sounding the bandwagon call with great effect in the territory still in dispute.

Meantime, the Republican supporters of President Hoover are heartened tremendously by the returns from their party's primary in Wisconsin. There appears no doubt, the administration forces have made considerable gains against the LaFollette insurgents.

Of course, the president does not

need Wisconsin support to get the nomination. To date he has 250 of the 288 Republican delegates selected, and a renomination is assured. But the vote of confidence given him in this northwestern state, of all others, is cheering to Republican hearts which have been saddened by dark prophecies of party losses in the election this fall.

The Wisconsin vote is important just in so far as it may be taken as an index to the Hoover strength elsewhere. Republican party leaders have insisted all along that however low the president's stock might go, a rally would come before election.
