## COUNTY DUNNED BY GRANTS PASS NATIONAL GUARD

The county court yesterday considered a bill for \$145.56, submitted for services by Co. C., National Guard, Grants Pass, in hunting for slayers of Victor Knott, Ashland policeman last November. Captain J. R. White came up yesterday to see about it. No action was taken.

Captain White, in charge of the Grants Pass guardsmen, asks pay at the army rate of \$12 per day for 3 and one-half days, a total of \$42. The first lieutenant's remuneration is \$5.55 per diem and the second lieutenant's \$4.57. The officers got in 3 1/2 days, and the sergeants, corporals and privates a day and a half. The guardsmen guarded bridges, trapped

the wet underbrush, when the hunt centered in the Poots Creek district, and otherwise made themselves useful.

Auto mileage in hauling the troops to and from meals and elsewhere, figured at the federal rate of a dime per mile and was about 730 miles. The state rate is a nickel a mile. Meals cost 40 cents, the government rate for soldiers.

The Grants Pass guard, like Co. A. of Medford, responded to the call for possums, but Co. A. to date has submitted no bill, save for groceries.

The county court last winter disallowed the bill when first presented, and it has reposed since in a pigeon-hole. Sheriff Ernest Lister of Joseph county wrote a letter, to the county court praising the soldiers and adding: "I want them to be satisfied, as we may need these fellows again some time."

## SPINE OPERATION HOLDS HOPE FOR MARIYAMA GIRL

X-Ray photos of the spine of Teruchio Maruyama, 14-year old Japanese girl, seriously wounded two years ago by the accidental discharge of a .22 rifle in the hands of a boy playmate, will be sent to the medical department of the University of California at Berkeley, for study, by a nerve specialist. The X-Ray photos were taken shortly after the accident, but were not developed until recently. According to Dr. Edwin R. Durno, the family physician, they are better than the first pictures, and show the location of the bullet in the spine, distinctly.

The San Francisco neurologist will report upon the advisability of an operation, and such a step rests with his decision and the wishes of the family. It is thought that a spinal operation will restore the little miss to full health and use of her limbs.

Dr. Durno said today, that an operation could now be performed better than at first, because Teruchio is now strong and healthy, and her nerves better able to stand the shock. The operation would require removal of a portion of the spine. The ex-

traction of the bullet would remove the pressure on nerves.

Teruchio has been confined to a wheel chair for many months, and is a cheerful and patient sufferer. At the time of the mishap, she was a popular student in the Junior High. She is a daughter of R. Maruyama, steward of the University Club.

## Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I am only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one-half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast — it's the SAFE harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Jarmin & Woods, Health's Drug Store or any drug store — the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

## Piles Go Quick

Without Salves or Cutting. Thousands of sufferers from itching, bleeding or protruding piles have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves nor cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Piles an internal medicine must be used to stimulate the circulation, heal and restore the affected parts.

Dr. J. S. Leonard was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1000 patients with the marvelous record of success in 960 cases, and then decided every Pile sufferer should be able to get HEM-ROID tablets from their own druggist with a rigid money back guarantee.

Dr. Leonard's HEM-ROID has an almost unbelievable record of success right in this city. No why waste time on external treatments or worry about an operation when Jarmin & Woods supplies every Pile sufferer to try HEM-ROID with guarantee of money-back if it does not end their Piles, no matter how stubborn the case!
