G. P. GUARDSMEN INSIST ON WAGE FOR REED HUNT

"Naturally the boys of Company C were stirred up by the writup in the Daily Courier Friday, taken from a Medford paper," said Capt. John R. White. "The whole controversy revolves itself down to the fact that after the men had been on almost continuous duty for 24 hours on the man-hunt I informed Sheriff Jennings that unless the men were to get paid for their services I would call them off, but would give the sheriff an opportunity to replace them."

"Mr. Jennings said he could not personally guarantee the pay but felt sure that Jackson county would pay the bill and requested that the men be kept on duty. On the 1st day of December a bill was rendered and the basis of pay was figured on the rate of armory drill pay of the government, which was satisfactory to all these men."

"I planned to keep 20 men on the Knott slayer hunt. It was cold, disagreeable work, and 14 of the boys worked the three and one-half days not averaging more than four hours sleep in 24 hours. We did not make the bill as high as we were allowed by Josephine county, and Jackson county has no legitimate kick on the size of the bill. It is a just bill and the boys are entitled to their money."—Grants Pass Courier.

IRRIGATION FLUME DAMAGE CLAIMED

Mrs. Julia Doubleday of the Butte Falls district today filed a claim with the county court for \$100 for alleged damages to her irrigation flume, caused by dumping debris from road building operations.

In a letter, Mrs. Doubleday says the road was built several years ago and the stumps, dirt and rock dumped into a canyon "have been a source of expense and annoyance ever since," and that she would like to have something done about it.

The letter also states the road building job is "a feast for the eyes of those who like to gloat over official negligence."

Mrs. Doubleday's claim was taken under advisement, and the court will probably make a trip to the scene in the near future.
