

KEEP JOURNALISM AT UNIVERSITY, IS PLEA OF EDITORS

PORTLAND, April 19.—(AP)—Restriction of the activities of some deans and directors of Oregon's institutions of higher learning who have proceeded with reorganization work without having conferred with the president of their institution, was decided upon here Monday by the board of higher education.

The board took no action on the recommendation of a committee urging continuation of the school of journalism at University of Oregon. This committee included Paul R. Kelly, editor of the Oregonian; Harris Ellsworth, editor of the Roseburg News-Review; Ralph Cronise, editor of the Albany Democrat-Herald; and Ben Luffin, editor of The Dalles Chronicle. The group submitted a plan for "re-establishment and preservation" of the journalism school on behalf of the Oregon State Editorial association.

Mr. Kelly said the school of journalism costs \$21,882 annually and that \$12,178 is obtained from student fees, leaving \$9,694 to be paid out of tax funds. Under the new plan, he said, only \$5,199 would have to be paid from tax funds.

BUTTER AND EGGS IN STEADY TRADE

PORTLAND, Ore., April 19.—(AP)—There was practically no change in the butter trade trend for the day. Late session of the produce exchange reflected steadiness in all lines with the recent lead of extra maintained.

Trading in the egg market reflects a generally steady tone locally with no change in the general price list. Demand for current arrivals is sufficient to take care of offerings in that line.

Despite the weakness generally reported for butter, there appears quite a fair call for leghorn weighing 1 1/2 lbs. and better. The real weakness is in lighter stock.

Prune Situation Looks Favorable

PORTLAND, Ore., April 19.—(AP)—Various conditions "which combine to create more than passing optimism" in the prune situation in Oregon are revealed in a survey completed in the trade, the Journal said today. The paper said "current week's prices in Oregon are easily 1/4 to 1/2 cent higher than a week ago."

Oregon Potato Cleanup Rapid

CORVALLIS, April 19.—(AP)—A survey of the Oregon potato deal indicates a rapid cleanup in potato stocks, according to the Oregon State college extension service and the federal department of agricultural economics.

NEW YORK, April 19.—(AP)—Scattered selling kept the stock market on the down grade again today. While losses in the main body of shares were small, there were several net declines of 1 to 4 points at the finish, carrying some leaders into new low ground. The closing tone was heavy, sales approximated a million shares.

WARN WORKMEN AGAINST FLOCKING TO ROSEBURG JOB

ROSEBURG, Ore., April 19.—(AP)—Prospect of starting construction this week on the \$2,300,000 Pacific Northwest National Soldiers' home here, has brought throngs of unemployed men to this city.

Expecting work to start today, men on foot and in automobiles lined up for several blocks at the reservation early this morning, and the streets were thronged during the day by men seeking work. Many of them had come from out of the state in the hope of finding jobs on the government project.

H. Goldsworthy, vice-president of the Murch Brothers Construction company, which has the contract for the first unit of the hospital, reached Roseburg Sunday. He said ground will be broken about the middle of the week.

It is expected the first unit, for which \$1,200,000 has been appropriated, will be completed by January 1. Goldsworthy issued a statement this morning saying it is useless for laborers to come to Roseburg in hope of obtaining work, since excavation and concrete work will occupy several weeks and will supply work for only a limited number of men. Local laborers are being given preference and a list of applicants registered through the chamber of commerce will supply all the men needed. About 200 men will be employed when work is at its peak, Goldsworthy said.

Central Pt. Grange Competitive Play on Friday Program

"The Teeth of the Gift Horse" is the title of the competitive play to be presented Friday night by the

Central Point Grange at the Grange hall.

Other additions to the program, which will compose a complete evening of entertainment, are also planned.

The cast for the competitive play, which is being directed by Mrs. Bertha Bursell, includes Miss Eula Benson, Mrs. J. Sanford Richardson, Mrs. John Bohner, Mrs. C. E. Smith, Johnny Blackford and William Foley.

WOULD UNCOVER DUMMY TRADERS IN 'BEAR' PROBE

WASHINGTON, April 19.—(AP)—In the belief that many of the names in the list of 24,000 short sales presented for the stock market inquiry represent "dummy" for important principals, some of the senate's banking committee members today advocated uncovering the real traders.

The committee held its inquiry in abeyance until Thursday, to give William A. Gray of Philadelphia, its new counsel, time to go through the tremendous list of transactions. Administration senators, among them the Republican leader, Watson of Indiana, reiterated their determination to go to the bottom of the subject and determine what influences have been depressing the market.

The list of short traders' names was guarded from publication but senators who have seen it said the great majority were unknown, leading to the belief expressed by some that in the larger transactions either fictitious names or those of agents for big operators had been used. One senator said he would propose that the committee pick out a few of the more important transactions and send investigators into brokerage offices to find out who was behind them.

Many new angles of the investigation were being presented to members of the committee, and Senator Steiwer (R., Ore.) said he would ask for an inquiry by publication by a certain magazine recently of the names was suddenly stopped, after the magazine had announced that more would be given.

PRICE ON HUMANS DEPENDS ON AGE IN CHINESE MART

PEIPING, April 19.—(AP)—The league of nations inquiry commission prepared today to leave for Mukden, Manchuria, tonight to continue its investigations there.

The party will be divided. General McCoy, American member, and the others, except Lord Lytton, the chairman, will travel on a specially chartered train.

The commission was told today that 6,000,000 Chinese flood sufferers in the Hei river valley are existing chiefly on grass and bark of trees and that some of them are being sold in a human market.

Relief workers reported, according to Shao Peter Chuan, superintendent of the flood relief commission in the area, that the sale price of humans is one dollar in Chinese money, or about 20 cents, for each year of the person's age.

NEW DISCOVERIES CONFIRM VIRTUES OF BRAN IN DIET

Supplies "Bulk" and Vitamin B for Constipation; Also Iron for Blood

For ten years, now, millions have found Kellogg's All-Bran a safe, pleasant way to overcome common constipation—with the headaches, loss of appetite and energy that so often result from this condition.

Recent laboratory tests show that ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to help tone the intestinal tract. In addition, ALL-BRAN contains twice as much blood-building iron, by weight, as beef liver.

This "bulk" in ALL-BRAN is much like the "bulk" in lettuce. Inside the body, it absorbs moisture and forms a soft mass, which gently cleans the intestines of wastes.

Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming.

Think how much better it is to enjoy this delicious cereal than to take endless pills and drugs, which often lead to harmful habits.

Two tablespoons daily—in serious cases with every meal—are usually sufficient. If your intestinal trouble is not relieved this way, see your doctor.

Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.
