

### VOTER REGISTRY NEAR 18,000 AS BOOKS ARE SHUT

Registration books for the primary election May 20 closed yesterday and, according to County Clerk Delilah Stevens Meyer, "close to 18,000 names are on the poll books. Final figures will not be available for a couple of days, as the registration cards for the Gold Hill and Ashland districts have not been received. A steady stream of voters checked to the clerk's office yesterday. It is estimated there are from 1500 and 2000 new voters registered.

A feature of the final day was a number of voters who had registered Democratic reversed their political faiths at the eleventh hour.

Bids for the printing of the regular and sample ballots for the primary were opened this morning by the county clerk, and the bid awarded to the Mail Tribune job printing department as the lowest bidder. Thirty-four thousand sample and Republican and Democratic ballots will be printed. The exact number will be determined when a complete check of the registered voters has been finished. The law provides a regular ballot and a sample ballot for each voter registered, whether or not he votes. A special ballot, separate from the main ballot, will be printed for the nomination of supreme court judges, on a non-partisan ticket. The sheriff's office is now selecting voting places for the precincts of the county. For the most part they will be the same as at the last election but a few changes will be necessary.

### BENNETT SEEKING AN EARLY PAROLE

An amended commitment to state prison was filed in circuit court here yesterday for Franklin Bennett, local logger, sentenced to three years last July upon conviction of a statutory offense involving a 15-year-old girl. The new commitment sets forth that the prison term of Bennett starts from March 21 last. The original commitment had no date. Bennett was arrested March 11 last, and his case was postponed until April and his trial held last July.

It is expected that Bennett will make early application for parole, for which he is now eligible. Bennett's trial and conviction was the climax of a "joy ride" to the Ruch district, participated in by Bennett and another married man and two girls of minor age. Moonshine figured in the testimony.

### CHERRY AND PEAR DAMAGE UNKNOWN

PORTLAND, Ore., April 20.—(AP)—Weather conditions throughout the fruit producing sections of Oregon are being eyed with close attention by growers and produce interests. Some apprehension was caused among cherry and pear growers in some sections by the recent heavy rains but they were unable to say whether more than passing damage had been inflicted. The peach crop is said to be safe insofar as blooming is concerned. Fruit blooming has been on for some time and conditions are said to be fairly favorable in general, but clearing weather is necessary.

### STATE POLICE SWELL GAME LAW ARRESTS

SALEM, Ore., April 20.—(AP)—The state police organization, in the first six months of its operation, made as many arrests and collected almost \$10,000 more in fines in game and fish law enforcement than the former organization did over a year's time in 1930 and also in 1929. This was disclosed today following a survey of periodic reports issued by both the police department and the game and fish commission.

### CHICKEN EATING AT HIGH LEVEL

PORTLAND, Ore., April 20.—(AP)—Consumption of chickens is reported the greatest within the history of the industry. This is the direct result of the extremely low price list ruling for light weight hens and broilers. Both are practically quoted at the lowest price in the history of the local trade since chickens were sold by the pound instead of by the dozen.  
With a 9 cent market generally established for light weight hens and 12 cents for light weight broilers, the extreme low values have attracted attention of consumers.
