

NAUMES AND PAL COMPLETE JAUNT IN MIDWEST AREA

Enthusiastic over his vagabond jaunt by Ford with John Boyd of Hood River, Robert "Nookes" Naumes has returned to Medford from Chicago and points with reports of interesting experiences.

Home and food looked good to the two youths when they reached Medford, for their science of monetary affairs went slightly off the standard en route here, allowing only 45 cents for their meals from Wichita, Kansas, to Medford.

Spinning along homeward from the big cities, young Boyd went to sleep at the wheel, so his position as chief pilot was taken over by Nookes who was soon sleeping peacefully.

A crash into a barbed wire fence was the signal for sudden awakening and the demands of the farmer that they pay \$4 for repairs to the fence kept them awake—and hungry—for some time following.

Their out-of-state auto license was given as reason for the food money not being extinguished earlier in the tour. The Oregonians were arrested in Chicago for speeding down a boulevard, but were excused "because they were not familiar with the city regulations."

The boys spent about two weeks in Chicago, where they visited Robert's brother, Edward. In St. Louis they attended a big league ball game between the Cardinals and the Pittsburgh Pirates, and also saw a number of hockey matches in Chicago.

The southern route was taken by Boyd and Naumes when they left here the middle of January, touring through Arizona and New Mexico. The homeward journey took them through Pueblo, Colo., Salt Lake City and Reno.

From here, Boyd continued to his home at Hood River.

Phoenix Grangers Meet and Mingle With Candidates

PHOENIX, April 22.—(Sp.)—The candidate party given at the Grange Hall Wednesday was attended by a capacity crowd.

A short program in the fore part of the evening included a reading by Mary Wilcox, selections by the "Kazoo" band, duet, by Misses Joan Rancourt and Verna Loffer, solos by Mrs. V. N. Bohman, accompanied by Mrs. Raymond Purry; violin solos by Vaughn Quackenbush, with Mrs. Raymond Purry accompanying.

At the close of the program the candidates for county offices were called to the platform, and each one introduced and given an opportunity to give their campaign slogan. Forty-eight candidates were present.

After all candidates were introduced to the audience the meeting was turned over to them for a time to give them a chance to circulate through the crowd, become acquainted with the people, and distribute their cards.

The floor was cleared later and dancing enjoyed for the balance of the evening. The Home Economics committee served refreshments.

The Phoenix Grange appreciates the splendid manner in which the candidates co-operated in making this meeting a success.

Phoenix Grange will give another dance Saturday night.

FOREST INSPECTORS EYE PROGRESS HERE

Horace J. Andrews and Donald M. Matthews, inspectors of the forest survey branch of the United States forest service Pacific northwest experiment station near Portland, are in Medford today on business at the Grater National Forest headquarters.

Their visit at this time is for the purpose of inspecting the progress of the survey of timber resources of Jackson county, of which W. J. Sproat of the Grater forest staff, is in charge.

Britain To Impose Heavy Import Tax

LONDON, April 22.—(AP)—A total duty of 20 per cent will be imposed on nearly all manufactured goods imported into Great Britain after midnight April 23.

YOUTHFUL KILLER WILL FACE TRIAL ON ADULT BASIS

BAKER, Ore., April 22.—(AP) Only 14 years old, Clarence Woolery, alleged killer, will face the courts of Oregon as an adult.

Judge Charles E. Baird of the Baker juvenile court ruled today that the case of young Woolery, charged with slaying his foster-mother, Mrs. Frank Garlock, be transferred to the circuit court. Judge Baird had deliberated the case since the boy's hearing Tuesday.

Mrs. Garlock was shot to death as she sat at the dinner table last Wednesday night. Her husband was in Baker at the time. Young Woolery, who had lived with the family five years, was captured the next day and police said he confessed killing the woman because she had reprimanded him for laxity in farm work.

Only in case of conviction on the first degree murder count with which he is charged, could the boy be sentenced to hang, and then only in case the trial jury refused to make a recommendation for life imprisonment.

Williams Grange Host To Illinois Valley Neighbors

WILLIAMS CREEK, April 22.—(Sp.)—Williams Grange met Saturday with officers of the Illinois valley Grange taking the chairs and conducting the meeting. The men furnished the supper and the lecture hour entertainment. A large crowd was present, including visiting members from other Granges. There were also present several candidates for both county and state offices.

Thursday evening, officers of the Williams Grange met with the Illinois Grange and conducted their meeting. Those from the Williams Grange were Mr. and Mrs. George Fields and daughter, Iola. Mr. and Mrs. S. V. Hartman, Mr. and Mrs. H. J. Sorrels, Mr. and Mrs. C. L. Davidson, Mr. and Mrs. Emil Vahrenwald, Mrs. A. O. Edwards, Mrs. Vin- cel and daughter, Sylvia, Earl Cougle and A. B. Cougle, all going in one truck. A very enjoyable time was reported.

PRISON WARDEN WILL SURVEY DINING HALLS

SALEM, April 22.—(AP)—James Lewis, superintendent and warden at the state penitentiary, expects to leave Monday for an inspection of dining rooms in state penitentiaries in Washington and California. The board of control authorized the inspection tour preparatory to the state's construction of new dining quarters at the institution here.

HERE'S WHY HILLS BROS BANISHED "BATCH-AND-BULK" METHODS OF ROASTING COFFEE . . .

Unavoidable flavor variations in bulk roasting led Hills Bros to invent Controlled Roasting

Patented process roasts "a little at a time" . . . produces same exquisite flavor in every pound

Imagine roasting several hundred pounds of coffee at a time, and roasting every berry alike. And imagine duplicating the roast in each batch. It can't be done! Every batch usually varies — and so does the flavor.

Hills Bros. replaced that ordinary method with their own invention and patent — Controlled Roasting. Hills Bros. Coffee flows through the roasters evenly, continuously . . . a little at a time.

Variation is unheard of! Each berry is done to a perfect degree. Every time you make Hills Bros. Coffee, you know what flavor

to expect . . . the smoothest, richest flavor of the rare coffees!

Hills Bros. Coffee is packed in vacuum cans, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness — the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can — it will not make poor coffee good, but it will keep good coffee fresh.

'RED HOT' DOLLAR TRAVELS FAST

Here's one check for \$1 that's not being hoarded. It is the contribution of the Lions club of Wenatchee, Wash., to the national anti-hoarding campaign. It was made out to Gov. John A. Gelliaty (left), of Washington state, then sent out by messenger with instructions to all receivers to "spend at once."

BYLLESBY HEAD TAKEN BY DEATH

Halford Erickson, vice president in charge of operations, Byllesby Engineering and Management Corporation died April 7, at his home in Oak Park, Illinois.

Mr. Erickson was born July 7, 1884, in Sweden, where he received his early education. He came to the United States in 1884 and attended the University in Minneapolis, supplementing a technical education in the Swedish Military Academy and a liberal general education with special studies in law, economics and engineering, including finance, statistics and similar lines.

Mr. Erickson joined the Byllesby organization in 1918, as vice president of Louisville Gas and Electric company. He served in that capacity for five years. In January, 1923, he was elected a vice president and director of Byllesby Engineering and Management Corporation, in charge of operation of all subsidiary utility properties of Standard Gas and Electric company.

In addition to being vice president of Byllesby Engineering and Management Corporation, Mr. Erickson was vice president, director and member of the executive committee of a number of subsidiary companies in the Standard Gas and Electric company system, as well as of Standard Gas and Electric company, and H. M. Byllesby and company.

ASHLAND REDUCES FACULTY AND PAY

The 1932-33 school year teaching staff for the Ashland public schools was employed last Tuesday night by the school board—43 being employed in teaching, administrative and business departments of the educational system for the coming year.

The teaching staff was reduced by two, and the home economics staff at the junior-senior high schools was reduced from three to two members.

Salaries of Ashland teachers were cut 7 1/2 per cent several months ago. The salary schedule was, however, continued and teachers who regularly would have received an increase will have the 7 1/2 per cent cut made on this schedule increased wage, which will mean the lower bracket salaries will be but little reduced, says the Ashland Tidings.

DUNGENESS CHABS, fresh daily from Seattle, finest obtainable, at the Ivy St. Fish Market. Fancy fresh King Salmon, Halibut, Red Snapper, Cod and Ocean Catfish. The best at lowest prices.

CULINARY CRAFT . . .

By Estella Dorgan, Director of Home Service, California Oregon Power Co.

Without a doubt, pie has been chosen as the favorite dessert of masculine America, or perhaps we should limit that to our United States. Lemon and apple pies run a close race for first place with the crowd, but each individual has a favorite which he likes especially, and we find the same pies on the list day after day in a way that grows monotonous, at least to one who enjoys an occasional variation. The pies suggested today use the same foundation materials but vary the flavor and combination somewhat and so add interest, which is particularly desirable in foods offered in this early spring season.

Maid-O-the-Mist Pie. (Lemon.) 12 Graham crackers 1-3 cup butter 1 T. sugar. Roll off crumblers fine and mix with softened butter and sugar. Butter piepan and press mixture firmly with fingers against bottom and sides.

3 egg yolks 2-3 cup sugar 1 lemon 1/4 t. salt 3 egg whites. Beat egg yolks and combine with one-half the sugar. Add juice of lemon and grated rind and salt. Stir over hot water until thick. Add stiffly beaten egg whites to which the remaining half of sugar has been added, folding into the lemon custard. Turn into the crumb-lined pan and bake 25 minutes at 300 degrees.

Grapefruit Pie. 1 cup grapefruit juice 1/4 cup orange juice 1 T. lemon juice 1 cup sugar 1/4 t. salt 1/2 cup cold water 3 T. cornstarch 2 egg yolks 1 T. butter 1 t. grated grapefruit rind 2 egg whites.

Beat fruit juices, with sugar and salt, in a double boiler. Mix cold water and cornstarch then pour hot juice mixture over the cornstarch and return all to the double boiler, stirring until thickened, then continue cooking 10 minutes. Add beaten yolks carefully then butter and cook one minute. Remove from range and stir in the grated grapefruit rind. Pour into a baked pie crust (or one made of cracker crumbs and butter) and cover with a meringue made of the egg whites and 4 tablespoons of sugar. Bake in slow oven (300 degrees) 20 minutes.

Orange Crumb Pie. 1/4 c. melted butter 2 cups of toast or cracker crumbs (graham crackers preferred).

1/2 c. sugar 1/2 c. cinnamon. Mix well and press two-thirds of mixture into bottom and against the sides of a pie tin. Bake 10 minutes in a slow oven (300 degrees).

Filling. 2 egg yolks, well beaten 1/4 cup flour 2-3 cup sugar 1/4 t. salt. Mix well and add 1 1/2 cups milk 1 cup orange juice 1 t. grated orange rind. Cook in double boiler 15 minutes, stirring frequently. Cool and pour into pie shell then cover with meringue made of the 2 egg whites, beaten stiff with 2 T. sugar. Sprinkle remaining crumbs over meringue and bake 20 minutes at 300 degrees.

3 CHILDREN DROWNED BY DERANGED MOTHER. GRAND RAPIDS, Mich., April 22.—(AP)—Mrs. Etta Butts, 39, wife of Carl Butts, who lives southwest of here, early today drowned three of her four children in a cistern and then attempted to take her own life.

Mrs. Butts was found by her husband and son Jack, 19, in the cistern, and was rescued. Her condition was said to be serious. Authorities said she apparently was mentally deranged.
