BONUS PAYMENT WOULD DESTROY HOPE OF NATION

"To destroy our hopes of a balanced budget and to deal a smashing blow to national confidence, is to me simply inconceivable. ROOSEVELT RACE FOR NOMINATION SUFFERS SETBACK

(Continued from Page One) I. Walsh and Marcus A. Coolidge, defeated the Roosevelt slate led by Mayor James O. Curley by a vote of nearly three to one. Hoover Unopposed President Hoover received 33 of the 34 votes which Massachusetts will have in the Republican convention. The one Republican not pledged to Hoover is William F. Whiting of Holyoke, intimate friend of Calvin Coolidge and successor to Hoover as secretary of commerce in the Coolidge cabinet. He refused to be pledged. The only contest in which prohibition was involved was won by a pair of anti-prohibitionist Republican candidates pledged to President Hoover in the ninth district over two prohibition candidates also pledged to the president. The defeat came as a severe blow to the Roosevelt adherents. Mayor Curley and James Roosevelt, son of Gov. Roosevelt and also a candidate for delegate at large, had hoped to get at least a few places on the at-large ticket and several district delegates.

BERRY GROWERS PLAN ENFORCING CANNERY PLEDGE

PORTLAND, April 27.—(AP)—Information that fruit growers of Oregon are attempting to band together to hold canners and packers to present contracts, has been sent over the state, the Journal said today.

The article remarks that in past years some packers have broken their agreements either directly or indirectly, so that contracts written at higher prices a year or so before the producing season avail the producer nothing.

The paper said some buyers and contractors of strawberries, raspberries and loganberries in Oregon this year are advising growers they may as well tear up their contracts because they are not worth the paper they are written on.

This article said that many growers this year not only will insist upon acceptance of contracted berries but will demand state inspection on rejected stock.

EMERGENCY ROAD WORK TO CEASE AS FUNDS VANISH

Effective April 30 next, all county emergency relief road work will be discontinued for an indefinite period, by virtue of an order issued yesterday by the county court. Between 50 and 70 heads of families will be affected weekly by the order. Depletion of county funds for road work was given as the reason.

According to Victor Tengwald, secretary of the county court, the work has been continued for a month longer than last year, when the program was ended March 30. Jackson county at the present time is receiving no money from the state highway commission or the federal government, and has no road projects scheduled for the coming spring and summer.

The county court this morning journeyed to the Butte Falls and other districts of the county, to inspect roads, where residents have asked that improvements be made. Any road work launched will have to be done by special road district levy. The county is only performing maintenance work. Some of the country roads have been badly rutted by recent rains and heavy traffic.
