

### HOTEL ALLEN IN NEW DRESS WILL OPEN SATURDAY

The Hotel Allen, formerly the Nash hotel, will open Saturday with completely remodeled lobby and rooms and added facilities to accommodate the traveling public, according to an announcement made today by E. T. Allen, veteran hotel man and also owner of the Hotel Ashland. A colorful Neon sign will direct tourists to this newly renovated hostelry, which occupies a central location in Medford's business district at the corner of Main and Front streets.

For the past two months a corps of workmen has been engaged in re-papering all of the rooms in the Hotel Allen, laying new linoleum on floors and hallways, installing new electric fixtures and improved telephone service equipment and completely changing the lobby which faces on Main street. Comfortable beds will be used in all rooms and spring-filled mattresses used throughout, according to Mr. Allen. The third floor has all outside rooms because of the central court, assuring ample light in top-story rooms. All rooms will be equipped with telephones and many will have attached baths.

The lobby of the Hotel Allen is light and comfortable with smart new linoleum floor coverings, new upholstered furniture and improved lighting facilities. From the top of the remodeled hotel, surrounded by the original gold pan, pick and shovel used by old Captain Nash in the early southern Oregon days, to the main floor, the Hotel Allen is epic and span with new paint and paper. Ralph Kirk, experienced hotel man, will manage the hotel.

### Observe Oak Circle Birthdays In Phoenix With Special Meet

PHOENIX, Ore., April 29.—(Sp.)—Oak Circle celebrated its 35th birthday Wednesday. A short program was enjoyed in which members of the Juvenile Circle participated.

Mrs. Maude Wood and Dorothy Loffer entertained with piano solos. Mrs. Lula Hamlin entertained with violin selections and Mesdames Mildred Ward and Florence Drake gave vocal duet selections. Special recognition was given the four charter members of this circle, Mrs. Jamma Rose, Mrs. Leta Purry, Mrs. Mary Carey and Mrs. Mary Hamlin, all of whom were present with exception of the latter. Mrs. Mary Carey told of the organization of the first Circle in Phoenix.

A gift of a beautiful box of handkerchiefs was given to each of the four charter members. Mrs. Pickle, a member of the Medford Circle was present.

Next meeting of the circle to be held on the second Wednesday night in May, the circle will entertain friends of the Medford and Ashland lodges and husbands of the members of the lodge.

### New York Caddies See Little Change In Pay Schedules

NEW YORK—(AP)—World-wide economic conditions have little effect on caddies at golf courses in the metropolitan area.

A survey of 18 clubs of the Metropolitan Golf association reveals that at only four will cuts be made. At each of the four, high rates prevailed than the generally accepted fee of \$1 for 18 holes.

Two clubs announced that they were coming down from \$1.25 to the standard, while one plans to slice a quarter from a former fee of \$1.50. The highest rate of pay in the district will be \$1.25 for an 18-hole round.

### HUNDRED ELKS AT POLITICAL COURT

Over one hundred members of the Elks lodge attended the salmon bake and meeting at which Elks who are candidates for public office were honor guests. The gathering was held last evening in the local temple, with the dinner being prepared by P. C. Bigham.

Gus Newbury acted as master of ceremonies, and practically all of the candidates for the Elks' rank were in the session. The politicians enjoyed the fun poked at them as much as the other Elks, according to the reports.

### In Mystery Shooting

The shooting of John M. Picco (above), wealthy manufacturer and Italian consular agent at Springfield, Ill., left police without any tangible clues to his mysterious death at the hands of three shotgun assassins.

### HOOVER ECONOMY POWERS FAVORED

WASHINGTON, April 29.—(AP)—The house today agreed to give the President authority to reorganize government agencies in the interest of economy with his changes subject to congressional approval.

As the bill stands, it would let the President consolidate and disband agencies and bureaus within departments. He could not, however, change any agency created by law without first referring the question to congress.

For all other intra-departmental agencies, the President may issue orders for consolidations.

### Marathon Typist Gets Huge Total In 8-Hour Shift

BONNERS FERRY, Idaho.—(AP)—Richard Myers can type 48,282 words in eight hours, counting errors, which is more than 100 words a minute. He made 106 errors, which, after deducting the customary 10 words for each one from his gross total, gave him a net score of 46,722 words, or 97.3 words a minute.

He staged the marathon in two four hour shifts, taking an hour off for lunch. Myers attempted the feat after his employer warned that no typist could pound out an average of 80 words a minute for eight hours.

### Card of Thanks

We wish to express our sincere appreciation to our many friends for their acts of kindness and sympathy extended to us during our recent bereavement; also for the beautiful floral offerings.

R. E. O'Brien, J. E. O'Brien, J. A. O'Brien, Mrs. Rose Baldwin, Maude O'Brien, Anne O'Brien.

Special Communication of Medford Lodge No. 103, A. F. & A. M., Friday, April 29th, at 7:30 p. m. Work in M. M. degree by Medford special degree team. Refreshments. Visitors invited. By order of L. C. STEWART, L. G. GEO. ALDEN, Secretary.

WIDOW with small child wants position as housekeeper in motherless home. Reference. Box 3679, care Tribune.

### SENATOR LONG IN FIERY OUTBURST AGAINST LEADERS

(Continued from page one)

people in the democratic party in this congress. It may take two or four or six years, but there's got to be another leadership."

"The people know they can't get any redistribution (of wealth) thru the republican party" Long said. "They have no hope of prosperity through victory at the polls of the republican party."

"The only remedy and their only salvation is from the democratic party. And here we have a democratic leadership in the house and senate that is coming out for the sales taxes instead of laying taxes on Baruch, Rockefeller and the like."

Robinson Rouses Ire Long's ire was aroused by an announcement from Robinson today that he would oppose a resolution offered by the Louisiana senator to instruct the finance committee in drafting the tax bill to limit all incomes to \$1,000,000 a year and all inheritances to \$5,000,000 in a life time.

Long became very red in the face as he waved his arms wildly about and shouted at the top of his voice. As usual when he speaks, many of the Louisiana representatives were seated in the rear of the chamber listening to the man who is virtual party dictator in his state.

Senator Robinson sat silently in his seat in the front row as the new Louisiana senator, in shouting voice, assailed his leadership. There was a distinct frown on the democratic pilot's face.

Congress at Fault "We can't sit here and tell the people they can jump out of the frying pan," Long said, "but that they have got to jump into the fire to do it."

With any other kind of philosophy, he said, democracy would be defeated. "Where is the leadership of the people in the democratic or republican party if we are going to allow this (tax) bill to be formed and not attempt to sweat down swollen fortunes," Long said.

"If this government fails, it will owe its fall to congress. With its millions of unemployed and starving, the country owes its condition to this and other congresses."

### Speed To The Speedy

This would seem like carrying coals to Newcastle—giving a bicycle to Stella Walsh, holder of seven American and three world sprint records. She's using the bike in training for the Olympic games.

### HOLD TWO YOUTHS ON CHARGES OF ROBBERY

Glen Hanscom, 19, and Wm. Benford, 18, are being held in the county jail by city and state police, charged with entering the Nalatorium, bowling alleys and taking money. The report, filed last night by Faye Diamond, manager of the alleys, said that \$16 was taken.

Benford, who was arrested last night, admitted entering the building and taking money. He told officers, the latter say, that he had owe its fall to congress. With its millions of unemployed and starving, the country owes its condition to this and other congresses.

### WORK OF HEALTH GROUP SHOWN IN WINDOW DISPLAY

A window display, illustrating the outstanding past accomplishments of the Jackson County Public Health association and the important aims for the year 1932, has been arranged at the Chamber of Commerce building today to announce the opening of the annual membership drive to be carried on here May 1 to 15.

All persons who are members of the community chest will not be solicited in the health association drive. Those who have not contributed will be given this opportunity to aid health work in Jackson county.

The numerous phases of work carried on here are represented in the attractive window, arranged this morning, by Miss Mildred Carlton, president of the association, and Mrs. Lewis Ulrich, secretary.

Expenditures of the past year and budget for this year are revealed in colorful charts. Posters carry a story of the various health activities, ranging from visiting nurse to dental chair. The food value of milk and its necessary place in the health life of the child are emphasized in a demonstration. An obstetrical pack, a copy of those which are sold the doctors at cost by the health association; clothing for tubercular patients; and an X-ray of a tuberculous lung are also displayed in the window.

The X-ray was loaned the association by Dr. E. W. Shockley and shows clearly the vicious spread of the disease through a human lung.

### MAMMOTH TUSKS FOUND ON CREEK

Two mammoth's tusks, part of a jaw bone and teeth have been unearthed in the placer mine on Ed Fountaine's ranch on Footh Creek, according to Mrs. Scott Young of Gold Hill.

The tusks are not in perfect preservation. Mrs. Young said, but crumbled as the bank fell in the process of mining. A large molar, is almost intact, and measures six

inches by three inches, with prongs one and a half inches in length. The tusks measure seven inches in diameter. The teeth were imbedded in deep gravel, she stated, and covered with ten or twelve feet of small gravel and top soil.

### Grain Inspector 89 Years of Age Drives Own Auto

MINNEAPOLIS—(AP)—At 89 Col. R. A. Wilkinson drives his own automobile 20 miles to work every day. He plays chess every noon to relax from duties as grain inspector, and drives home again at evening.

He is a Civil war veteran who 25 years ago was told he had "a year or less" to live. At that time he terminated his association with James J. Hill, the "Empire builder," to whom he had been legal adviser for nearly a quarter century, and, regaining his health in farming, re-entered politics.

Wilkinson says he has no thought of retiring.

### Old Onion Patch Continues Yield Without Seeding

ANDERSON, S. C.—(AP)—An onion patch planted 50 years ago by Newton Parker still is yielding onions for his family after him.

S. M. Bryan, county farm agent here, is authority for the statement that the Parker onion patch has been yielding multiplying onions for 50 years without re-seeding or re-ceding.

The multiplying variety of onion

produces new plants from seeds scattered from year to year. In addition to supplying the Parker family needs, many farmers in the community have been supplied with "sets" from the patch. Mohammed, although enjoying single marriage upon others, had nine wives at the time of his death. The farther inland trout are taken, the darker the fish.

## An Extraordinary Sale Tomorrow

### HATS

A special purchase of 300 new Hats. On sale tomorrow at about One-third their regular value. Buy here and save money.

*"You're Right"*

*Milder*

They're *Milder* and they Taste Better too"

THERE'S SOMETHING DIFFERENT about the flavor of CHESTERFIELDS—something about the blending and cross-blending of fine tobaccos—that gets to you, every time.

THERE'S SOMETHING DIFFERENT about their mildness, too. It is the mildness that comes from the ripest, sweetest, mellowest Turkish and Domestic tobaccos. There is no bitterness in them... no harshness.

THERE'S SOMETHING DIFFERENT about the taste. It is that good, pleasing taste that comes from the right kind of tobacco, cured in the right way—cured for two years or more. It means that to make CHESTERFIELD Cigarettes, millions of dollars are tied up in tobacco leaf—but it's worth it.

THERE'S SOMETHING DIFFERENT about CHESTERFIELDS—THEY'RE MILD AND YET THEY SATISFY!
