

CARDINALS BREAK LOSING STREAK TO DEFEAT CUBS, 7-1

Bottomley Benched and Jimmy Collins Shifted to First—Bill Hallahan Allows But Three Singles

By Herbert W. Barker. (Associated Press Sports Writer.) An altered lineup and a typical pitching performance by Wild Bill Hallahan has given the world champion St. Louis Cardinals their first victory in four games and snapped the Chicago Cubs' winning streak at seven in a row.

Gabby Street, slightly annoyed by an outfit that had succeeded in winning only five games out of its first 15, benched first baseman Jim Bottomley yesterday, shifted Jimmy Collins to that post and inserted Ray Blades into the outfield.

Wild Bill Gets Credit. This lineup stopped the Cubs without trouble, 7 to 1, but the credit perhaps rests chiefly on Hallahan's shoulders. The "wild one" passed 10 men but allowed only three singles. Four double plays stopped the Cubs every time Hallahan's generosity put them in a threatening position. George Watkins led a 12-hit attack on Guy Bush, hitting a home-run, double and single.

The Cubs' defeat automatically sent the idle Boston Braves into first place.

In the only other National league struggle of the day, the Cincinnati Reds came from behind to down Pittsburgh, 7-5, after the Pirates had gained a 5-0 lead.

G. PASS HUMBLER JACKSONVILLE IN SEASON'S OPENER

Grants Pass opened its Valley league baseball schedule with a 5-to-4 victory over Jacksonville Sunday, the invading "Miners" being unable to hit Pitcher Gipe when hits were needed.

A fair sized crowd was on hand to witness the hotly contested game. Mayor George Fox of Grants Pass pitched the first ball with Mayor Hartman of Jacksonville acting as receiver. Ken Williams, former major leaguer, in the batter's box took a swing at the ball but missed and Owen Patton of Medford announced the first strike in his capacity of umpire.

Two birds with one shot was George Porter's record yesterday at the Medford Gun club, when he hit the eleventh bird in the 25-target contest, and at the same time accidentally killed a swallow. This was Porter's first shoot at the club.

Fire Chief Elliott Uses "Fire Chief" Gas

Photograph shows Fire Chief Roy Elliott of the Medford Fire Department getting acquainted with the Texas company's new gasoline—Texaco Fire-Chief. Fire Chief Elliott was very much surprised to discover that Texaco had found it possible to produce a gasoline for general use as powerful as that used in his fire equipment.

Fire Chief Elliott, for he knows that when "wagons" are going to a blaze, it is necessary to have motors that are producing a maximum of power.

When the first shipments of Texaco Fire Chief gasoline arrived here, Fire Chief Elliott was accorded the honor of being the first to fill up his tank. He was escorted to a Fire Chief filled pump by E. C. "Jerry" Jerome, Texaco manager of this territory.

According to R. T. Herndon, vice-

president of the Texas company, this new motor car fuel now available to all motorists was first developed for fire engines.

No oil company had ever attempted to develop this more powerful gasoline for public use until the Texas company tried some experiments in their New York laboratories a few months ago. It had always been maintained that the government specification called for a degree of refining that precluded the possibility of ever producing emergency gasoline for general use

at a nominal price. After considerable laboratory work, the Texas company produced a gasoline that surpasses the U. S. government specifications for distillation range and vapor pressure. Then they perfected a refining process that made it possible to market this more powerful gasoline to the public at the price of ordinary gasoline.

According to the Texas company, Texaco Fire Chief is a vastly superior motor fuel with every quality that makes for finer carburetion and instant power.

EBONY FLIER MAY PROVE SENSATION OF OLYMPICS

By CHARLES DUNKLEY Associated Press Sports Writer

CHICAGO, May 2.—(AP)—Ralph Metcalfe, 21-year-old colored lad from Chicago, promises to be the sprinting sensation of the 1932 Olympic games.

That was a prediction today of John Nicholson, Notre Dame track coach, after watching Metcalfe, the flying ebony of the cinder path, dig his powerful legs into the turf at the Drake relays Saturday to tie the world's record of .08 5 in winning the 100-yard dash with two yards to spare.

"Metcalfe is really good," Nicholson day evening. The contested trophy was presented the club by Chris Gottlieb, member of the organization.

observed. "I look for him to beat all of them. Eddie Tolan, Frank Wyckoff and George Simson have had their day but Metcalfe is just coming. His chances appear excellent to become a sensation in the Olympics at Los Angeles next July."

The Chicago youth, running his first year of collegiate competition for Marquette university, is an amazing sprinter. It used to be that he had trouble in getting off with a terrific burst of speed, but he seems to have overcome that and gets away now like a shot.

He is just 21, 5 feet 11 inches tall, and weighs 180 pounds. He has a marvelous pair of legs with little calves and powerful thighs that drive him over the ground like a scared rabbit.

The topnotch San Francisco Seals split the day's schedule with Sacramento, the Senators winning the first game 5-2 and the Seals taking the second, an 11-inning affair, 6-4. The Seals took the series, four games to three.
