JAPAN DECIDES ON WITHDRAWAL SHANGHAI FORCE

TOKYO, May 12.—(AP)—The Japanese government announced today it had decided to withdraw all the rest of its troops from Shanghai, ending a situation which for four months has threatened the peace of the world.

The announcement was made by a government spokesman at mid-day. He said the cabinet made the decision at a meeting yesterday.

The matter was laid before Emperor Hirohito this afternoon and approved by him, after which the general staff telegraphed orders to General Shirakawa, Japanese army commander at Shanghai, to hold all army forces there in readiness to return to Japan. The spokesman said the movement was expected to be completed within a month.

From then on, the spokesman said, Japan expected the United States and other powers interested in Shanghai to see to it that the terms of the recently signed truce agreement were observed by China.

The troops, once returned, would be held in readiness to return should a "genuine emergency" demand it, he emphasized, but he added that the government in the future would probably be slow to decide that such an emergency existed and would not consider minor infractions of the truce by the Chinese reason for dispatching troops.

ST. LOUIS, May 12.—(P)—The landlady in a rooming house on Washington avenue is worried about that hole in the bathroom wall.

"We put the snakes in the bathtub to bathe them and then went out to lunch," the performers relate. "When we returned they were gone. Where else could they have gone but into that hole?"
