Ideal Location For 1932 Garden Show Announced by Club

Evidence that the Medford Garden club is keeping step with clubs of other cities in following the modern trend in flower display, is found in the recent announcement that this year's show will be held in the boys' gymnasium of the new senior high school on South Oakdale, Thursday and Friday, May 26 and 27.

Removed by several blocks from the main business section, the high school offers an ideal location for the show, one to which guests may drive, in which they may congregate in great numbers, and linger among the blossoms without inconveniencing others.

The gymnasium is well ventilated, provided with front and side entrances, which will be opened to the public, and lots of space for the artistic arrangement of displays.

The Garden club members were rejoicing yesterday over the willingness of the school people to cooperate in making the 1932 showing of Medford flowers a thing of true beauty, unhampered by lack of room and business interferences.

The display possibilities and location of the gymnasium will enable the club to give flower lovers of Medford a garden event in keeping with the precedent established by the many larger clubs of the coast.

Mrs. A. E. Reames, president, and her committees will be busy next week with plans for the much anticipated event.
