

RULES ANNOUNCED FOR 1932 GARDEN SHOW, MAY 26-27

With ambitious and inviting plans for the 1932 flower and garden show progressing rapidly this week, under leadership of the Medford Garden club, the classification list and general rules governing exhibits to be entered have been completed.

The classification list and rules, submitted to all flower fanciers, follow. All exhibits must positively be in place by 10:30 a. m. on May 26th, the first day of the show.

Exhibitors may not disturb or remove exhibits without permission of staging committee. In classes covering artistic arrangement, exhibitors will furnish their own containers and arrange their own exhibits.

Exhibitors must state to what class each entry belongs, but the staging committee has full power to change incorrect classification. Unless otherwise stated, all exhibits must be by amateur growers.

Where a certain number of roses, iris or peonies is designated, there must be neither more nor less than that number entered. Ribbons on baskets disqualify exhibits.

All roses should be correctly named, as otherwise the exhibit may be disqualified, at the discretion of the judges. Exhibits cannot be removed before 8:30 a. m. on May 28. Flowers to be returned to exhibitor when desired, otherwise they will be distributed to those calling for them at that time.

NURSE DECLARES POISON MISTAKE

SALEM, Ore., May 19.—(AP)—Mrs. Mina Polz, nurse, was held for grand jury investigation here today, on charges of administering poison to Mrs. J. J. Donaldson, while the latter was ill at her home in Woodburn.

Mrs. Polz alleged that her arrest was a frameup, and was due to jealousy on the part of Mrs. Donaldson. Mrs. Polz was arrested in California. The defendant admitted that she gave Mrs. Donaldson a small amount of antiseptic, but declared that it

was a mistake and that she immediately administered antidotes and saved her life. Helman Baths, A.H.—Swim and tub. Try Lydia E. Pinkham's Vegetable Compound

DO YOU INHALE?

...wonder why cigarette advertising generally avoids this question?

ONE of the mysteries in cigarette advertising has been the apparent fear of the word "inhale." It seems rather foolish—for everybody inhales—whether they realize it or not... every smoker breathes in some part of the smoke he or she draws out of a cigarette. Think, then, how important it is to be certain that your cigarette smoke is pure and clean—to be sure that you don't inhale certain impurities. Do you inhale? Lucky Strike has dared to raise this vital question... because when you smoke Luckies your delicate membranes get the protection no other cigarette affords. All other methods have been made old-fashioned by Luckies' famous purifying process. Luckies created that process. Only Luckies have it! Do you inhale? Of course you do! So truly this message is for you. "It's toasted" Your Throat Protection—against irritation—against cough
