PAPER SAYS FEHL WARPED IN IDEAS ON SOCIAL ORDER

(Continued from Page One)

which inspires his writings and incidentally his actions—in the April 2nd, 1931, issue of his publication, the same issue in which he commented on the Prescott murder, further exhibits his "mental attitude" in the following paragraph from his account of the acquittal verdict in the much publicized Bowles - Loukes case:

"Bowles and Miss Loucks did just what millions are doing today. THE FAULT LIES NOT WITH THE MAN BUT WITH THE WOMAN IN THE HOME. Bowles was a good provider; no doubt he would have appreciated a HOME. He furnished his wife with a mansion—she drove him from it and he took refuge among friends. His friends were his associates and Miss Loucks shared with him her home. Is this any crime? If so, who among you have not sinned?—" (Blackface type added by us for emphasis).

Now this is undoubtedly interesting from a risque standpoint, but we consider this mental attitude destructive and improper and scarcely the type of thinking which would become a man representing Jackson county and holding one of the most important offices of public trust.

Read this paragraph which we quote here and then consider the fact that the county judge also serves as juvenile judge and in this capacity must pass judgment on the young people of the county who transgress the rules of society. Is there not genuine danger lurking in this type of thinking which strikes at the basic foundation of our civilization—the home.

We bring these facts relative to Mr. Fehl's mental attitude to the attention of our readers in order that they may be fully acquainted with the real danger which would exist should Mr. Fehl win this nomination. Now is the time to eliminate him from further political consideration.

Lamkin Pledges Efficient Effort As County Judge

If nominated at the primary election, and if I am elected at the general election, I pledge myself to serve ALL the people to the best of my ability. I was appointed County Judge through no solicitation on my part, and stand for retrenchment and strict attention to business.

While I was a member of the board of directors of the Talent Irrigation District, some time ago, the district taxes were reduced from $12.33 to $6.00 per acre. I am a farmer, and was mayor of Ashland for three successive terms, having also served as police judge of Ashland. I have devoted a great part of my life to public affairs, and was for a time a member of the Iowa Legislature; also having served five years on the Board of Supervisors.

I have also served as Justice of the Peace and Assessor, and pledge myself to give my entire attention to the best interests of all the people, and earnestly solicit your support at the primaries.

Respectfully submitted,
C. B. LAMKIN, County Judge.
Republican Candidate for County Judge.

GARNER SUGGESTS PLANS FOR RELIEF, INCLUDING BONDS

WASHINGTON, May 19.—(AP)—Speaker Garner today in a formal statement made three suggestions to relieve the economic situation in the country and said he hoped the administration would cooperate with congress in enacting them into legislation.

His program called for the issuance of one billion dollars in bonds for a government building program, broadening the base of the reconstruction finance corporation to add one billion dollars to its present two billion dollar capital and passage of the Huddleston bill to place $100,000,000 in the hands of President Hoover to be used in relieving "extreme suffering in any section of the country."

Garner said he was "unalterably opposed to the dole, but it must be apparant that before congress adjourns some real effort must be made toward taking care of the unemployment situation as well as the people who are in physical distress as a result of lack of food and raiment."

Chas. P. Talent, candidate for Sheriff, will speak over KMED tonight at 7:45, and answer some important questions brought before him during the campaign.

Real Tire Values

GET THE MOST

MILEAGE

For Your TIRE DOLLARS

The new year is here and with it comes the opportunity to purchase fully guaranteed Fisk Air-Flight Principle Tires at prices that are the greatest values ever offered in Medford. These amazingly low prices are made possible because of our mode of purchase, and because of our desire, as independent dealers, to offer our community patrons the best in service and values possible.

There Are No Strings Tied to These Values. Every Tire and Price Just as Advertised. Every Tire and Tube Is Strictly High Quality in Every Respect. NO SECONDS, BLEMISHED OR BRANDED STOCK!

We are sure that car owners in each community will appreciate the real values offered. Come in and get acquainted.

Our 1932 Plan on Tire Prices

The manufacturing cost of the various brands of Quality tires is very much the same.

To give you better Tire Values and better prices, a saving had to be made somewhere in the manufacturer's cost of putting tires on the Independent Merchant's Shelves.

To accomplish this we added the buying power of a number of Southern Oregon dealers to that of our own and found that in making a direct factory contact, buying in quantity shipments for our combined requirements, costing the factory only ONE BILLING, SHIPPING, ADVERTISING, SELLING, and COLLECTION CHARGE for this entire territory, we could make a material saving in price.

You can share in this saving as shown in the following prices and equip your car with Fisk Air Flight principle tires at the same price asked for Mail Order tires or other leading manufacturers' secondary line tires.
