PURCHASE CLAUSE DELAYS ADOPTION COPCO FRANCHISE

reading of the ordinance by City Attorney Frank Farrell. Answering his question, A. E. Reames, attorney for the power company, stated that inclusion of the original clause would make issue of bonds almost impossible. At the time it was included in the franchise, he pointed out, industrial conditions were much different than today.

Understanding Needed. Mr. Pipes, continuing his questioning, insisted upon a thorough understanding of all provisions of the ordinance before it is granted, stressing the need for citizens to weigh as carefully as the power company representatives have the elements of the ordinance.

J. C. Thompson of the power company, in answer, said the company is offering the same terms, outlined 15 years ago and that failure to grant the franchise at this time would make extensions dependent upon major financing impossible.

Speaking in behalf of the power company and other corporation, Dr. J. F. Reddy, who was mayor of Medford when the original franchise was granted, stated that the company at that time was unable to get the city and that city had since driven out many worthy projects through failure to give corporations a fair deal.

Councilmen voting for passage of the ordinance were: W. W. Allen, C. C. Furnas, C. A. Meker and George Porter. J. O. Grey voted the negative vote and Councilmen P. M. Kerzhaw, Dade Terrett and C. C. Darby were absent.
