

### BONUS INTEREST WOULD BE CUT

WASHINGTON, May 27. — (AP) — Representative Buchanan (R., N. J.) has been directed by the house ways and means committee to draft a bill fixing the interest charge on veterans adjusted compensation loans at four per cent.

The bill will be designed to lower the present government interest rate one-half per cent and prevent charges on loans to veterans which now run as high as six per cent.

Under present law, when banks making bonus loans transfer them to the veterans administration the interest charged by the banks is continued in force, although in many cases it is higher than the present veterans administration loan rate of 4 1/2 per cent.
