

BUTTER INCREASE SHOWN IN REGION ABOUT PORTLAND

PORTLAND, May 27.—(AP)—Greatly increased make of butter is shown in the territory tributary to Portland and increasing supplies are reaching the local market. Local churning is also inclined to show a very liberal increase despite previous ideas that the flush had been reached.

There was no further change in the price of butter for the day although it was apparent that the latest advance in the market was a trifle out of line with supply and demand.

Butterfat values are considered steady.

There continues a lack of general price change in the market for eggs here with receipts still of very liberal volume. Underselling by unattached producers is the chief bearing influence which keeps Portland prices below other coast points.

Demand for live chickens is being taken care of by rather fair volume of late offerings here. All sorts are in liberal supply and especially the colored stock which is moving more slowly.

Strawberry prices are generally being held here with the absence of California. Local receipts are increasing but not in volume to take care of the demand without the southern product. Most sales of top quality, \$2.25 crate.

RECORD CROWDS VIEW BEAUTIFUL FLOWER DISPLAY

Illustrating again that as sure as the hyacinth emerges, delicate and fragrant each year from the muddy soils of spring, so will renewed interest in art and beauty be born of a period of dark and dejection—record crowds are flocking to the high school gymnasium today to view the annual show of the Medford Garden club, directed by Mrs. A. E. Reames, president, and her able staff of committees.

A show in which flowers, doubling in entry totals the highest records of past years, convey in their abundance and exquisite assurance that though all the world go wrong, Mother Nature will continue right, sending forth in times of stress, blossoms more beautiful than ever before.

In the list of visitors are flower lovers from all sections of the valley, many of whom are also exhibitors. The show will remain open until 9:00 o'clock tonight, to give all an opportunity to enjoy the fine plants, grown in southern Oregon soil, and the charming arrangements developed by southern Oregonians, who have encouraged them from bulbs to blossoms.

The universality of interest here in flowers and their arrangement is evidenced in the exhibits, which have been entered by folk, ranging from primary standing to the veteran fancier. From all sections the flowers have been transported and among the loveliest are those entered by the local Japanese colony, participating in the show this year for the first time.

In the children's department are displays representing field, garden and tea time. A miniature pasture, exhibited by Harlow Carpenter, five, shows what can be accomplished when a child's imagination is granted freedom for expression. A tea table, entered by his sister, Julie, is perfect in appointment and ready and waiting for guests of toyland. A May pole idea, carried out by Barbara Brewer, a sunken garden, created in a rusty frying pan by Phoebe Swann, and all other entries from Medford's future garden lovers are worthy of much praise.

URGE REPORTS ON HIGHWAY CLEANUP

All Jackson county residents who have done any clean-up or beautification work along the Pacific highway this spring are urged to report their activities to the central committee, C. L. MacDonald, chairman, 124 South Front street, at once.

The committee report is now being made up and every improvement item should be included in order to make the best possible showing for Jackson county. The state contest closes May 31 and it is hoped that this county will win one of the cash prizes. Any improvement work started this month although not yet complete may be included in reports of local residents to the committee if received by Saturday night, May 28. All reports must be in by that time if they are to be reported by the county committee to the state contest directors.

The wall hangings are among the most attractive entries by the Japanese folk. In their very artistic arrangement each one expresses the Oriental's ability to create beauty without an abundance of material.

BLAZE DESTROYS RANCH RESIDENCE

APPELATE, May 27.—(Sp.)—The house on the Bill Smith ranch near Ruch was completely destroyed by fire Sunday morning. Mr. and Mrs.

Walter Armppriest and family were residing in the house. Mr. Armppriest was not at home and everything in the house was destroyed. The origin of the fire is not known. The roof was all in flames before Mrs. Armppriest discovered it. The house was covered by insurance but there was no insurance on the furniture. Mr.

and Mrs. Armppriest are now living in the cabin belonging to Bill Fruit near the Sunnyside service station.

VANCOUVER, Wash., May 27.—(AP)—Continued fall of the Columbia river here has lessened fear of widespread damage which would have resulted had the river continued its upward trend.

G. PASS SHIPPING STRAWBERRIES

Strawberry shipments from the Grants Pass section of the valley have totaled about 4,000 crates this season, with daily shipments averaging 650 crates, according to an article appearing in the Grants Pass Daily Courier. This announcement was made by H. D. Rodenberry, representative of the Tri-way company, a Safeway concern.

The shipments have been made in express lots to northern markets, one being shipped in carloads. Prices at the first of the season, paid to growers, were \$1.15 two weeks ago, and yesterday were 70 cents per 15-box crate, Mr. Rodenberry stated.

MAJOR PARTIES MAY UNITE ON RUM PLANK

WASHINGTON, May 27.—(AP)—Responsible leaders of the Republicans and Democrats are canvassing possibility of both parties uniting on identical prohibition platform declarations.

Two conferences have been held, one in New York and another here, but the movement admittedly has not gotten very far. It is insignificant to the militant wets and dries of both parties.

NEW FLAGS TO FLY FOR MEMORIAL DAY

Many bright, new American flags are expected to be in evidence here on Memorial Day due to the efforts of local American legion post. During the past few days a committee of legionnaires has been calling on Medford business firms with a special offer on flags for decorative purposes.

Several local firms have purchased additional flags for their places of business and others are replacing their old flags with new ones. Some residence owners are also installing flags before Memorial day. Anyone wishing one of the legion flags should phone W. J. Olmstead, adjutant of Medford post at 923 at once.

HAWLEY TARIFF BILL LOST IN COMMITTEE
WASHINGTON, May 27.—(AP)—The Hawley bill for an upward adjustment in tariff rates against nations with depreciated money was rejected today by the house ways and means committee by a 16 to 9 vote.
