

# TRIBUNE WILL GET OREGON SLANT ON CONVENTION NEWS

PORTLAND, Ore., June 7.—(AP)—Oregon's participation in the colorful, dynamic and dramatic national political convention in Chicago this month will be brought to Oregon newspapers by an Oregon newspaper man direct from the Chicago stadium.

As a part of the strikingly novel method of providing intimate convention details for each state, Leslie J. Smith, chief of bureau of the Associated Press in Oregon, has been assigned to bring to Oregon readers accurate, entertaining and speedy accounts of the activities of the Republican delegation of 13, and the Democratic group of 10 persons from this state.

These daily stories, confined entirely to Oregon personalities and Oregon activities, will complement the general convention accounts which the Associated Press will handle through the largest reporter staff ever assembled for a political event.

They will be filed by wire direct from the convention floor to the Portland bureau of the Associated Press, and thence to newspaper members of the press association throughout the state.

Trained staff men from each state in the union will join Chicago, Washington, D. C., and New York writers in providing this unparalleled convention service.

Smith, for six years a member of the Associated Press staff in Portland and for four years chief of the Oregon service, will maintain close contact with the two Oregon delegations in Chicago, relating to newspapers of this state intimate particulars not only of the two groups as they vote on the floor of the convention hall, but as they participate in pre-convention meetings, platform conferences and organizational gatherings.

# COLLEGES RETAIN JOURNALISM ON MODIFIED BASIS

SALEM, Ore., June 7.—(AP)—Consolidation of the school of journalism at the University of Oregon and the department of industrial journalism at Oregon State College into a combined school, was announced last night in a statement issued by the state board of higher education.

The merged school will be under the direction of Dean Eric W. Allen of the university, and the major work will be conducted at Eugene.

C. J. McIntosh, professor of industrial editing at Oregon State, and Fred M. Schiedeler, instructor in journalism, will be in charge of the work at Corvallis.

# CROP CONDITION ON COAST HOLDS HOPE

NEW YORK, June 7.—(AP)—"Unusually Pacific traffic is running on about the same pace as it has for the last five or six months, but I am hopeful that traffic in the fall months will make a better comparison," said Carl Gray, president of the road, today. He reported that crop conditions are generally better in Utah, Idaho, Washington, Oregon, and California. The Kansas wheat outlook has been much improved by recent rains and corn prospects are excellent in Nebraska, he said.

# Garbo's Barber Refuses To Tell Of Early Work

STOCKHOLM—(AP)—Einar Widebaeck, owner of a suburban barber shop, declined a Stockholm movie house's offer to tell about his employment of Greta Garbo to the first night audience of one of her films.

Greta started to earn her living by lathering customers in Widebaeck's shop. Like the movie star, Widebaeck has prospered; like her, too, he is reticent about the days she spent in his shop.

# To Nominate Hoover

Joseph Scott, Los Angeles attorney and veteran stump campaigner, will place the name of Herbert Hoover in nomination at the Republican national convention in Chicago.

# ELEVEN PERISH IN APARTMENT FIRE FOLLOWING BLAST

(Continued from Page One.)

explosion shook the six-story building at East Ninth street and Superior avenue, in the heart of the downtown area, at 12:30 a. m. Flames which engulfed the upper five stories occupied by the Ellington apartments had prevented rescue workers from entering previously.

Fire Chief James E. Granger said circumstances of the blast would be fully investigated as to possible incendiary.

There were about 200 residents in the apartments, it was estimated by Alva Bradley, manager of the M. A. Bradley estate which owns the building.

Dozens of residents ran down fire escapes, scores of screaming women were rescued by firemen and passers-by, and many more jumped into fire nets. Most of the victims were in night clothing. One woman, her nightgown ablaze, jumped from a fifth floor window and landed on the roof of a one-story adjacent building.

NEW YORK, June 7.—(AP)—The stock market was, again disinclined to resume its advance today, and slid slowly lower during most of the session. Net losses of 1 to 3 points were numerous, and the closing tone was heavy. The turnover approximated a million shares.

The setback was in the face of a good undertone in bonds, and strength of the dollar in foreign exchanges.

Today's closing prices for 15 selected stocks follow:

American Can	37 1/4
American T. & T.	85 1/2

PORTLAND — H. L. Freeman and Albert Eichau took over management of former Smith's Shoe Repair shop at 1230 Sandy Boulevard.

ST. JOHNS — Bids to be opened July 8 for construction of post office estimated to cost \$50,000.

# BUTTER SHORTAGE HINTED AS SUPPLY SHOWS DECREASE

PORTLAND, June 7.—(AP)—With the decreasing make of butter, fear is now expressed that a real shortage of fresh churning will be shown within a short time. A survey suggests that while the grass appears green and of good quality, the ground is as hard as a bone, which means that grazing operations will soon be greatly curtailed. That usually means a further decrease in the output of butterfat, and butter.

There was no further change in the price of either for the day.

More than passing weakness is reflected in the market for light weight hens at 8-9c lb. Turkeys are in call but at the extreme low price.

Lower prices are being named for apricots with a greater movement from the south increasing. Quality is gaining somewhat. Most sales are around \$1.25 lug, which is abnormally low for the early trade.

Wholesalers cut the price of strawberries Tuesday to conform to the lower values forced on the primary market. Sales are not generally above 75c crate with the bulk below that.

# Markets

PORTLAND, June 7.—(AP)—Cattle 35, calves in steady to firm; HOGS—600; barely steady to weak. SHEEP and LAMBS—800; generally steady.

# Portland Produce

PORTLAND, June 7.—(AP)—Onions: selling price to retailers, New Cochella Wax \$1.25; yellow \$1.10 crate; new red \$2 cental; new yellow \$2 cental.

NEW POTATOES—California Garneta 2 1/2 lb.; white \$2.10 cental. STRAWBERRIES—Oregon 24s, 65¢ 70c; Gold Dollar 50¢ 65c crate.

Butter, eggs, butterfat, live poultry and country meats unchanged. Potatoes, seed potatoes, wool and hay quotations unchanged.

# Portland Wheat

San Francisco Butterfat. SAN FRANCISCO, June 7.—(AP)—Butterfat, f.o.b., San Francisco 17 1/2c.

# BLANCHARD WILL BE ELKS' SPEAKER

O. S. Blanchard, attorney of Grants Pass, has accepted an invitation to speak in Medford at the annual Flag Day program of the Elks lodge, which will be held in the city park at 2:30 o'clock next Sunday afternoon.

Don Newbury, chairman of the Elks' program committee, announced this morning that Attorney Blanchard, who is known as one of southern Oregon's most interesting speakers, has accepted the invitation.

The Elks' band will play a short concert, and the regular ritualistic ceremony of the lodge, honoring the American flag, will follow.

The public, as usual, is cordially invited to attend the program.

# New Moderator

The Rev. Dr. Charles W. Kerr of Tulsa, Okla., is the new moderator of the Presbyterian Church in U. S. A. He was chosen at general assembly in Denver.

# Dallas Rejects Bond Issue Plan

DALLAS, June 7.—(AP)—Returns from the Dallas city election held yesterday showed rejection of the bond issue for construction of a \$22,000,000 new city hall, and changing offices of auditor and police judge from elective to appointive by the city council.

# HOOD RIVER HAS STATE APPROVAL FOR POWER PLAN

SALEM, June 7.—(AP)—The state hydro-electric commission today announced its approval of the proposed Hood River Peoples' Utility District for the supply and distribution of electric energy for the entire Hood River valley, including 95 square miles.

C. E. Stricklin, secretary of the commission which has had the matter under consideration for some time, stated the commission "believes that if bonds can be sold at not less than par, bearing not to exceed 5 per cent interest, it would be financially feasible for the district to be created and to enter upon the purchase and distribution of generation and distribution of electric energy."

This is the second hydro-electric district which has been before the commission since the law making the creation of utility district possible. The first one, that including Tillamook and vicinity, was declared satisfactory as far as creation of the district was concerned but the commission recommended against the development of hydro-electric energy.

Oregon weather: Fair tonight and Wednesday but cloudy and somewhat unsettled in northwest portion; moderate temperature; gentle changeable winds offshore.

# BLUE, WHITE STRIPES FASHION SMART SUIT

PARIS (AP)—Lady Louis Mountbatten attended a smart luncheon recently wearing a little suit of navy blue and white striped crepon with the stripes running vertically in the jacket and diagonally in the frock.

# OLD GOLD COSTUMES FOR BRUNETTE WEARER

PARIS (AP)—Old gold is shown by one designer this season as a fashionable shade for dark haired, dark eyed beauties.

One of her evening frocks is of old gold silk jersey made with a soft full skirt which clings to the figure giving an effect of molten gold. A sports costume is designed of old gold jersey with a little gold blouse of yellow suede.

# Strikingly, Radically New Phantom\* Kotex

SANITARY NAPKIN (U. S. Pat. No. 1,837,854)

Most important improvement in sanitary protection since the invention of Kotex itself in 1920.

AT LAST! A radically new design in sanitary protection. You are scarcely aware that you have it on. Made, of course, by Kotex—originators of the modern sanitary napkin. It is called PHANTOM\* KOTEX. Why? Because the ends are so flattened and tapered that it leaves no outlines even under the closest-fitting of gowns. Not the slightest bulk suggested even under the filmiest of summer silks. And—for those who require extra protection—Super-Phantom Kotex is ideal. There's extra protective surface but the ends are so skillfully flattened as to be completely inconspicuous.

Kotex features retained: The special Kotex features you have always appreciated are retained, of course. It is soft after hours of use; wonderfully absorbent; treated to deodorize; can be worn, with equal protection, on either side; disposable, easily. More than 24 million pads were used in hospitals alone last year. Insist upon getting genuine Kotex, when you buy it already wrapped. Each tapered end of the new pad is stamped "Kotex" now—so you can't get inferior substitutes. Kotex prices are today the lowest in Kotex history. This new improvement comes to you at no increase in price. All dealers have the new PHANTOM KOTEX.

HOW SHALL I TELL MY DAUGHTER? Many a mother wonders. Now you simply hand your daughter the little booklet entitled, "Marjorie May's Twelfth Birthday." For free copy, address Mary Pauline Callender, Room 2140, 180 North Michigan Ave., Chicago, Ill.

NOTE: Kotex—now at your dealer's—marked "Form-Fitting" is the new Phantom Kotex
