## OREGON AUTO TAX BURDEN BOOSTED BY REVENUE BILL

PORTLAND, Ore., June 10.—(AP)—Motor vehicle taxes in Oregon were increased 25 per cent when President Hoover signed the revenue bill, according to Dr. E. B. McDaniel, president of the Oregon State Motor association and chairman of the governor's committee on license fee revision.

"An additional three million dollars will be paid every year by the Oregon motorists as a result of the various taxes imposed on the motorist under this bill.

"The largest taxable item is a federal tax of 1 cent per gallon on gasoline, which in Oregon alone will raise \$1,740,000 from the motorist.

"In addition various excise taxes affecting the motorist have been levied as follows:

- "Four per cent on passenger cars.
- "Three per cent on trucks.

- "Two per cent on accessories and parts.
- "Four cents per gallon on lubricating oil.
- "Three cents per pound on tires.
- "Five cents per pound on tubes.

"It is estimated that the rubber tax alone will add 60 cents to the cost of a small-sized tire such as is used on Ford and Chevrolets.

"On the basis of Oregon's 1921 motor vehicle purchases of 14,224 passenger cars and 3,513 trucks, the 4 per cent excise tax on passenger cars will raise \$455,160; the 3 per cent on trucks will raise \$948,51; the 2 per cent on accessories will raise \$200,000; the 4 cents per gallon on oil will collect \$208,800; while the tire tax alone will add over \$400,000—a total of over three million dollars additional tax that the federal government will collect from Oregon motorists."

From the start suspicious circumstances arose that led authorities to believe a rise had been perpetrated, and the next day Tollefson issued a statement in which he admitted he had faked the robbery to cover up defalcations. He entered a plea of guilty direct, and threw himself upon the mercy of the court.

Robbed in 1930
