

# GIRLS ENJOY DUTY AS STEWARDESSES MEDFORD AIR RUN

As veterans in the new women's business of being sky stewardesses, Miss Clara Johnson, 23, and Miss Mary Eastman, 24, have just completed 200,000 miles each of flying up and down the Pacific coast airway. In that 200,000 miles, they have become intimate with virtually every hill, stream and hamlet between Seattle, Medford and San Diego.

The two young women, employed on the coastwise tri-motored planes of United Air Lines, entered service March 25, 1931 as the first stewardesses of United on the Seattle-Medford-San Diego run. In common with the more than a score of other stewardesses on the various routes of United Air Lines, it is their duty to add to the enjoyment for the traveler by serving luncheons, passing out reading material, pointing out interesting scenic spots and otherwise making themselves helpful.

It's all a very fascinating business as Miss Johnson described it while halting at Medford on her last coastwise flight. She has catered to passengers ranging in age from three months to 84 years, has met air travelers from virtually all parts of the world, and has become a friend of many who make frequent trips along the coast. She has observed, among other things, that the attitude of people toward flying has undergone a distinct change. Whereas they used to more or less "sit on edge" at the start of trips, they now take it all in the most matter-of-fact way. She believes that both men and women have found their "sky legs."

With their first 200,000 miles behind them, the young women are off on their next 200,000. And, judging from their talk, they are enjoying every mile of it, too.

# SCIENCE MONITOR TOPIC OF FORUM TO GAIN INTEREST

A meeting designed to inform the general public of the reader content of the Christian Science Monitor, International daily newspaper published as Boston, Mass., was held Monday evening in the auditorium of First Church of Christ Scientist, North Oakdale avenue.

George Heuselmann of the local Monitor circulation committee presided, introducing the following speakers and announcing their subjects: Miss Barbara Drury, children's and young folks' pages; Suzanne Homea Carter, educational page and book reviews; J. G. Terry, editorials and daily features; Mrs. F. A. Lundell, music, art and dramatic reviews; Ethelwyn B. Hoffman, fashions and dressmaking pages.

During an open forum which followed, a number of brief talks were given relative to the Monitor, after which all present were invited to inspect the exhibit of news stories, illustrations and features of the Monitor, arranged in the foyer of the church building. This exhibit is being transferred to the windows of the former Model Clothing company on East Main street, where it will remain for a few days.

A large number attended the meeting, expressing the desire for a repetition in the near future.

## DeVoe's To Open In New Dress and Improved Service

Redecorated and dressed up as befits a neighbor of the new Jacksonville county hours house, DeVoe's cafe and confectionary will be officially opened for business tomorrow, Wednesday, Mrs. Laura G. Pierce the new owner who has made possible the extensive improvements, announced today.

Eight mahogany booths and several tables are some of the fixtures which have been installed, along with a fine counter and 21 stools for short order service.

All of the groceries and supplies have been moved into wall shelves to afford additional floor space. A new floor, as well as attractive linoleum, improves the general appearance of DeVoe's.

For the benefit of motorists who prefer being served in their cars, free drive-in service is now available. Carl Bigelow, who has been associated with DeVoe's for several years, will continue as manager.

## LABORATORY YIELDS NEW FACTS ON KELLOGG'S ALL-BRAN

Its "Bulk" and Vitamin B Help Relieve Constipation; Also Has Blood-building Iron

New laboratory experiments demonstrate that Kellogg's ALL-BRAN has sufficient "bulk" to exercise the intestines, as well as Vitamin B to help tone the intestinal tract.

In addition, Kellogg's ALL-BRAN supplies twice as much blood-building iron as an equal amount by weight of beef liver.

Now you can overcome common constipation by this pleasant "cereal way," and banish the headaches, backaches, loss of appetite and energy that so frequently result.

No need to worry along with pills and drugs, which often lead to harmful habits.

Instead, just eat two tablespoonfuls daily of Kellogg's ALL-BRAN—adequate for most types of constipation. If your intestinal trouble is not relieved this way, see your doctor. The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

Special processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming. Equally tasty as a cereal, or used in cooking. Recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

# Do you inhale?

## "Let sleeping dogs lie"

Why should smokers accept this old-fashioned notion of the cigarette trade?

BY this time you must be pretty well convinced of the fact that other cigarettes do not like to talk about inhaling. And yet—this subject—so "untouchable" in cigarette advertising—is very close to your welfare! For you do inhale—we all do—knowingly or unknowingly, every smoker breathes in some part of the smoke he or she draws out of a cigarette.

their answer to you? Do you inhale? Lucky Strike does not avoid this vital question. It meets the issue fairly and squarely—because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Lucky Strike's famous purifying process. Luckies created that process. Only Luckies have it!

"Let sleeping dogs lie" may be the cigarette trade's answer to us! But what's
