

HIGH COURT BACKS DAMAGE CLAIM OF SMASHUP VICTIM

SALEM, June 14.—(AP)—The supreme court today affirmed the Jackson county circuit court in the case of Charles Erb, Jr., against Herman Shope, Consolidated Truck Lines, and the Oregon-Lowder truck line, in which the lower court awarded a judgment of \$7000 for personal injury damages as a result of an automobile collision.

The defendants appeal from the judgment returned in the court presided over by Judge H. D. Norton. The opinion was written by Justice Rand. The opinion held that in addition to the judgment of the lower court, statutes provide an additional 10 per cent for delay in appeal.

The above suit was based upon an auto accident on the Pacific highway near Gold Hill one foggy morning in February, 1930.

Charles Erb, Jr., former University of California football star, claimed that the truck driver of the Consolidated Truck Lines was reckless and negligent, and that he sustained injuries to his back, which incapacitated him for duties as a coach and professional football player. He was represented by Attorney George M. Roberts of this city.

Circuit Judge H. D. Norton was sustained by the higher court and Erb awarded a \$7000 judgment, plus a penalty of 10 per cent for delay in filing of the appeal. This is unusual.

Erb, at the time of the accident, was driving his private auto and was a salesman. He was former football coach at the University of Idaho.

AMERICAN WOMEN ADVISED TO FIGHT ENEMIES OF HOME

SEATTLE, Wash., June 14.—(AP)—A challenge to American womanhood to "recapture the home" with the motion picture described as the most powerful influence opposing its interests, was before delegates to the General Federation of Women's Clubs today as they resumed another day of their biennial convention.

Beginning this morning with a meeting of the nominating committee with Mrs. Grace Morrison Poole of Boston, Mass., vice-president, as the unopposed candidate for the presidency, a long program of reports and addresses were to be delivered. In an evening session last night, Dr. L. Wendell Pitfield, pastor of the Plymouth Congregational church of Seattle, declared that a "pagan trend of ultra individualism" is breaking up the American home.

"The walls of the home," he asserted, "are being moved out into the community."

Among influences he cited as bringing this about were cheap amusements, public nurseries and the tendency of wives and mothers to go into industry.

"It is my definite conviction," Dr. Pitfield went on to say, "that the greatest single cause for popularizing a type of individualistic philosophy and moral theory which runs counter to the interests of the home... is the motion picture."

MEDFORD PLAYS LITHIA TEAM THIS AFTERNOON

A large crowd is expected at the fairgrounds diamond this afternoon to witness the clash between the Medford Legion and Ashland Legion baseball teams, who will fight for the Jackson county championship at 4:30 o'clock.

The two teams represent the outstanding contributions of the seven organized in the county. A three-game series is scheduled for the playoff. The winning team will sponsor the team to enter the district finals.

STORAGE OF EGGS SHOWS DECREASE

PORTLAND, June 14.—(AP)—The great decrease in storage holdings of eggs throughout the country, together with the abnormally slow and depressed trade, creates an abnormal situation throughout the industry. Latest storage holdings report, issued by the department of agriculture, reflects a decrease of 4,093,000 cases in supplies as compared with June 1 a year ago. A month ago the shortage was 2,180,000 cases, compared with May 1 a year ago. This month's figures reflect a decrease of 5,501,000 cases as compared with the average for five years.

Despite this serious loss in the current holding of eggs in store, there remains a lack of snap in the market. Trading trend in the market for butter was fully steady for the day. No change was reflected in the price, either on the exchange or on the open market. Butterfat values are well maintained.

COAST AIR TRAFFIC NEAR 100 PER CENT

The Pacific coast mail and passenger planes flying between Seattle, Medford and San Diego completed 98.44 per cent of the mileage scheduled for May, it was reported here today by Phil Sharp, local field manager. All but 1000 miles of the total of 182,528 miles scheduled were completed by the trimotored transports and single-engine mail-passenger planes of United Air Lines. A million and a half air mail letters were carried during the month.

DEATH DOCUMENT DISCLOSES NURSE MARRIED WOMAN

ENGLEWOOD, N. J., June 14.—(AP)—The death certificate of Violet Sharpe, the maid in the Dwight W. Morrow home who committed suicide, was filed today, stating she was married, "name of husband unknown." The filing of the certificate was the first intimation the woman who took her life when police called to continue their examination of her in connection with the Lindbergh baby kidnaping case, was married. The certificate was signed by Ralph Gilady, Bergen county physician, who performed the autopsy after the waitress took her life with poison.

The paper noted that burial would take place tomorrow in Brookside cemetery, Englewood.

MAMARONECK, N. Y., June 14.—(AP)—C. W. Moody, after inspecting the ladder used to take Charles A. Lindbergh, Jr., from his nursery

window March 1, declared today it was not the one he says he has mislaid from his real estate development here since February. The ladder was brought here by Jersey City police because Ernest Brinkert left Moody's employ March 1. Brinkert has been exonerated in the Lindbergh case and will be released.

CELL FRONT FUSS ECHOED IN CLAIM OF CONTRACTORS

SALEM, Ore., June 14.—(AP)—The old controversy over the cell front installation at the state penitentiary for the new building now already in use was echoed from the state board of control meeting today when King Brothers filed a claim for \$2,298 for alleged loss in its installation contract.

The claimants contracted with the state to install cell fronts for \$10,885. Controversy over type of work done and in specifications involving particularly the tool-proof steel feature resulted in delay in completion

of the work and for changes in construction. King Brothers claim that the cost of the job was \$29,183. The state paid the contract price early this year upon completion of the job. Today the matter of col-

lecting for the loss was presented to the board by the firm, alleging that loss of time, changes in design and other opposition over which the firm had no control caused the loss. The board denied the claim and

instructed the company be advised that it had no power to pay more than the contract price.
