Thrilling Screen Drama Holly Bill (Contributed) Lately the motion picture industry has been searching its files for "something new" and at last it seems that "something" has been found in "The Doomed Battalion" which will have its north-west premiere showing at the Holly Theatre tomorrow. "The Doomed Battalion" is something new in the movies. You won't be able to say that it has a story just like some other picture you have seen. You will find that you have never seen a picture produced like this one, for it has a new angle in production, and above all the setting being the great Alps of Europe, you have never seen such a marvelous background for any picture.

As powerful as the story is, one finds difficulty in keeping the mind on the story and not let it be carried away by the awing scenery of these mighty mountains. Then, too, "The Doomed Battalion" will introduce into Medford for the first time the much heralded Viennese actress, Tala Birell. The fact that the picture has for its background the war need frighten no one, for to see an army charging down the mountain sides on skis is something that one cannot help but enjoy, even though the thoughts of war may not be pleasurable. Further, it offers a side of the war that we have heard little of—an army of sportsmen and crack rifle shots guarding Austria from the Italians by holding the only passageway between the two nations. Mt. Lagazol (Collalto in the picture) is the scene of the action. Showing for the last times today, is "Radio Patrol."

INDEPENDENTS TO ADD COMPETITION IN COUNTY RACES

Independent candidates have started to blossom for the general election in the fall and today two applications for petitions have been filed and granted by the county court. A. B. Rhodes of this city, a salesman, has procured a petition blank and will circulate same to secure endorsement of his candidacy for sheriff as an independent. Rhodes announced during the primary that he would be an independent candidate, and circulated among the voters.

A resident of Rogue River, who left no name, this morning requested a petition which he said would be circulated in the Gold Hill district in behalf of an independent candidate for the justice of the peace to oppose H. D. (Johnny) Reed, incumbent, who won both the Republican and Democratic nominations at the primary.

It was reported under the court-house that three and possibly four independents, are willing to make the sacrifice and run for sheriff, and contemplate circulating petitions. Gordon Schermerhorn, of this city, is the regular Democratic nominee, and Everett Beeson is the regular Republican nominee.

The law relative to independent candidates requires that the signers of the petition total three per cent of the vote polled for governor or president, at the last general election. The last general election was held in 1930, so it will be necessary for the independent candidate for any office to procure signers equal to three per cent of the total vote cast for governor in this county in 1930.

The period for filing independent candidates is fixed at not more than 100 days before the general election date, nor less than 45 days before that time.

MAX-I-MUM SYRUP. In the Kitchen. A New Angel Food Cake 1 1/2 cups egg whites 1/2 cup cane sugar 1 1/2 cups syrup 1 1/2 cups flour 1/2 teaspoon salt 1 1/2 teaspoons cream tartar

Boil syrup to soft ball stage when tested in cold water (232°F.). While boiling syrup, sift some flour and carefully measure 1 1/2 cups. Sift several times. Add salt to egg whites. Use rotary egg beater and beat until foamy. Add cream tartar. Continue beating until mixture "peaks," but is not

stiff. Fold in the sugar with an egg whip. When syrup has cooled to 180°F., or until bottom of pan is just warm, pour in a fine stream into the egg whites, folding it in steadily to prevent settling to bottom of mixing bowl. Sift in a small portion of the flour. Fold this in and continue until all of the flour has been added. Pour batter into a water-treated angel food pan. Oven is preheated to 200 degrees—a slow oven. Cake is put in and temperature increased to 325 degrees—a moderate oven. Bake 60 minutes.

Max-I-mum Syrup is used exclusively in recipes demonstrated at the Safeway Cooking School.
