

COURT CHANGES BALLOT TITLE IN SCHOOL MERGER

SALEM, June 13.—(AP)—The supreme court today in a written opinion changed the ballot title of the proposed initiative measure for the physical changes of Oregon's higher institutions of learning. Arguments on the appeal from the previous title by Attorney-General Van Winkle were heard yesterday.

The court in its substitute title for the initiative, eliminated the word "consolidation," from the main title, and added the matter of establishing junior colleges and moving the law school. Other changes were made to conform with the demands of the appellants.

The new ballot title reads "Bill Moving University, Normal and Law Schools. Establish Junior Colleges." The body of the initiative will be "purpose to move the University of Oregon from Eugene to Corvallis and consolidate it with the Oregon Agricultural College under the name of Oregon State University; move normal schools from Ashland, La Grande and Monmouth to Eugene and consolidate them under the name of the Oregon State Teachers' College; establish junior colleges at Ashland and La Grande; dispose of normal school property at Monmouth; move university law school at Salem; all said institutions and medical school at Portland to be conducted as units of said Oregon State University; make university president ex-officio secretary of the board of higher education."

The change in ballot title necessitates the circulation of new petitions to secure 17,888 names of voters before July 7 in order to place the proposed initiative on the ballot next November.

CANNERY TO OPEN WITHIN FEW DAYS

The Rogue River Valley Canning company, Ralph U. Boutelle, manager, is making arrangements for the opening of the canning season, expected to start within the next ten days or two weeks.

Packing of cherries will be first. The cherry crop of the valley is expected to be light, owing to heavy rains during the period of pollenization. The cherry crop is "spotted," being close to the average in some districts and below average in others. No price has yet been set for cherries.

The canning company, during the past spring, has made a number of minor improvements including enlargement of the fruit drying room and moving of the caesera from the ground floor to the second story.

Myron Root of the Growers' Exchange, who will handle the cherry crop of the Western orchards, the largest in the valley, estimates the crop as "about 50 per cent of normal."

McNary's Optimism Amazes Robinson

WASHINGTON, June 13.—(AP)—Senator Robinson of Arkansas, democratic leader in the senate, today called attention to the statement of Senator McNary, of Oregon, assistant republican leader, that he hoped the senate would be able to adjourn by the end of this week, characterizing McNary as "an amazing optimist."

Brisbane's Today

(Continued from Page Eight)

After working fifty-four years Mr. Insull at the age of 70, has nothing

except a pension of \$18,000 a year, given to him by three companies that he created. Three years ago Mr. Insull was worth more than a hundred millions of dollars. This shows what can happen in the United States. Ninety-eight per cent of Americans will ask: "How could he possibly want or use more than eighteen thousand dollars a year?" Two per cent will wonder "how can he possibly live on such a miserable income?" Fortunately for Insull, as for others, what you have done is done. Buildings, machinery and organizations created go on with their work, whether you have millions in the bank, or bitterness in your heart.

The sidewalks of Chicago are full of life, especially for those that lead toward the convention hall.

A very nice old lady, with quite an angry expression, hands you a tract denouncing those that would interfere with prohibition, saying: "Take it; you will come to us in time." Another old lady with her, more gently says: "He may be with us even now; he looks like a nice, quiet man." That is a terrible insult, but it is meant kindly.

Another lady past 50 gives you a piece of paper, saying: "Stop and read it now." On one side she says "the man who knew how to make easy money," smoking a big cigar. Jesus approaching asks: "Will you please give me a few moments' time to consider your soul's salvation?"

Mr. O. U. Foolish Man replies: "I positively can't do it; I am too busy." Underneath is the text, "For what shall it profit a man, if he shall gain the whole world, and lose his own soul?"

On the other side is a picture of a skeleton. Death, come to get Mr. O.

U. Foolish Man. He begs, "Wait until I repent and get ready to die." Death replies, "I can't positively do it; I AM TOO BUSY." And then the text: "For whatsoever a man soweth, that shall he also reap," and "Prepare to meet thy God."

You can tell dry ladies from wet ladies by observing the finger nails and hair. If the finger nails are nicely tinted pink, or painted a dark purple, and the hair is neatly done in little waves, with a delicate touch of henna, that lady is a wet. If the nails are plain, as the Lord made them, not even cut to a sharp point, and the hair done "any way" that lady is a dry.

ELMINA POWELL CALLED TO REST

Elmina Margaret Powell, resident of Medford for the past eight years, passed away in a local hospital Wednesday morning, at the age of 54 years.

Mrs. Powell was born in Shardon county, Missouri, February 22, 1878, and at the age of 20 years was married to T. B. Powell in Mason City, Mo. They lived in Missouri for nearly 24 years, then moved to Colorado. From Colorado they moved to Medford, where the home has since been made.

Besides her husband, T. B. Powell, she is survived by nine children, Mrs. O. M. Botkins, Moberly, Mo.; Mrs. Frank Taylor, Jacksonville, Mo.; W. B. J. E. Frank Forrest and Edward Powell, Mrs. Ralph Peyton and Mrs. Lois Hodgson, all of Medford; one sister, Mrs. Mary Bitzeago of Hymers, Ind., two brothers, Gasker Badgerow, Bevier, Mo., and David Badgerow of Hanns City, Ill., also 11 grandchildren.

The body is at the Conger funeral parlors where funeral arrangements are being made. Notice of funeral will be announced later.

Trucksters Band To Battle Bill

EUGENE, Ore., June 15.—(AP)—Organization of a local branch of the Oregon Mill and Truck Owners' association was completed here last night. It was one of the preliminaries to a general attack on the proposed freight truck and bus bill.

That rasp of wear

your ears don't hear

—the GRIND... GRIND... GRIND of HARD CARBON in your motor

Avoid this hard carbon from "luxury" oils

Harmless sooty carbon from Shell Motor Oil

THERE'S CARBON IN THERE. IF IT'S HARD CARBON, CHIPS OF IT ARE CONSTANTLY SCORING CYLINDER WALLS, PITTING VALVES, IMBEDDING THEMSELVES IN SOFT BEARINGS! DO YOU KNOW WHAT KIND OF CARBON YOUR OIL FORMS?

YOU can't tell by the price. Oils shipped from distant states and therefore costing more, often deposit thick layers of *hard* carbon.

Shell Motor Oil forms only soft carbon. It's like fluffy soot, and most of it is blown away through the exhaust. Yet Shell Motor Oil costs you just 25¢ a quart!

And listen to this: *Shell Oil Company guarantees that the correct grade of Shell Motor Oil for your car will last as long under similar driving conditions as any other correct grade oil, regardless of price!* You can't buy safer or better lubrication.

SHELL MOTOR OIL

Forms no hard carbon **25¢ A QUART**
