

RETURN OF HAINES TO PITCHING FORM FIRES CARDS HOPE

By GAYLE TABBOT
Associated Press Staff Writer

The St. Louis Cardinals may be expected to come right along now that the veteran Jesse Haines appears finally to have recovered his form of the last two seasons.

Haines was a big help to the world champions last year, winning 19 and losing only three, but injured his arm about a month before the campaign closed and didn't get a chance in the big series. It looked like the 36-year-old right-hander had lost his effectiveness for good when he dropped three of his first four engagements this season.

He signalled his return to form by holding the Boston Braves to five hits a week ago, and yesterday gave a convincing demonstration in blanking the slugger Phillies, 2 to 0.

In addition to holding the Phillies scoreless, Jess clinched his victory with a home run in the third inning off Ray Benge.

The Cardinal cast-off, bristling with burlesque, pitched the league-leading Chicago Cubs to a 2-to-1 victory over the Giants and broke a six-game winning streak for Bill Terry's crew.

Ray Kopy's great relief pitching after he relieved Larry Benton in the second gave Cincinnati a chance to come from behind and beat Brooklyn again, 8 to 6.

The St. Louis Browns, who were beginning to go places in the American league, succumbed to big George Earnshaw of the Athletics, 5 to 1.

Lloyd Brown, Washington southpaw, turned back the Detroit Tigers, 4 to 0.

Bill Dickey's eleventh home run with two men on bases featured the Yankees' 6-to-1 victory over Chicago. Rain stopped Boston and Cleveland.

FANS REMAIN UNSTIRRED BY JACK-MAX BALLYHOO

By HERBERT W. BARKER
Associated Press Staff Writer

NEW YORK, June 17.—(AP)—Max Schmelling and Jack Sharkey may put on one of the greatest fights of modern times in Madison Square Garden's new outdoor bowl on Long Island next Tuesday night. And if they do, one of the smallest crowds in modern heavyweight championship history may be there to see it.

All indications now point to an unprecedented lack of interest among the customers. Those well-known dyed-in-the-wool fanatics who formerly would have thought no more of being absent from a heavyweight title fight than of passing up their daily dinner are doing both these days.

There has been much criticism of the Garden's action in scaling prices as high as \$23. The latter figure, for choice ringside positions, is out of reach of many of the pocketbooks that once shelled out double that for

LAKE CREEK GRANGE PLANNING DANCE IN NEWLY BUILT HALL

LAKE CREEK, June 17.—(Sp.)—Lake Creek grange has decided to give an opening dance in the new Grange hall June 25. Everyone is cordially invited.

Next meeting will also be held in the new hall the evening of June 22.

A vote will be taken then to determine whether or not a majority of members wish to change the meeting night permanently to Wednesday instead of Friday.

Grange voted down the resolution drawn up to oppose the Henry Ford plan and sent to this grange to be voted on.

The charter was draped in loving memory of Sister Augusta Parlow. Because of this sad tribute, no program was given and the old-fashioned party was postponed until next meeting.

FIRESTONE FLAYS G. O. P. RUM PLANK AS MERE EVASION

CHICAGO, June 17.—(AP)—Harvey S. Firestone, Akron, Ohio, tire manufacturer here to inspect a new plant, today condemned the prohibition plank adopted by the republican party.

Firestone, who was met at the train by Lowell Fess, son of Senator Stinson D. Fess, republican national chairman and a dry leader, said the party should have taken a definite stand for reestablishment or repeal.

"Any sane man knows something must be done, and that the best way to do it is by direct action."

"The plank, as adopted, is an evasion. Perhaps not quite that but at least it is taking an inexcusable round about means of getting at what is plainly needed."

"Advocacy of repeal would have taken the prohibition question out of politics and cleared the air for consideration of the real vital economic issues of the day."

NO TAX MONEY IN ALUMNI WARCHEST

PORTLAND, Ore., June 16.—(AP)—Not one cent of the salary paid Alexander G. Brown, secretary of the University of Oregon Alumni association, is drawn from state funds, Homer D. Angell, president of the association, said today in

answer to charges by Henry Horn that state funds were being used to fight an initiative measure seeking consolidation of the University and Oregon State college upon the campus at Corvallis.

Zorn is head of the Marion county taxpayers equalization league, which is sponsoring the measure.

"The secretary of the alumni association no longer draws any money from the state," Angell said. "His salary is paid entirely by voluntary contributions of friends and alumni of the school."

USE WHALE HOLD IN KLAMATH BOUT

KLAMATH FALLS, Ore., June 17.—(AP)—BullDOG Jackson, Portland, defeated Pete Becker, Klamath Falls, two out of three falls in the main event of a wrestling card here last night. Jackson, after losing the first fall, blinded Becker when he sprayed water in his face to take the second in 18 seconds.

Jackson was heaved out of the ring just before the third fall, and, crawling under the arena, entered the ring behind Becker, winning the fall with a head scissor.

Roland Warren, Klamath Falls, won from Honeyboy Kutula, Phoenix, Arizona, in the preliminary.

CANZONERI WINS OVER YOUNGSTER

CHICAGO, June 17.—(AP)—Tony Canzoneri, champion of the world's lightweight boxers, may be showing signs of wear and tear, but he still is capable of taking care of the younger members of his division.

The New York Italian built up a margin of seven in the ten rounds of his ten-round non-title bout with Harry Dublinsky, Chicago youngster, last night in the West Side Boxing club's opening show and took down the decision. He caught Dublinsky on the right eye with a left hook in the first round and by the fifth the optic was closed.

Canzoneri's solid shots to the body gave him his advantage.

SARAZEN, BURKE CARRY INTEREST

NEW YORK, June 17.—(AP)—The defending champion, Billy Burke, and the newly crowned British open titleholder, Gene Sarazen, probably will carry all but a few of the gallery that flocks to the Fresh Meadow club, Long Island, for the opening round of the national open golf championship next Thursday.

Pairings for the association, link Sarazen and Burke as playing partners for the first 18 holes Thursday and the second eighteen Friday.

The field, as lined up by the U. S. G. A., will consist of 181 players, of whom only 10 are amateurs.

George von Elm, who lost a heart-breaking 72-hole playoff to Burke for the title last year, pairs up with McDonald Smith for the first two rounds.

The principal problem of the convention is that of maintaining a type of recreation and entertainment during depression times. George W. Braden of Pasadena, representative of the National Recreation association, led the discussion of the recreation question. A. H. Bergersen, Tacoma commissioner of public works, is president of the Park Commissioners' association.

OLD RUBE MARQUARD RETURNS TO MOUND

ATLANTA, June 17.—(AP)—Old Rube Marquard has returned to his pitching labors in his 41st year.

LEGISLATURE POWERED TO CHANGE SALARIES

SALEM, June 17.—(AP)—There is nothing in Oregon laws prohibiting the legislature from changing the salaries of any officers except judges of the supreme court and other courts, at any time, Attorney-General I. H. Van Winkle held in an opinion today.

The opinion was requested by Representative Morton Tompkins. With the exception, the opinion held, the constitution contains no limitation upon the discretion of the legislature either in increasing or decreasing salaries of elective officers.

A Timely Suggestion to the MOTORING PUBLIC

FOR the past six years, tires have been steadily dropping in price at periodic intervals.

No one familiar with general economic conditions and production costs could consistently recommend buying tires in advance of current needs as being desirable.

But now we have reached the point where *crude rubber has declined from \$1.20 a pound in 1925—an artificially high price—to less than 3c a pound, which is far less than it costs to produce.*

Cotton, too, has dropped from *more than 20c a pound to around 5c a pound, which also is less than its cost of production.*

These—rubber and cotton—are the two main materials entering into the construction of pneumatic tires.

A STEADY reduction in tire prices has been brought about almost entirely by the drastic decline in price of these two basic raw materials.

So in buying your tires *now* you get the benefit of these two items at less than cost of production, and the benefit also of price reductions made to give every possible inducement to stimulate buying for the purpose of keeping labor in the tire factories employed.

It must be evident, therefore, that tire prices have reached bottom and that *you can wisely and profitably replace* such tires as are worn to a point where they will soon become unsafe, and that also *you can anticipate your future requirements to some extent* and know you are making a good investment.

With the need of promoting employment wherever possible, and the imminence of a substantial revenue tax on tires, I believe that you will be benefiting yourselves and the country at large by making your tire purchases now.
