

SHORT WAVE SET WILL BE FEATURE BOY SCOUT CAMP

One of the features at this year's Scout camp will be a short wave radio set. This set is already installed at the lake, and the cook, who owns the set, has been able to hear Australia, French Indo-China and Rome regularly. Many Scouts are interested in radio and radio construction. Lectures on the theory of short wave transmission and reception will be given along with an evening concert each period.

A craft shop under the direction of Scoutmaster Roy Clay of Ashland will be erected under canvas for camp. Projects in bone, leather, wood, horn, celluloid, copper, brass, beads, and Kuxin nuts will be supervised.

Scouts will be taught to make many kinds of neckerchief slides, spoons, knives, forks, letter openers, tater pokes, carved staves, nozzles, carved panels, bowls, watch fobs and rustic camp furniture.

Camp will afford a splendid opportunity for nature study. The tracks of wild animals will be preserved in plaster paris. Many photographs of deer will be secured by stretching a string attached to the camera and flashlight apparatus across the game trails.

An effort is being made this year to refine the camp site rather than to expand by building other cabins. An arch of unpeeled logs will grace the entrance to camp. Rustic benches and lookout towers are planned. These will be placed along the trails and near the beach.

A preliminary survey of the various Troops would indicate a large number of Scouts are expecting to attend the summer camp this year. Probably two hundred Scouts in all will be privileged to enjoy a season at Lake of the Woods. Trucks will leave headquarters at ten o'clock the date of departure, July 8th and 10th, leaving an hour earlier from Ashland when sufficient Scouts have registered from Ashland and Hill.

MRS. BARTO REVEALS NEW PSYCHOLOGY TO ENTERPRISE GRANGE

WIMER, June 17.—(Sp.)—At the Enterprise Grange meeting Saturday Worthy Lecturer Mrs. Vivian Barto gave a half-hour talk on "The New Psychology" as it is being taught by Miss Verona Hull in Medford. Mrs. Barto is a pupil of Miss Hull and plans to give the members of Enterprise Grange the benefit of these lessons from time to time as it is possible for her to be in attendance at Grange meetings.

During the business meeting many points of interest such as the location of the schools of higher education in Oregon were discussed. Most of the members favored leaving the state normal schools in their present location. One or two spoke against this, however.

J. R. Bowen went as alternate delegate for Worthy Master Eugene Moore to the state convention.

It was regretted that the members of the executive board failed to fulfill their contract with the California Oregon Power company in time to get lights and stove connected up for the big free show and party planned for June 11.

The power company had intended to favor Wimer and vicinity with a free moving picture show of two hours' duration at this date and had many interesting views to show.

Mr. and Mrs. O. H. Smith were initiated in the third and fourth degrees by Worthy Master Eugene Moore.

An invitation was read and discussed from Mrs. Reesbeck, asking members of Enterprise Grange to picnic at her home July 4. She said there would be plenty of shade and for amusements there would be horseshoe games and cards.

Mrs. Harry Purrier, Worthy secretary, was instructed to accept Mrs. Reesbeck's invitation. Mrs. Reesbeck is one of the "Graces" in the Grange. During the business meeting Mrs.

Vivian Barto tendered her resignation as worthy lecturer owing to the fact that as advertising manager for the Grange Bulletin for all of the state of Oregon outside of Portland she will be absent from many meetings and could not give the time to the planning and conducting of programs.

As soon as Mrs. Barto's resignation was accepted she nominated Mrs. Betty Hills to fill out her unexpired term. Mrs. Hills was almost unanimously elected, except one vote, cast by a lady whom the worthy master said voted for herself.

A vote of sympathy was extended to Mrs. Crouse and Mr. Mohr, who lost their home and were severely burned. Mr. Mohr is very seriously ill in the Grants Pass hospital from the effects of the fire.

Mrs. Crouse is still at the home of Mr. and Mrs. Jack Stewart and undecided as to her future course, though she is conversing nicely.

Mrs. Eugene Moore, Mrs. Hiram Moore and Mrs. Harry Purrier were hostesses at the refreshment table, following the regular Grange meeting.

The next meeting of Enterprise Grange will be held at 8 p. m., Saturday, June 25, when a report from the delegate and Mrs. J. R. Bowen will be enjoyed.

George McNeal and sister, Miss Millie; Mrs. George Saltzman and Mrs. S. W. Hutchinson drove to Grants Pass Monday then to spend the day visiting with Mr. and Mrs. C. O. Young on the Redwood highway. They stopped to see the fish at Savage Rapids dam, called on Mrs. Park near Grants Pass, then on to Mrs. Siltman's home for evening lunch and home in the late evening.

CLUB WOMEN ON RECORD AGAINST PICTURE BUREAU

SEATTLE, June 17.—(AP)—The general federation of women's clubs today overwhelmingly rejected a proposal to put motion pictures in the U. S. under federal supervision. Only 15 out of about 800 delegates to the biennial convention voted for it.

The motion was offered from the floor by Mrs. Maude Aldrich, a delegate from Washington, D. C.

Mrs. Ambrose N. Diehl of San Francisco, chairman of the motion picture committee, arguing against the Aldrich amendment, said federal supervision of films would mean the creation of at least eight new political jobs at fat salaries.

She declared the present trend is away from governmental bureaucracy and women are obtaining motion picture betterment through the present cooperation of the general federation and the motion picture industry.

"Criticism and wholesale denunciation of pictures, based on personal prejudice, can accomplish nothing," she said.

Mrs. Diehl reported a definite improvement in the motion picture now produced, saying the federation now finds from 15 to 20 selections a month suitable for family entertainment, where as when it first started reviewing, only four or five could be so designated.

The resolution adopted protested against drinking scenes in the motion pictures and "oversexed" themes.
