

DUFF IRISH TRIO TO CONTINUE AT PHOENIX CHURCH

The Presbyterian church at Phoenix has been filled with large crowds nightly to hear the Duff Irish Trio young evangelists. They are continuing another week at the request of the Phoenix people with services every night at 8:00 o'clock.

On Sunday night the young evangelist, Walter Duff, will preach on "The Greatest Question of the Age." A very fine musical program of local talent will also be presented during the song service, which will include "The Mass Quartet" of the church. A solo by Mr. Henry Frame, Mr. W. V. Nibmont will again play a novelty number on the "saw." Mrs. H. Frame will play the offertory on the Organ.

Arrangements are being made to comfortably seat the congregation on Sunday night. The rear rooms are to be opened and well ventilated.

The trio promises that Sunday will be one of the outstanding nights of the campaign. The young people's choir of 30 voices will assist the song leader, Mr. Val Cloud, in the community sing.

This meeting is said to be drawing the largest crowds the church has seen for a campaign of this kind.

It is to begin promptly at 7:30 p. m., and close at the opening of the later service. BLIND BUYING

Merchants would be amazed if their patrons attempted to shop BLIND-FOLDED . . . Such a thought would be out of the question. Business men spend a lot of money to properly DISPLAY merchandise so that buyers may examine what they purchase . . . may be sure that FULL MEASURE is given . . . so they may KNOW that they are getting value received.

Audit Bureau of Circulation Ends "Buying Blind" For Advertisers

To buy ordinary "claimed" circulation is just like shopping blindfolded . . . An accurate audit of newspaper circulation is just like displaying merchandise—the merchant who advertises or the woman who places a classified ad KNOW what they are buying—there's no Guesswork! Because the Mail Tribune wants to DISPLAY ITS CIRCULATION, so that advertisers may KNOW what they are buying, this newspaper is a member of Audit Bureau of Circulation.
