

SHOCK ABSORBER FOR COOLIDGE TO RUN HOOVER DRIVE

Everett Sanders, 'Best Secretary a President Ever Had,' Returns to Politics As Campaign Head

By Alexander R. George
WASHINGTON (AP)—Directing the republican forces in the big battle of 1932 will be the log-cabin born Hoover, who for four years was President Coolidge's "shock-absorber."

Everett Sanders, secretary of the political spotlight after four years of relative obscurity to fulfill predictions that he was headed for high place in his party.

run again" and the Hoover regime came in, Sander returned to his law practice. His selection now to head the party in the coming campaign is described as a strategic alliance of the Hoover and Coolidge political forces.

Born To Poverty
Selection of this former congressman, schooled in Indiana and national politics and familiar with presidential problems, is regarded by party politicians as a happy choice.

Born To Poverty
He was formerly a law partner of the late James W. Good of Iowa, and like Good he is credited with expert knowledge of political problems in the middle west.

Born To Poverty
In 1924 he almost won the vice presidency. Powerful G. O. P. leaders at the Cleveland convention had selected him, the story goes, as a running mate for President Coolidge. But owing to an Indiana political quarrel he failed to get the support of the Hoover delegation.

Born To Poverty
He was a member of the house from 1917 to 1925, and rated one of the ablest parliamentarians in congress.

nurse, and Mrs. Olive Wheatley, the housekeeper. Both were at the Lindbergh home in Hopewell when the baby was stolen. Both were questioned at the time by police. Any both were completely exonerated of any implication.

Child Chloroformed
The kidnaping was staged by two men, John and another known as Eric or Nils, who came from Newark. After conferring with the unnamed member of the Lindbergh household they chloroformed the baby, taking him from the house through the pantry door downstairs. A green sedan was parked a few hundred yards from the house and the baby was taken away in that, under care of a nurse called Gretchen. With the baby lying in an improvised cradle in the car the kidnapers drove to Cape May, N. J., where they boarded the schooner.

FISH NOW BITING AT DIAMOND LAKE AS FEAST ENDED

DIAMOND LAKE, June 28.—(Sp)—Fishing conditions have improved over those prevailing last week. Wardens at the state fish hatchery attributed poor fishing to the abundance of mosquitoes on the surface of the lake. These pests are present in hordes for about two weeks in June each year. After which they die and literally thousands float on the surface of the lake for a short time.

Fish Now Biting
Flash opened at the hatchery showed that they had gorged themselves on these insects. And for that reason were not disposed to strike artificial bait. However few went out without getting at least one or two fish.
