To Work at Butte Falls—Gilbert Russell of Seattle is in Medford today, preparing to continue to Butte Falls, where he will be employed at the hatchery during the summer season.
Display at Chamber—A new display in the Chamber of Commerce window today is particularly inviting as the mercury rises, the main feature of it being a great big brick of ice cream. The display was arranged by the Gold Seal creamery.
Moffatts Have Guests—Mrs. Margaret Stewart and Mrs. H. J. Arnold and two children of Pasadena, Calif., are guests of Mr. and Mrs. J. A. Moffatt. Mrs. Arnold is a niece of Mrs. Moffatt's. They have visited Crater Lake and other scenic sections of southern Oregon and are loud in their praises of them, especially Crater Lake, which they saw for the first time in its mantle of snow.
Leaves For Roseburg—J. J. Skinner, of the investment department of the California Oregon Power company, who has been spending the past week in Grants Pass, left Monday for Roseburg. His headquarters are in Medford—Grants Pass Daily Courier.
Here Overnight—The Oregonians who were here overnight at the hotels include W. K. Rush, W. G. Nash and party, Beulah Wyrd, Miss K. Spine, L. F. Newton, Alice E. Powell, Orin Feerikson, and Harold Ayers of Eugene, E. Lucille Cummings of Salem and George Barbour of Roseburg.
Deliver Paper—Although the regular meeting of the employees of Snider's Dairy was postponed from last evening, the issue of "The Hustler," four-page newspaper edited by John Snider, was distributed among the members of the firm, who acclaimed it "the best edition yet."
Call Special Meet—A special meeting of the Daughters of Union Veterans will be held tomorrow evening at the armory, it was announced today. The meeting has been called for eight o'clock and all daughters are urged to be present as convention reports will be given at that time.
Home From Resort—Mr. and Mrs. F. E. Wahl returned yesterday from a vacation at Lake of the Woods, where they report the fishing very good and the scenery more beautiful than for many years because of the abundant growth of greenery, resulting from the heavy rains. Many all-terraines and perch are being taken from the lake, they state.
To Crater Lake—Among those who left Medford early this morning to spend the summer at Crater Lake where they will be employed as the hotel for the season, were Orin Feerikson, Harold Ayers, W. G. Nash, Beulah Wyrd and Miss K. Spine of Eugene, E. Lucille Cummings of Salem, and Norman Cort and Van Cleave of Portland.
Guests From the North—The hotel guests from Portland, who stopped in Medford include G. W. Berry, Ted Stamm, Mr. and Mrs. W. A. Ross, Norman Cort, Van Cleave, Mr. and Mrs. L. H. Few Washingtonians—The only Washington residents, whose names were listed on hotel registers here are A. R. Borton and J. F. Plitherick of Seattle and W. Al Brown of Spokane.
Down From Lake Creek—A. McIntyre and W. M. Shaw, ranchers of Lake Creek, were transacting business in Medford this morning. Herman Meyer, T. L. Parlow and Chas. Klinge were also down from that farming district.
Visits Grandmother—Little Nolan Marion of Klamath Falls, is spending the week with his grandmother, Mrs. Billy Wilson, who resides on North Holly street. The young man plans to remain here until after the Fourth of July.
Dog Still Missing—Mrs. Charles Jones of Chicago, whose life was saved last week by Harold Grey of Medford, when an artery in her arm was cut in an automobile accident, is reported as getting along nicely at a local hospital. The valuable English pointer dog, named Shamrock, which belonged to the couple, and disappeared at the time of the accident, has not been located as yet, Mrs. Jones stated. Harold Grey and Otto Howard brought Mrs. Jones to Medford from the highway near Butte Falls, after her car turned over.
Return From Convention—Mrs. Mary E. Robbins and Mrs. Anna Harmon, both of whom attended the convention of the Daughters of Union Veterans and of the W. R. C. in Corvallis, last week, returned Friday. Mrs. Robbins attended as department musician of the former order and Mrs. Harmon attended as department instructor of the W. R. C. The ladies held these offices during the last year, until new officers were elected recently. Miss Leona Hull, president of Daughters Tent in Medford, but now living in Grants Pass returned with Mrs. Robbins—Grants Pass Daily Courier.

Arrive for Summer—Mr. and Mrs. L. T. Stewart arrived in Medford last evening from Colorado to spend the summer with their son-in-law and daughter, Mr. and Mrs. J. R. Spurgeon and their daughters. They journeyed to Mt. Shasta, Calif., by train, where the Spurgeons met them last evening. They reported an enjoyable motor trip over the Sierras to Medford.
Floating stable for donkeys. The whole raft is propelled with huge native oars and steered by a similarly crude rudder. It was constructed by workers in the studio department for use on one of the many streams at the 2700-acre Paramount ranch 40 miles north of Hollywood.
Constance Bennets with Neil Hamilton and Lowell Sherman in "What Price Hollywood" closes a three-day engagement at the Craterian today.
Joe Brown Comedy Coming To Holly
Showing for the last times at the Holly tonight is "The Strange Love of Molly Lovain," featuring Ann Dvorak and Lee Tracy.
Tomorrow the town will be thrown into convulsions and the occasion will be the opening of Joe Brown's latest comedy riot, "The Tenderfoot." Those who have seen Joe in his other pictures at the Holly know what is in store when this big-mouthed comedian comes to town.
This time Joe is a Texas cowboy who goes to New York to raise enough money to lift the mortgage on the ranch. However, his plans go somewhat astray when the "city gals" get hold of him and the mortgage is destined to go "unlifted" for some time. Vivacious and amiable Ginger Rogers is the leading lady, and Lew Cody assists this great funster, and the work of all three goes to make "The Tenderfoot" one of the finest comedies produced this year.
As an added attraction on Thursday and Friday evenings the Holly will present Val Valente and his famous Roof Garden orchestra on the stage. Those wishing to hear this wonderful band should be at the theatre by 8:30. Short subjects on this program will include a Billy Symphony, and subjects by E. M. Newman and Robert L. Ripley.

fastest Mile FOR STOCK CARS

—and 25 Other Speed Records Smashed in 1 to 500 Mile Run by

New Union 76 Gasoline

Practical demonstration proves superiority of 76's high anti-knock value—ESPECIALLY IN HOT WEATHER

WHIRLING around a ten mile surveyed course in a strictly stock car and under the supervision and electrical timing of American Automobile Association officials, Eddie Miller broke 26 U. S. stock car records last week.

Scene showing elaborate equipment of the American Automobile Association used during the speed tests. Electrical contact is made at beginning and end of measured course, insuring absolute accuracy to the 1/1000 of a second. Eddie Miller driving the stock Auburn roadster is just finishing the line establishing U. S. Stock Car mile speed record of 95.109 M. P. H.—one of the 26 records broken.

Full Equipment Used

These records are important to you because the cars were strictly stock—running with full equipment—models which many motorists are driving today. The gasoline was 76—taken directly from a roadside pump. The oils and greases used were the same that you can secure at independent or Union Service Stations.

What Test Proved

The test verified what has already been claimed—that New Union 76 is the finest non-premium anti-knock gasoline ever offered.

One point is worthy of SPECIAL note. During the entire series of runs and when the engines were hot, the anti-knock performance of 76 stood up perfectly—not one knock came from the motors. This means that your own car fueled with 76 will render faultless anti-knock service this summer—no matter how hot the weather or how steep the grade.

Just Watch for the 76
We've made it easy for you to get this world's record fuel.
Just glance ahead—and when you see the big 76 banner or 76 sign, start slowing down. Turn in there and stop for service at the 76 pump.
