LICENSE BUYING AT LOW EBB IS SHERIFF REPORT
Temporary auto licenses issued through the sheriff's office for the period ending yesterday totaled 807, with an aggregate collection of \$17,508.25. It is figured that 800 applications were made direct to the secretary of state, which would bring the total to close to 1400, and the amount of money collected in Jackson county to approximately \$20,000.
The secretary of state's office apportioned 7000 temporary stickers to Jackson county, making due allowance for the times and the reluctance, even in good days, of a portion of the motorists to buy license on the scheduled days. State figures place the total number of autos in this county at between 9000 and 10,000. With but 1307 procured, this leaves close to 7500 motorists in financial straits and unable to purchase. Business men and officials regard this as far too high. It was estimated that 25 per cent would be unable to secure plates. On the face of the figures less than 25 per cent did.
Each county is apportioned 25 per cent of the money collected for licenses, and it is used for general road fund only, for the payment of road bond interests, if any, and the carrying on of emergency relief work. The records of the sheriff's office show that license sales declined with the rumor and later the report that a motor moratorium would be granted. When the peak of the talk was reached, and before any action had been announced, a new low was set on June 20, when one quarter-period license was issued for \$11.
The three heaviest days were June 27, when \$1756.05, June 29 with \$2199.40 and June 30 with a total collection of \$2160.45.
It is conceded that scores of Jackson county motorists availed themselves of the moratorium of 15 days, and will use the funds for a fit and proper observance of Independence Day next Monday.

SIX COUPLES IN CELEBRATION OF LONG WEDLOCK
(By Eva Nealon)
Though the years have robbed their hair of gold and brought lines to each aging face, they have not discouraged that faith in God and each other, which has enabled six couples of the Free Methodist church of Medford to keep the holy bonds of matrimony more than half a century. They conveyed that story of faith to friends yesterday, who gathered at the home of Mr. and Mrs. Will Garrison, Second street, to join them in celebrating the 50th anniversary of their wedding.
Lifting their voices in hymns of praise, the twelve honor guests gave thanks to the Lord, who has given them health and happiness, which have endured through more than 50 years they have been wed.
"No divorce wanted—just a longer honeymoon"—was their request, when they ceased to look backward over the years. Each has observed a golden wedding day and all are anticipating diamond jubilees.
The twelve honor guests at the party, arranged by Rev. E. N. Long and Mrs. Long of the Free Methodist church, were: Mr. and Mrs. G. W. Tedrick, married 51 years; Mr. and Mrs. Garrison, married 60 years; Mr. and Mrs. J. T. Fry, 55 years; Mr. and Mrs. J. T. Eads, 55 years; Mr. and Mrs. O. E. Rose, 55 years; and Mr. and Mrs. William Schmidt, 50 years.
An old fashioned dinner was served in their honor at noon and open house conducted between the hours of two and four, during which time friends of the six couples called to express their congratulations.
The religious program was conducted by Rev. and Mrs. Long and pictures of the group were taken by J. Verne Shangle, local photographer.
Asked for an explanation of their success at matrimony, husbands and wives replied in chorus: "We came to Oregon. Otherwise we could never have lived so long."
"Speaks mighty well for our church too, don't you think?" a man added, chuckling over a silver white beard. "We're all Free Methodists, you know. Don't forget that."
Mr. and Mrs. G. W. Tedrick, who took first honors for being the longest wed, were married in Wisconsin April 16, 1871. Mr. Tedrick is now 84 years old and Mrs. Tedrick 77. They have lived in Oregon so many years, they refused to count them, but stated they have enjoyed each one spent in the Rogue River valley.
Mr. and Mrs. Garrison, each of

which is now 90 years old, and also were married in Bement, Ill., June 30, 1872. They have lived in Medford for the past 12 years.
Mr. and Mrs. Rose, now 79 and 76 respectively, were married in Alma, Kan., May 1, 1877.
Mr. and Mrs. Fry, 84 and 78, also entered matrimony in Kansas. The date was April 15, 1877. After coming to Oregon they made their home for many years at Trail and are now residing at Central Point.
The J. T. Eads were married in Albia, Iowa, May 18, 1877. They have made Medford their home for 30 years. Mrs. Eads is 77 years old and Mr. Eads, 80.
Mr. and Mrs. Schmidt, the youngest in the party, were married March 27, 1882, in what is now Kansas City, Kan. It was then known as Wyndott. Mrs. Schmidt is 68 and Mr. Schmidt 76 years old and they have lived in Medford 26 years.
