

PETIT JURY MAY EYE BATES CASE IN COMING MONTH

Circuit Judge H. D. Norton has intimated that if the trial docket justifies he may call the petit jury for service during August. A few matters are pending, including that of F. S. Bates, aged Gold Hill miner, indicted for alleged threatening to commit a felony. This is one of the so-called "breakdown of law and order" cases. Bates is at liberty on bonds furnished by his daughter and L. A. Banks, orchardist. Bates is now scheduled to enter a plea next week. Judge Norton is holding court in Josephine county this week.

The case of Niedermeyer, Inc., against Earl H. Fehl and the Pacific Record-Herald for collection of a promissory note and chattel mortgage will be called early in August before Judge C. C. LaTourette of Oregon City, assigned to the case by the supreme court when an affidavit of prejudice was filed by Fehl against Judge Norton. It is an equity case and therefore will not be heard by a petit jury. The plaintiff has moved for an early hearing.

The criminal docket is cleared and there will be no session of the grand jury until the October term of the circuit court.

LOOTING OF AUTOS BECOMES RACKET

Complaints filed the past three days indicate the gasoline, spare tires and groceries left in open autos are the principal articles stolen by petty thieves. Roundup of the gang engaged in regular stealing of groceries from cars parked on the streets of this city, Ashland and Central Point is scheduled.

Groceries were stolen last Saturday night from four autos parked on Medford streets. The losers had come to this city to trade and spend an evening in the city. People are urged as a precaution to store their purchases any place but in open autos.

The food thefts are attributed to hungry transients and tire and gas thefts to financially embarrassed motorists.

INVESTORS FAIL FILE COMPLAINT

The district attorney's office has taken no action on the suggestion of the corporation commissioner that Jackson county prosecute the Empire Holding cases arising in this county. Such action is doubtful. No Jackson county resident to date has thrown any inclination to sign a formal complaint, though it is known that quite a few made investments in the project.

Information received that the three trials of Empire Holding heads to date, cost Marion county \$10,187, with a result of one conviction, one disagreement and one acquittal. Marion county balked at any further prosecutions and the corporation commissioner suggested that future trials be held in Lane, Douglas or Jackson counties.

GRASS BURNS ON JACKSON STREET

A grass fire, apparently started by a carelessly thrown cigarette from a passing auto, swept over five acres of tinder-like grass at the west end of Jackson street last night about 10 o'clock. The burned area was a triangular strip of ground bounded by roads. Five or six small houses were menaced by the flames but not seriously.

The fire department was called and directed that watchers set fire to the remaining grass and thus eliminate a grass fire danger for the rest of the season.

The fire cast a red glow in the sky and attracted a large number of motorists.

DR. APOLLO PLANS TO LOCATE IN MEDFORD

Because he likes the Rogue River valley very much, Dr. V. C. Apollo of Berkeley, Cal., is considering locating in this city, he announced today. Dr. Apollo accompanied his brother, Sebastian Apollo, well known local musician, to Medford on his return from a vacation in the southern city.

Dr. Apollo has been acting professor in the Golden Gate Chiropractic college, and if he decides to remain in Medford, will open offices here.

CATTLE REACH NEW HIGH PRICE OF YEAR

DENVER, July 12.—(AP)—New record prices for the year were established in the Denver union stockyards today as steers sold up to \$10 a hundredweight, flat.

Heifers brought a new top of \$7.50 flat, and hogs soared up to \$3.19 before slipping a dime around noon.

Gladolus Show to Draw Large Following This Week

Bringing a flaming end to regrets at the departure of early summer's roses, comes the gladolus to Medford gardens, and each year finds several new names added to the list of growers. So each year the summer show of the Medford Garden club, devoted to the display of these very decorative flowers, is anticipated by a large number of society folk.

Scheduled for Thursday of this week the 1932 show is commanding the time and interest of many misses, matrons and members of the masculine ranks. It will be staged in the city park under the leadership of Mrs. Leland Mentzer.

Exhibitors are asked to bring their blossoms to the park at 8 o'clock in the morning and to arrange them in heavy, well-balanced containers. All growers, professionals and amateurs, are invited to bring their blooms, and if possible, to label them. Those who are unable to name their flowers, however, will be assisted by the committee.

Assistants named by Mrs. Mentzer this morning are: General committee, Mrs. Lewis Ulrich, Mrs. Olin Arnsperger, Mrs. C. C. Furnas; hostesses, Mrs. E. W. Simmons, Mrs. R. W. Sleeter, Mrs. Frederick Johnson, Mrs. B. G. Harding, Mrs. E. E. Wilson, Mrs. T. W. Miles and Mrs. L. Bundy.

The committee members received with great enthusiasm the recent announcement that the gladolus has been chosen official flower of the Olympic games.

Rinard-Smith Wedding Event in Prineville

Miss Bernice Rinard, daughter of Mr. and Mrs. Joe Rinard of this city, and Stanley Smith, son of Mr. and Mrs. Sidney S. Smith of Washington, Iowa, were to have been married in Prineville, Ore., yesterday, according to announcement of their plans when leaving Medford Sunday. They were accompanied to that city by Mr. and Mrs. Rinard, where the latter's sister resides.

Following their wedding, the young couple planned to motor to the Smith home in Iowa, where they will remain for some time.

Both are well known in Medford, having graduated from the local high school. Mr. Smith also attended the University of Oregon.

Lutheran Ladies' Aid Meets Thursday

The Lutheran Ladies' Aid will meet in the church parlor at 4th and Oakdale Thursday afternoon at 2:30. Every member is urged to be present and bring a friend. EYE PIERCED BY PIECE OF STICK SAVED BY SKILL

H. F. Whetstone, rancher of the Tolo section, was in Medford this morning, thanking medical science for the preservation of the sight of his right eye, into which a stick an inch and a quarter in length, was driven about a week ago.

Whetstone was driving cattle at his ranch, when a piece of stick, with which he struck a cow, flew back and through the ball of his eye, continuing into the socket to the extent that he was able to close his eye with the entire piece in it.

Dr. F. G. Thayer removed the stick from his eye and followed the operation with several stitches, so taken that the sight of the farmer's right eye is practically assured. He is able to see with it now, he stated this morning.

Telling the story of his own mishap, Mr. Whetstone declared "trouble never comes singly on the farm. The same week my boy, Alton, had his horse killed by a bull."

The boy was on his horse, driving the bull, when it turned and charged his steed. Mr. Whetstone said, Alton escaped serious injuries by jumping the fence. He called for help and a group of neighbors came to his aid. Equipped with clubs and guns, they managed to corral and tie up the mad animal.

Japan Loses Sake Thirst

TOKYO—(AP)—Japan's production of sake, the national rice-beer, in 1931 was the lowest since 1908. Brewers said competition of lager beer and imported drinks were responsible, rather than any trend toward prohibition.

Dairymen's Meeting Set for Tomorrow

FIGURES FOR FIRE INSURANCE SHOWN QUARTER REPORT

One fire occurs in Jackson county every 2 1/2 days, according to figures submitted by Edward H. Pfing, fire insurance adjuster of this city. These figures include only losses on which insurance reports are made to the state insurance department, Mr. Pfing points out.

Of the 171 claims submitted from Jackson county up to March 31, a total of 86 was paid on dwelling houses, 40 on mercantile buildings and stores, and 22 on farm dwellings and contents.

The figures show that of that group 26 claims were caused by careless smokers and matches, 22 by overheated chimneys, and 35 by hot ashes and overheated stoves.

Value of the property involved in the 171 claims in Jackson county totaled \$1,769,984, with insurance carried to the value of \$1,381,453. The insurance loss paid during that period totaled \$121,704.

Klamath county had 181 claims during the three months period, with the property involved valued at \$6,304,946, and insured for \$4,094,768. Losses were paid amounting to \$787,284.

State totals show a total of 5066 claims, with the property value given as \$82,285,918, and insurance of \$53,910,761 carried. Loss paid in the state was \$3,863,940, Mr. Pfing's figures show.

LOCAL MEN FIND COLLEGIATE LAD HAD GOOD 'LINE'

(Continued from Page One)

Dr. Wilson, however, was the mainstay and he treated the wound, and the "inner man." But last Tuesday he got a "bunch" that something was happening and upon inquiry learned that there was no federal judge by the name of Montgomery, that there was no disabled Ford in "Pop's" Gates garage, that the Sigma Chi membership was also mythical, and about the same time the youth had a "bunch" to depart.

All the help rendered was voluntary, according to Dr. Wilson. The youth told no tale of woe—just exhibited himself as a southern gent in distress, and his path was smoothed. Dr. Wilson said it was a pleasure to be bamboozled by an artist at petty skulduggery.

A number of the local gents reports that "Mr. Montgomery was a nifty dancer, with a snappy line."
