

# BOYS' AND GIRLS' SUMMER CAMPS OPEN JULY 29TH

ASHLAND, Ore., July 14.—(Sp.)—The annual summer camps for boys and girls, sponsored by the Ashland Y. M. C. A. and the Ashland Camp Fire Girls, will begin July 29 this year and run through to August 30. All boys over 9 years and all girls over 10 years of age are invited to attend camp. This includes boys and girls from Medford and Grants Pass as well as those from Ashland.

The boys' camp will be directed by Matthew R. Thompson, Ashland Y. secretary, and the girls' camp by Miss Mary Magson, physical education supervisor in the Ashland schools. Each will be assisted by competent adult counselors.

The camp grounds are located on a shallow cove of Squaw Lake, six miles east of the Big Applegate river, two miles from the California line and 46 miles by road from Ashland.

Much free time is allowed for campers to pursue their own hobbies and interests under supervision. Swimming, life saving, campcraft, nature study, self government, and citizenship training will be given in all camp periods. Good food is served and a liberal allowance is made for sleep and rest so that the campers may benefit physically.

The younger boys' camp period will be from July 29 to August 5. It will be featured by Indian lore, an overnight hike, modified self government, Bible study, archery, fishing, baseball, boating and chapel discussions.

The older boys' camp will follow, and last until August 19. The program will include a "trip around the world" of social, religious and political discussions emphasizing world brotherhood, besides usual camp activities. The last four days of the period will be spent in a hike across the Siskiyou mountains. Those not hiking home may have \$1.25 deducted from their camp fee.

The girls' camp will be from August 16 to 23 and 23 to 30. Girls may come either one or both weeks.

The fee for all camp periods is \$5 per week. Two dollars must be paid at the time of signing up. Lists of what to take will be given out at this time. The heavier equipment is furnished by people interested in the promotion of this activity. A medical examination, given free, is required of all campers.

Many members of the Jackson County Recreation club plan to attend the outing July 16 and 17 at Dead Indian Soda Springs, which has been arranged for the annual gathering, according to Mabel C. Mack, county home demonstration agent.

Committees from the club met with Mrs. Mack to plan for the program during the two days. Miss Claire Hanley of Jacksonville, Harry Ward of Eagle Point and Reed Charley are members of the general committee. They are being assisted with the program by Mrs. Arnold Bohmert of Central Point, Frank Hanna of Roy Ann and Mrs. A. E. Brockway of Oak Grove.

**COMPLETE PLANS FOR CLUB OUTING**

**COW GIVES OVER 100 LBS. DAILY**

MADISON, Wis., July 14.—(AP)—A milk production record of 86,850.4 pounds in a year, or more than 100 pounds a day, was credited by the Holstein-Friesian association to Carnation Prospect Veeman of the Carnation milk farm near Seattle.

The record is second only to the all-time production record set by her grandmother, Begia Pieterje Prospect, world champion cow to which a monument was erected near Seattle. Her world record was 87,381.4 pounds or 17,587 quarts in 1921.

Carnation Prospect Veeman is 10 years old.

**Electric Range Campaign Proves Entire Success**

The Monarch electric range campaign which has been carried on during the past month by local dealers and the power company is said to have been one of the most successful range activities of its kind ever conducted in this territory.

Through the co-operative efforts of local dealers with the power company and the Monarch range manufacturers, an offer without parallel in the history of the electric range business was made possible, it is said.

The offer featured a popular new model Monarch electric range at a price nearly half of what this same range would have sold for a year ago and included all wiring and installation without additional charge. Much credit for the success of this campaign is said to be due the carefully planned advertising program in which newspaper space predominated.

This successful sales effort shows what can be accomplished even during a depression period through the use of consistent advertising methods, according to the participants.

**Russia Reduces Area For Crops**

MOSCOW, U. S. S. R., July 14.—(AP)—Soviet Russia has wound up the spring sowing campaign with nearly one million acres less than last year under cultivation. The total is nearly 15,000,000 acres below the program.

## Meteorological Report

July 14, 1932  
Forecasts  
Medford and vicinity: Cloudy with showers tonight or Friday. Moderate temperature.

**'TRIXIES' LEG OK NOW, THANKS TO KINDLY DOCTORS**

NEW YORK, July 14.—(AP)—Little Lucy Graux, just 11, walked into the hospital for the ruptured and crippled carrying in her arms a little white puppy-dog.

"This is Trixie," she told Dr. Edward Barnett, "and her leg is broken, and the dog-doctor said he would have to kill her; but I don't want him to kill her because she is the nicest dog in the world, and so I brought her to your hospital."

Dr. Barnett called in three other doctors. This was no simple case. It called for consultation. X-rays were made. The doctors pondered. Finally they laid Trixie on the operating table, put her to sleep with a hypodermic, carefully reduced the fracture and put the leg in a cast.

Lucy Graux, beaming, and with a frightened but convalescing Trixie in her arms, looked up at the four doctors.

"Thank you very much," she said. "I was very sorry to bother you, but Trixie just couldn't die, because she is the nicest dog in the world."

The doctors bowed.

"You are entirely welcome," they smiled.

The hospital cashier cast a startled look at the doctors, shrugged his shoulders and tore up the bill.

**Long Hop Blamed For Fatal Smash**

MEXICO CITY, July 14.—(AP)—James N. Crofton, millionaire president of the Agua Caliente Amusement company, seriously injured last night when a plane in which he was flying to Mexico City crashed on a mountain top west of here, said today the desire to make a single day flight from Guaymas to Mexico City was responsible for the accident.

Pilot Carl Gilpin was killed trying to land in the dark and rain, and Gilpin's wife was perhaps, fatally injured.

Portraits of distinction. The Peaseys, opp. Holly theater.

**S-P FARES SLASHED FOR OREGON TRIPS**

**Daily until Sept. 30**

Every day until September 30, one-way and round-trip fares between S. P. points in Oregon will be radically reduced. Round-trip return limit, 30 days. Good in coaches only. 50 pounds of baggage checked free on tickets. You rest and relax and enjoy a smooth, quick trip when you go by train.

**EXAMPLE FARES**

Portland	One-Way	Round Trip
	\$6.70	\$10.75
Eugene	4.20	7.00
Salem	3.65	6.15

Here's Important Money Saving News of Vital Interest to Thrifty Buyers!

After More Than a Third of a Century... Medford's Oldest Retail Establishment.. the

# HUTCHISON MERCANTILE STORE

Announces a Drastic, Store-wide, Price-Slashing

# SALE TO CLOSE OUT

One-Half of Present Stocks Prior to a Change of Business Policy

SELLING STARTS FRIDAY, JULY 15 at 9 A.M. and Continues Daily With All Prices Smashed Until Further Notice!

Necessity Compels This Most Drastic Action In Our 36 Years of Business History!

For 36 years I have served the people of Medford and Southern Oregon in the same location... a record of which I am justly proud. I have never conducted a "sale store" given to high-pressure methods of merchandising. But now necessity compels me to take the most drastic action of these entire 36 years—a store-wide price-slashing

SALE TO CLOSE OUT ONE-HALF OF ALL PRESENT STOCKS QUICKLY, prior to a change of business policy. In presenting this sale I assure you that I have disregarded cost and loss, my one aim being to dispose of merchandise quickly, through giving you the greatest values I have ever offered. (Signed) C. I. HUTCHISON.
