

GLADIOLUS SHOW INVITES FLOWER LOVERS TO PARK

Flourishing their petals as if in invitation to the most accomplished dyers of the world to try to dip colors half so rich and numerous, flowers from Medford's gladiolus gardens are on display today in the city park in the annual exhibition of the Medford Garden club.

Arranged in dark containers, which blend into the green pattern of the lawn, the colors of the gladioli appear even more brilliant as the sun shines into their open chalices.

All colors of the rainbow and many departures from their tones, as they are best known, have been developed in the rare blossoms offered for the inspection of the public by the committee, headed by Mrs. Leland Menzies, chairman of the show.

Represented with a table each are the Warner gardens, the Arranger and the Wood gardens. On another table are arranged miscellaneous gladioli from numerous gardens.

Among the loveliest flowers is the Mrs. Leon Douglas, a large pink one with stripes of deeper red and petals which measure several inches from tip to tip.

The Mother Machree, as delicate in shading as the Mrs. Douglas is brilliant, was also being pointed out as a favorite today. Its petals, a grayish orchid in color, are striped with darker purple and a hint of yellow.

The Aida, of deep blue-purple, and the Emily Auburn, which runs the gamut of reds, were sharing honors with the Dr. Nelson Shook. The Tragedie, which accomplishes an exotic petal form as well as color, the red of which is decorated in yellow spots in a tigerish manner, adds extra flame to the green quiet of the park.

The tallest in the lot, a Mrs. Leon Douglas has been placed on the ground and the blossoms, in spite of the demotion, tower above those exhibited on the table, reaching a height of six feet.

The show will remain undisturbed through the afternoon and early evening, when the flowers will be sold at a nominal sum to anyone desiring them. The money realized will be added to the Garden club fund.

This Man Had Faith Lost 24 Pounds

"Last November I weighed 192 lbs. Today, (February 5th, 1932) I am down to 168 lbs. and full of pep all day long—since using Kruschen I have not had to use the laxative that was customary."—Theo. A. C. Lafleur, Providence, R. I. What do you think of this—you men who doubt—you stay fat—because you want to think that nature made you that way. You're all wrong—most fat men were made fat because of their inability to handle a knife and fork in a business like manner. Be frank with yourself. Are you too timid to take a safe, harmless conditioner that not only takes off surplus fat but is so helpful that it makes you feel years younger? To reduce safely take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—cut down on fatty meats, potatoes and sweets. Kruschen is sold by Jarmitt & Woods, Health's Drug Store and druggists the world over. A jar that costs but a trifle will last four weeks—but be sure you get Kruschen—your health comes first.

tion corporation, by elimination from the board of two ex-officio members was approved.

The conferees adopted the senate provision to prevent loans to financial institutions, officers of which have been on the board within a year.

Air Field Fund Approved

Provisions of the house bill authorizing a \$7,000,000 construction program at military air fields was approved, and the senate terms for government capitalization of regional agricultural credit corporations were adopted.

Conferees were not alarmed over the failure to agree, some of them believing the house would yield on the publicity provision. All chance of approving the bill today was gone, however, and final action by tomorrow was somewhat doubtful.

It was understood in house quarters that a number of senators who voted for the measure now were looking at it askance, because of doubt as to its constitutionality.

LOWEST PRICES IN HISTORY now buy world's best tires

RIGHT now is the greatest time to buy tires in the history of the rubber business.

Proof? Take a look at the prices below.

These prices buy Goodyear Tires—the world's first-choice tires—the best tires that ever came from the world's largest rubber factories.

If you've been watching tire prices—you don't need to be told that you're looking at tremendous bargains.

If you haven't priced tires lately, take our word for it, no real tires have ever been offered at lower prices than you are reading now.

You bet this is a great opportunity. You can get the biggest value, the largest measure of safety, comfort, sturdy life and long mileage ever put in a tire if you ask this hardpan question:

"Why pay good money for any second-choice tire when FIRST-CHOICE costs no more?"
