

### AIMEE ILL, SEEKS NEW LEADER FOR ANGELUS TEMPLE

#### Negotiations Opened by Husband With Another of City's Temples—Financial Straits Are Rumored

LOS ANGELES, July 15.—(AP)—Evangelist Aimee Semple McPherson Hutton, beset by what her physician said was a critical illness, was reported today as seeking some one to take over Angelus Temple, which she founded in 1922 and of which she is pastor.

Negotiations for the purchase of the temple were said to have been opened between David L. Hutton, Jr., husband of the evangelist, and the Rev. Ernest Roberts, an associate of the Rev. Paul Rader, owner of another of the city's tabernacles. It's Angelus Idea.

"Any negotiations occurring to date came from the temple," said Jonathan E. Perkins, business manager for Mr. Rader. "We have made no overtures here at the tabernacle."

Following Mr. Roberts' visit with Hutton at Lake Elsinore yesterday, he came to us saying Hutton had told him the temple was in such financial straits that it was necessary to get rid of it at once.

Mrs. Hutton remained at the Lake Elsinore resort today, her physician, Dr. Edward H. Williams, declaring her condition too critical to permit her removal in an ambulance to a Los Angeles hospital.

Aimee Has Many Ills.

The evangelist is suffering from the results of a nervous breakdown of a year ago, an ailment contracted on a recent Central American tour and the after effects of a brain concussion she received when she fainted and fell to the floor on being informed her husband had lost a breach of promise suit to Myrtle St. Pierre, a young Pasadena nurse.

Hutton, through his attorneys, has filed an appeal from the jury's verdict, which awarded Miss St. Pierre \$5000.

### FIRST BARTLETTS FROM CALIFORNIA \$2.25, PORTLAND

PORTLAND, July 15.—(AP)—Increased supply of butter on the local market during the last day or so and for the week to date scarcely reflects a betterment in the output. Rather it appears that the gain in the local output is due entirely to the fact there was one holiday last week.

There was no further change in the price list on the open market for the day; both prints and cubes being held stationary at the recent betterment for undercores.

Butterfat values are steady. There was again a lack of price change in the local market for eggs. General conditions were unchanged. Receipts are now about holding their own.

While there was some talk of price reduction by poultry buyers for the coming week, no changes were announced in values on hens for the day.

First carload of California Bartlett pears of the season has arrived. Priced mostly \$2.25 box.

Tomatoes are steady for outdoor stock with hothouse too scarce to base quotations.

Wild blackberries are arriving in fair supply out of the Mayer section of the lower Columbia. Demand is reported favorable with sales around 12-13½c lb.

Considerable activity is suggested in the market for loganberries, raspberries and blackcaps, with prices steady to a trifle better in spots. Strawberries are scarce and there is a fair call at full prices.

While there was a rather liberal supply of country-killed calves received during the last 24 hours, demand was strong and sufficient to clean up quickly at full prices. Other meats are steady to strong.

Early turkey season is suggested in the great number of young birds weighing 6 to 8 lbs., now available. There is a demand for broilers weighing 3½-4 lbs., but these are hard to locate.

The advance of 15c per 100 lbs. reported yesterday by Pacific as well as Atlantic coast refiners, is now in effect in the sugar market here. The market is firm.

Notes of wholesale trading: Changes in hard cooking compounds and pianos now showing.

### CANDIDATE RECORD WILL GUIDE DRYS IN VOTE SUPPORT

WASHINGTON, July 15.—(AP)—After rejecting a proposal for immediate endorsement of President Hoover, the national prohibition board of strategy today adopted a statement of policy prepared by a specially appointed committee.

The statement will be submitted to the board's constituent organizations for its guidance in the political campaign.

It was strongly indicated the policy agreed upon included submission of a resume of the prohibition records of candidates to those interested without directly backing any one candidate as such.

WASHINGTON, July 15.—(AP)—After another conference with dry leaders today, Senator William E. Borah of Idaho said he was not a candidate for nomination for president on a third party ticket.

Friends of his frequently have said he would not be interested in running for president on a third party ticket, but this was the first definite statement from Borah.

"I am not a candidate for nomination on a third party and never have been," he said.

### Methodists Make 3 New Preachers

PORTLAND, Ore., July 15.—(AP)—The Oregon Free Methodist church annual conference, in session here this week, graduated three young preachers from the course of study and ordered their ordination as elders next Sunday night. They are the Rev. R. H. Howell, Cottage Grove; the Rev. C. W. Burbank, Portland Lenta church; and the Rev. M. H. Picher, Grants Pass.

The ordination will be by Bishop A. D. Zanhiser of Pittsburgh, who is president.

Mrs. Rosella Douglas of The Dalles was re-elected conference Sunday school secretary.

Announcement was made that the stationing committee's report assigning the Free Methodist pastors of western and central Oregon to their charges next year would be read late Saturday afternoon. The conference will close Sunday night, when a week's camp meeting will open.

## THE HOME OF BREAD LIKE MOTHER MADE

### MORE PRECIOUS THAN GOLD

## The Golden Grains of the Golden West

SCHOOL authorities strongly urge the need for hot cereals for children. Rich in vitamins, they furnish the endurance for vigorous childhood activities—both mental and physical.

With the close of school, summer play greatly increases the physical, and the need for energy-producing foods (hot cereals) is even greater.

Western wheats have long been recognized as the finest for all cereals. Delicate in flavor, creamy in texture, they possess that nut-like taste appeal that makes the children relish them day after day.

Sperry Wheat Cereals—Oregon milled from Oregon wheats, are the ideal foods for you and your children. Serve them daily and in a few weeks when school resumes that reserve strength so necessary for the long school term—that stamina to resist the fall and winter epidemics—that vitality that brings rosy cheeks, glowing with health after exertion, will have been provided.

For health, for endurance, for energy— young or old— eat Sperry Wheat Cereals. Oregon milled from Oregon wheats, fresher, better, yet cheaper, because no eastern freight included in the selling price.
