

SLIGHTEST SHOCK WOULD ENDANGER EVANGELISTS LIFE

LAKE ELSINORE, Cal., July 18.—(AP)—Aimee Semple McPherson Hutton was reported by her physician today to be in such critical condition that "the slightest shock probably will result in her death."

"Her condition is extremely critical," Dr. Edward H. Williams, the physician, said. "She absolutely must not be disturbed if she is to recover. I have instructed her attendants to see that no one, even her husband, must attempt to see her."

Mrs. Hutton is suffering, so her doctor said, from a basal fracture of the skull. She fainted recently when informed her husband, David Hutton, had lost a breach of promise suit to Myrtle St. Pierre, a nurse, and fell to the floor, striking her head.

Mrs. Hutton had been at this resort recovering from a nervous breakdown and a tropical ailment when she injured her head. She is being carefully guarded by numerous attendants.

ALL-STARS ISSUE GRANTS PASS DEFI

Former league playmates may be pitted in a bitter battle if the challenge hurled by Louis Puhl, mentor of the Jacksonville All-Star baseball team is accepted by the Grants Pass outfit. Grants Pass sometime ago withdrew from the Rogue Valley league and has since been playing independent teams about the region. According to Puhl, there have been boasts of the prowess of the Climate City aggregation, and in order to show the latter where they stand in the estimation of the All-Stars, the Jacksonville team are willing to play them here next Sunday in a winner-take-all battle.

The locals meet the Negro Giants at the fairgrounds July 28, and also have a game scheduled in the near future with the House of David contingent.

WHAT TO DO NOW IS QUESTION FOR BONUS BATTALION

WASHINGTON, July 18.—(AP)—With no congress to stalk, and a general agreement not to picket the White House, veterans who want their bonus wondered today what to do.

They had no intention of parading on the capitol plaza and staging demonstrations that would lead to the arrest of their leaders, as they did Saturday, for congress was not meeting and hence could not be impressed with their desire for bonus cashing.

They were so unsuccessful in their attempts to picket the White House that they had agreed with police that was not so good an idea.

As a result, most of them sprawled about their billets in various portions of the capital, waiting for somebody to suggest something. Some took advantage of the permission to borrow against their bonus certificates enough money for railroad fare and food home.

Just plain weariness struck veterans who had participated in the day and night march on Capitol Plaza that ushered congress into adjournment and who tried to walk up and down in front of the White House.

A trial for one of their number, Urban Ledoux, otherwise "Mr. Zero," was set for today, on a charge of disorderly conduct while marching with others in front of the White House as congress adjourned Saturday.

From Diamond Lake—Joe Harrell of Diamond Lake is spending several days in Medford. Today he reported receiving word from his son Benny, who has just returned to West Point from a trip to North Carolina. His son Ned, an ensign in the U. S. navy, is now stationed at San Diego, having returned to that station from the eastern coast. He will now be on duty aboard a destroyer, Mr. Harrell stated.

We want to tell every smoker from coast to coast that Chesterfield cigarettes taste better...

Chesterfield's way of blending and cross-blending fine Turkish and Domestic tobaccos brings out better flavor and aroma.

We want every man and woman smoker to know this:
