Ensign James R. Pack of the Salvation Army, who leaves soon to occupy another post, expressed regret at leaving Medford and thanked the council and all departments of city government, especially the fire and police departments, for the co-operation he has received here in his work.

Councilman C. C. Darby reported complaints from residents of the east side regarding a surplus of rats evolving from the garbage dump and asking a general nuisance of themselves. Mr. Darby also informed the council that he had interviewed the keeper and was informed that the "rats came to the garbage dump from elsewhere. The Whole Trend is toward a Milder Cigarette

Do you remember the days when you first started to smoke?

ALL CIGARETTES tasted somewhat alike to you, but after a while you noticed that some cigarettes were decidedly stronger than others... Remember? As smokers become more experienced, they demand milder cigarettes. Chesterfields are milder. There is no argument about that. Their mildness is a feature as distinctive as their package or their trade mark. Their tobaccos are mild to begin with. Patient age-

ing and curing make them milder still. Chesterfields contain just the right amount of Turkish—but not too much—carefully blended and cross-blended with ripe, sweet Domestic tobaccos. In this nerve-racking time, smokers—men and women—are showing a decided preference for milder cigarettes. Chesterfields are milder. They taste better. That's why "They Satisfy."
