

GOMEZ REGISTERS SECOND WIN OVER OLD RIVAL GROVE

Yankee Star Gets Credit for 9-3 Victory As Great Southpaws Duel — A's Lose Second Place in Race

By Gayle Talbot. (Associated Press Sports Writer.) Lefty Gomez, who in less than two seasons has risen to the status of one of baseball's greatest hurlers, has scored another clear-cut triumph over Robert Moses Grove, his chief American league rival.

The two great southpaws clashed yesterday for the second time this year, and the Yankee star scored an impressive victory, 9 to 3. He defeated Grove in the first game of the year at the Yankee stadium, April 20, when he won, 8 to 3.

While Gomez did his part, shutting the A's out with four hits until the eighth inning, Grove was battered for 11 hits and gave six bases on balls. Joe Sewell led the Yankee attack with five blows, including a home run.

The defeat cost Philadelphia second place in the American league, the Cleveland Indians passing them with a pair of victories over Chicago, 9 to 7 and 9 to 6.

St. Louis and Detroit broke even, the Tigers taking the first, 6 to 2, after a first inning outburst that scored four runs, and the Browns coming back in the nightcap, 10 to 7, to give Wally Hebert his first win in nine games.

Although Dale Alexander clouted a home-run with two on, the Boston Red Sox bowed to Washington, 12 to 6.

The Pittsburgh Pirates held their four and one-half game lead over the National league by dividing with Chicago, the Cubs capturing the first, 7 to 2, as Lonnie Warlick registered his 15th victory, but the Corsairs took the second, 7 to 5, thanks to some great relief pitching by Bill Harris and a homer by Gus Suhr with two on.

St. Louis built up its fences with two triumphs over Cincinnati, 7 to 3 and 1 to 0. St. Johnson battled four Cardinal pitchers for 18 innings before his own error cost him defeat in the second game.

Boston and New York broke even for the day, the Braves winning 4 to 3, and the Giants 7 to 3.

Dazy Vance, by striking out ten batters, and Hack Wilson, hitting his 17th home-run with two mates on base, enabled Brooklyn to defeat the Phillies, 5 to 4, and break a five-game losing streak.

GRID CONFERENCE DEBATES BAN ON RADIO BROADCAST

PASADENA, Cal., July 25.—(AP)—With the question of radio broadcasting of football games apparently the predominating issue, athletic heads of the Pacific Coast conference opened their three-day convention here this morning.

Report of a sub-committee on the much-discussed problem was expected to be referred to the convention today. While the contents has not been disclosed, it is understood that broadcasting will be allowed to continue despite the action of several college conferences against it.

The report of Jonathan A. Butler, special investigator of the conference also will be submitted during the meeting. Butler has been making a survey of athletic conditions in the colleges of the Pacific coast for more than a year. After the report has been weighed the convention will decide whether Butler will be retained as athletic supervisor of the group.

There also was the possibility that the conference will take action on a proposal that it disregard the "dead ball" rule passed by the national committee last winter, in which it was decided that when any part of a ball carrier's body but his feet touches the ground, whether he is in an opponent's grasp or not, the ball shall be declared dead and the play stopped.

Football schedules for the 1933 season also will be tentatively drawn up at the meeting.

EUREKA LAUNCH CAPSIZES AFTER MOTOR FAILURE

(Continued from Page One) Henry Calanchini was the center of attraction for the picnic party as it put out to sea with its guest passengers. Witnesses said the boat's engine apparently died just after it had passed the bar at the mouth of the river, and it was tossed helplessly about by the breakers.

Struggles Seen. As it capsized, figures of the passengers could be seen struggling in the water. One or two managed to swim to shore. Others were pulled aboard rescue boats.

Louis La Tour, one of the survivors, characterized the accident as "a horrible nightmare." Describing the scene he said:

"All of a sudden the motor sputtered, coughed a little, and died. We tossed there, helpless for the space of a minute. Then a wave struck us. The boat toppled. I leaped.

"All about me, men and women were struggling in the water. There was some screaming. I looked about and saw little Jimmie (James Becker, 6) beating about in the water. I reached out and took hold of him.

"Then I saw that the boat had righted, and I hauled him into it. Another breaker struck, and the little craft began to go over. I had

Washington's Kin To Trace Steps In Modern Style

NEWARK, N. J., July 25.—(AP) Miss Anne Madison Washington, great-great-granddaughter of George Washington, is going to go places where the first President went on his travels — but the method of locomotion will be different.

She will fly with Major James H. Doolittle, speed ace, when he takes off today on a 2900-mile dash to duck flight to commemorate the 156th anniversary of the postal service. The flight will follow the path of Washington through 14 states.

It was two years after the Wright brothers made their first powered flight at Kitty Hawk, N. C., that Santos Dumont turned to heavier-than-air craft. In September, 1906, he took his box kite type plane off the ground at Bagatelle, France, and flew 250 feet at a rate of 18 miles an hour, four feet off the ground. Two months later he rose 20 feet and flew 700 feet at 42 miles an hour.

The monoplane was his principal contribution to aeronautics, however. He designed it after a period of experiments with seaplanes which was not very successful.

He had many accidents, but none of them resulted seriously until he was badly hurt in 1909, just before he quit flying.

He visited the United States in the days when flying was still considered a business for crack-brained and was dubbed "the modern Darius Green" and laughed out of the country.

PORTLAND, Ore., July 25.—(AP)—Captain Lamar B. Seeley, 81, president and general manager of the Puget Sound Navigation company, died at his home here today. He had lived in Portland 59 years.

PEROSINONE, Italy.—(AP)—A 16-year-old shoemaker-poet has recovered his job here with liberty to write verse on the inside of ladies' footwear.

The boy had been discharged when his employers learned that women's shoes were going to the market with bits of sentimental poetry inscribed on the inner leather. Customers convinced the employer that the poetry was making the footwear more popular.
