

OREGON ALUMNI
HERE TO BAND
AGAINST MERGER

Alexander O. Brown, secretary of the University of Oregon Alumni association will be in Medford this week-end to confer with Oregon graduates of Jackson county and to organize a county alumni group to work against the Zorn-McPherson bill which, if passed at the polls in November, would remove the University from Eugene to Corvallis.

Brown will speak before various civic organizations during his stay here and will explain the alumni viewpoint on the measure which would move the University to Corvallis, the normal schools to Eugene, the law school to Salem, establish junior colleges at LaGrande and Ashland and scrap the normal school at Monmouth.

The alumni are opposing the measure on the ground that the bill does not provide for any reduction of the basic educational tax, and that the wholesale changes proposed would seriously hamper educational efficiency throughout the system, and be an additional expense to taxpayers.

Donald Newberry, Olen Arnsperger, and Dr. Edwin Durbin are assisting in making arrangements for Mr. Brown's visit here and in organizing a meeting of Medford alumni.

My Beauty Hint

WINNIE LIGHTNER
(By Winnie Lightner.)

My beauty hint is a little unusual because it isn't something applied externally.

Each morning before breakfast I combine the juice of one medium-sized lemon with one tablespoonful of honey, and drink it.

This mixture seems to have qualities that aid in reducing the weight and assist in keeping the figure, no matter if one eats three square meals a day. Added to that I think it helps keep my complexion clear.
