

BUTTER MAKERS CUTTING OUTPUT PORTLAND AREA

PORTLAND, July 28.—(AP)—Continued decrease in the make of butter locally is reflected in current offerings here although some increase is noted in offerings from the country. The latter appears due to the fact that supplies are being switched from the California destinations to Portland because net values here continue among the best available.

Butterfat market is showing considerable strength at generally maintained prices. General trading trend in the egg market continues of very good character but with prices mostly unchanged. Receipts continue to decrease while demand is retained. More storage stock is selling.

Chicken market demand is generally holding up fairly well along the wholesale way with live sorts moving at practically unchanged values. There is no shortage noted in any line.

While there is very good demand showing for top quality light weight calves, heavy sorts are more difficult to move with some trading down to 4.45c lb. Prices in the market for country killed hogs and lambs are holding intact with no changes in values for several days at least. There has been a very considerable movement of lambs recently.

There is a shade of softness in the market for tomatoes as a result of rather liberally increased offerings from northwest sectors. In spots the price is held but generally it is being shaded a fraction.

Sales of new-crop apples and especially the new pack of California Cravenettes are unusually low. Trade in these is no higher than \$1.10 for fancy wrapped. Local jumble stock around 65¢ 75c box, and very slow.

BARREL FAMILY HOME OF SOUTH AMERICANS

RIO DE JANEIRO.—(AP)—Herr Leopold Carl Laus and Frau Florina Laus have lived in a barrel seven years, taken it through 22 countries, and acquired a daughter.

The Laus decided to travel in 1923, bought a large, stout wine barrel, fastened bunks inside, bought a burro and started off.

The burro pulled the barrel. The Laus walked.
They reached Rio de Janeiro after tramping, they said, through most of Europe, Turkey, Syria, Palestine and Egypt, catching a steamer from Italy for Brazil.

Their daughter, two years old, was born in southern Brazil.

FRUIT MEN SEEK BEST METHOD OF UNEMPLOYED AID

A discussion of the best methods by which local fruit packers may best co-operate with those interested in the solution of the unemployment situation occupied a major portion of the time at the regular meeting of the Rogue River Valley traffic association today noon. A committee, consisting of H. W. Hamlin, C. R. Green and Harry Rosenberg was appointed to confer with the unemployment relief association, and to make its recommendations at a special meeting of the Traffic association next week.

Plans for "staggering" employment in the packing houses, employment of heads of needy families, and other proposals were made and discussed, and those present indicated a complete willingness to do everything possible to aid in the solution of the local problem. A large proportion of the local packing houses have already posted notices at the various packing houses to the effect that only those holding Medford labor cards will be considered for employment. These cards may be secured by any resident of this community, by applying to Harry G. Moore, labor agent, at the city hall.

ROSEBURG.—Valley cafe improved. Coquille—Variety store moved to Gould building.

Our 1932 Plan on Tire Prices

The manufacturing cost of the various brands of Quality tires is very much the same.

To give you better Tire Values and better prices a saving had to be made somewhere in the manufacturer's cost of putting tires on the Independent Merchant's Shelves.

To accomplish this we added the buying power of a number of Southern Oregon dealers to that of our own and found that in making a direct factory contact, buying in quantity shipments, for our combined requirements, costing the factory only ONE BILLING, SHIPPING, ADVERTISING, SELLING and COLLECTION CHARGE for this entire territory, we could make a material saving in price.

You can share in this saving as shown in the following prices and equip your car with Fisk Air-Flight principle tires at the same price asked for Mail Order tires or other leading manufacturers' secondary line tires.
