**Miss Williams Feted Prior to Wedding**  
Two items of interest to Medford folk appeared in the Eugene Register-Guard Sunday, announcing the approaching wedding of Miss Melba Williams, formerly of this city, and considerable entertaining being done in the university city in her honor.

The wedding notice reads: "The new month brings many interesting affairs with several events listed on the social calendar. Of special interest this week is the marriage of Miss Melba Williams, daughter of Mr. and Mrs. C. S. A reception for a few intimate friends will follow. Miss Williams' only attendants will be Amy Lou and Winthrop Ware and Howard and Bobby Hall, who will form an aisle for the bridal party. Mrs. Wilson will be the harp and Miss Lora Techner the cello and Miss Evelyn Bristow will sing.

## JACKSONVILLE OF PIONEER MEMORY WILL BE REVIVED

By Leonard Hall

Hard-rock drilling and log chopping contests, old fashioned dancing and brass-banded bands teeming with foaming schooners and free lunch will once again burst forth Saturday, August 20, when historic Jacksonville will go on a wild spree, laugh at Father Time and rip an even 80 years from calendars. Commencing at 1 p. m. on that day and continuing till the crack of dawn the next old town will revel in the glory and glamour which is rightly hers, and will show the world at large just what a rip-snot-in, hell-raisin' gold camp she used to be.

Standing in a room of the old U. S. hotel which once sheltered President Hayes, a group of representative Jacksonville business men, Legion members and citizens last week decided to revive the old days when the former county seat was at its prime and, incidentally, raise cash necessary to buy a site for a new gold recovery hall mill which will be erected there within a few weeks.

Because of its historic past, its preservation of a large share of the state's relics and the fact that mining gold is still a real business there, the group hit upon the idea of re-enacting scenes and customs which made Jacksonville known and respected from the torrid interior of Old Mexico to the chilly wastes of northern Canada.

Backing of Medford post of the American Legion has been promised and already meetings have been held with special committees appointed, tentative program arranged and active work started on what promises to be one of southern Oregon's most thrilling and unique celebrations.

Arrangements are being made with husky miners and towering loggers to display their abilities, search is being instituted for wild hogs to be grazed and brains are being racked for unique and humorous races which will be staged. Mack Lillard, Medford boxing promoter, has started work on

a fight card to be staged in an outdoor arena to be erected for the occasion and promises an outstanding list of fighters for the celebration.

It is planned to erect a marker on the spot, situated near the center of town, where gold was first discovered in Oregon, and station experienced prospectors with gold pans there for the day to demonstrate their art to interested throngs. Numerous backyard mines, giving full blast, also will become show places to those unaccustomed to intricacies of a gold camp. Museums will be thrown open and the old Beekman bank, which alone handled millions of dollars in gold dust, will be open for inspection, preserved just as it was years ago.

As darkness eliminates the outside attractions lighted horseshoe courts, carnival concessions and a fight card will precede two dances, one strictly old fashioned—fiddlers, organ and calliope—held for exponents of the fast disappearing art. The second dance, a regular weekly feature in the old hotel, will be conducted for followers of the modern trend. Banquet hall of the one-time deluxe hotel—former bright spot in a 700-mile stage coach route—will be transformed into a combination "gambling den" and "barroom."

Oscar Lewis, Jacksonville merchant, has been voted as head of the celebration committee and other members are Ray Wilson, Clint Dunnington, Joe Wetterer, Dick Chappell, John Knight, Alfred Norris, George Woods and Leonard Hall. A special committee from the Medford Legion, composed of Chairman Elmer Wilson, Roland Smith and Fred Fry are working with the group.

The old town, which contains more historic interest than the average county, has united in putting over the "fifty years ago" celebration and will take great pride in being able to turn back time in its flight and recreate Jacksonville, August 20, 1882.

There are 248 Americans in Bolivia and 74 in Paraguay.

ASUNCION, Paraguay, Aug. 2.—(AP)—Hundreds of Paraguayan youths swarmed around army headquarters today and clamored to be the first enlisted in the general mobilization against Bolivia, authorized by congress last night.

The young men, eager to join the armed resistance, decided upon as a result of Bolivian attacks on Paraguayan forts in the long-disputed Gran Chaco region, refused to await the government's call upon them for service.

Military cadets marched through the streets, lined with huge, excited and milling crowds, demanding to be sent to the "war" area. They filed up to the residence of President Jose P. Giguari and cheered his action in deciding to defend the country.

## ACCEPTANCE FOR COURTHOUSE NEAR

Final and formal acceptance of the new county courthouse by the county court will not be made until about the middle of the month, as it will take that long to put the finishing touches on the structure.

L. H. Hoffman, contractor, has asked the county to be ready for early acceptance and final payment. The county court visited the work yesterday and inspected the edifice.

It is expected that some of the county offices will start moving

part of their equipment next week. Dedication of the structure will take place September 1, under the auspices of the American Legion. The formal dedication is now scheduled to take place at 11 o'clock, preceded by a parade.

The county court and Legion committee yesterday completed sending out invitations to state, national, county and city officials of the state to attend the ceremony.

## HEAVY BETTING ON WEDNESDAY FIGHT

(Continued from page one)

Talk of parison fans following the last bout between Leo Lomski and Jack McCarthy, which the Aberdeen Assasin won by a wily maneuver, has progressed to the point where considerable cold cash will change hands on the result of the rematch of the pair Wednesday night. As near as can be determined, local sentiment seems to favor McCarthy, although wagers are mostly on an even basis.

A few bets have been made that the bout, scheduled for six rounds, will not go the route. One Lomski admirer posted ten "smackers" that the San Francisco boy, Jack, will not last over four rounds.

All the fighters are reported by Promoter Mack Lillard as being in top form and eager to hear the gong.

## BARNUM WITNESS SAYS WIFE USED NAGGING METHOD

(Continued from page one)

that Barnum would "give her what she asked for," and as far as he could see was liberal.

Tainer was not very clear on many points in the testimony and the defense attacked "the integrity of the witness" and attempted to impeach his testimony. The witness was subjected to a long cross examination.

Barnum is expected to take the stand today, as the final witness, in the case. He will answer the charges of his wife, that he was surly and stingy, cruel, and "partied" with other women, and is not a fit person to have the custody of the child.

The defense yesterday introduced witnesses to prove that Barnum bore a good reputation, and that his wife had been under the influence of liquor at a Jacksonville dance.

At the close of yesterday's session Attorneys Porter J. Neff, W. E. Phipps and F. J. Newman testified to the reputation of the defendant, Mr. and Mrs. Sam L. Leonard also testified to the same point, and that Barnum was a fit person to have the care of the boy.

## MOTOR THIEF SUSPECT BACK ON SCENE TODAY

John Ross, arrested in Tacoma, Wash., last Saturday on the confessed theft of nine motors a week ago from the Pinnacle packing plant No. 2 of this city, will be returned to the city today for trial. Three of the motors were found in Ross' truck when arrested.

Ross claims that he sold the other six to a man he met on the Pacific highway near Portland for \$25. The authorities scout this story and believe he has them cached.

"Goodness, this isn't new—shall I tell you my secret?"

"Another new sweater, Judy—you extravagant girl!"

"I KEEP my sweaters (whether they're silk, wool or the new lacy cotton ones) new looking by washing them in Lux. First, I cut a paper pattern the size of the sweater. Then I wash my sweater gently through lukewarm Lux suds—(rubbing with cake soap tends to shrink sweaters)—rinse in lukewarm water, ease back to size of pattern. In no time your sweater is lovely as new. Lux contains no harmful alkali. Anything safe in water alone is safe in Lux."
