MANY REPLIES TO DEDICATION INVITE REACH COMMITTEE

That a large number of out-of-town guests will be present for the dedication of the new Jackson county court house was indicated this morning by committees in charge of the dedication program.

Among the county judges who have accepted invitation to be present are Judge D. F. Thompson, of Coos county; Judge Geo. A. Potter, of Sherman county; Judge D. O. Woodworth, of Linn county, and Judge G. G. Gillette, of Josephine county. Nearly all of the county officials in southern Oregon counties will undoubtedly accept invitations extended to them, according to Judge Lamkin.

The state supreme court will be represented by Chief Justice H. J. Bean, and although Governor Meter will be unable to attend, he will probably designate George Joseph, Jr. as his official representative at the dedication ceremonies. Senator Frederick Steiner has indicated that he will be in Medford for the event, but the attendance of Senator C. L. McNary is doubtful, according to present information.

State Treasurer Rufus C. Holman and Public Service Commissioner C. M. Thomas will complete the delegation of state officials represented in Medford on September 1st, since Hal E. Now, secretary of state; General George White, and C. P. Pray, superintendent of the state police, will be unable to be present.

Mayors of southern Oregon communities will be present, representing nearly all towns in Jackson and Josephine counties, and masters of the various granges throughout the county will participate in the ceremonies. Further information will undoubtedly be released in the near future, covering in detail acceptance to the many invitations issued.

The American Legion committee in charge of the dedication ceremonies was informed early this week by E. C. (Jerry) Jerome, local agent for the Texas company, that the new public address system of the T. S. Co. will be brought from San Francisco to Medford for the dedication. The committee in charge feels that this will be a valuable addition to the program, since the equipment to be supplied is the most modern available, and the crowd in attendance will be able to hear the addresses and entertainment without the least effort. This public address system is the same as the one used at the San Francisco Shrine convention in July.
