

ZUNDEL SECURES REQUIRED NAMES IN SHERIFF RACE

Lowell Zundel, who is circulating petitions in his own behalf as an independent candidate for sheriff, said this morning that he had "secured more than 300 signatures." Under the Oregon law, 262 are required. Most of the signatures were from this city and Ashland. Zundel did not know when he would file the petitions with the county clerk. In the event that the petitions are signed sufficiently, which now seems highly probable, Zundel will oppose Gordon Schermerhorn, regular Democratic primary nominee, and Everett Beeson, the regular Republican primary nominee. It is reported there will be two more independent candidates for sheriff, and that an independent candidate for county clerk is in the offing, to oppose Louis Ulrich, the Democratic nominee and George Carter, the Republican nominee. If all the reports of "independent" candidates materialize, the fall race will be almost as much an epidemic of office seekers, as the spring vote.

Miss Stearns Chooses Day for Wedding

Miss Roberta Stearns, daughter of Dr. R. W. Stearns and a popular member of the local younger set, has announced Sunday, September 4, as date for her wedding to Charles Saunders, son of Dr. and Mrs. C. E. Saunders, San Jose, Cal. The wedding will be solemnized at the Stearns home in this city, with Rev. Wm. B. Hamilton of the St. Mark's church, Episcopal, reading the service. The betrothal was announced last spring at a large tea at the home of Mrs. G. C. Boggs and Miss Stearns has since been the inspiration for a considerable entertainment. Mr. Saunders, whose parents formerly lived in Medford, is also well known here.

Italian Dinner Enjoyed At Neff Home Saturday

Mrs. Porter J. Neff and Mrs. James Stevens were hostesses at the former's home Saturday evening at a colorful dinner party, at which Italian foods were served, Italian style, in an intriguing Italian setting. Brilliantly lit in red and yellow were used as centerpiece and the table service was of southern European design and coloring. Covers were arranged for Mr. and Mrs. Edward C. Kelly, Mr. and Mrs. A. W. Warnock, Miss Clara Wood, Tom Swem, Mr. and Mrs. Stevens and Mr. and Mrs. Neff.

Girls Motor South With Miss Heckman

Mr. and Mrs. Wynne Grier of Salem arrived in Medford last evening by motor, accompanied by Miss Annette Heckman, who spent several days last week in Portland and Salem. Mrs. Grier will be guest this week of Miss Heckman at the home of Dr. and Mrs. W. H. Heckman on Corning Court.

Batemans on Wedding Trip

Mr. and Mrs. G. Charles Bateman, whose wedding was the event of yesterday afternoon at the home of the bride's parents, Mr. and Mrs. E. I. Coss, are on a motor trip, from which they are expected to return to the city tomorrow. They left immediately after the ceremony, which was attended by the immediate relatives of the couple.

Mrs. Sevitts Returns To Home at Dorris

Mrs. Clifford Sevitts and daughter Maxine and Dolores, who have been guests for a time of Mrs. Sevitts' parents, Mr. and Mrs. J. J. Steiger, at their home on Oregon Terrace, left this morning for their home.

Guild Bridge Club To Meet Wednesday

The Guild Bridge club will meet Wednesday afternoon at 2 o'clock at the home of Mrs. Clyde S. Eakin, 35 Ross court.

Loyal Women Meet Tomorrow

Members of the Loyal Women's Sunday school class of the First Christian church will meet tomorrow afternoon in the church parlors for their regular gathering.

Fidelity Circle To Meet Tuesday

Mrs. S. L. Leonard of 14 Cottage street will be hostess tomorrow afternoon to the Fidelity circle of the First M. E. church.

YOUNG FERRY TO RESEARCH PAST IN LONDON, ENG.

(Continued from Page One.)

when he graduated in March. He is now working on his diploma, which will be printed in due course. He returned to London in July, after a complete tour of the east, during which he had conferences with over 100 persons. The summons to England has just arrived and Mr. Ferry is leaving today. His time in London will be devoted to original research of the cause, character and control of various diseases that have continued to puzzle the medical profession and take their toll of human life. In entering this type of work, John Ferry is following true to form the standards set by a long line of illustrious ancestors, who have sought to do their part in the promotion of worthy causes since the first Ferrys and Montagues came to the west world in the early 1600's. John has been brought up to honor and revere the family name and the ideals of his ancestors. He has been taught honor ahead of religion, a square deal and a helping hand toward his neighbor, and his splendid record, which carries into prominence the Pacific coast as well as the Rogue River valley, is proof of his teachings.

He is open for inspection of visitors beginning at 1 p. m. Saturday, August 20.

The new palace of the president of Turkey has been fitted with motion picture sound-reproducing equipment of American manufacturing. Augusta, Kas., has been added to the list of cities without a general tax levy. Sale of electricity and water pays municipal expenses. Exports from Alaska to the United States and foreign countries since 1910 have totaled more than 186 times the purchase price of \$7,200,000 paid for the territory. Only 27 men are serving sentences at Kentucky's Eddyville prison for prohibition law violations, while 102 are imprisoned for murder. Deaths from suicide increased from 280 in 1930 to 338 in 1931 in Kentucky while the number of homicides declined. TALBOT - New road being built through here, connecting Pacific highway to West Side highway, nearing completion. Kid Gloves, values to \$4.95, \$1.95 at Adrienne's.

Meteorological Report

August 15, 1932 Forecasts Medford and vicinity: Tonight and Tuesday unsettled; moderate temperature. Oregon: Local thunder and Tuesday: local thundershowers in mountains and showers on coast; moderate temperature.

Local Data

Lowest local 60 degrees. Temperature a year ago today: Highest 92; lowest 51. Total precipitation since September 1, 1931, 22.44 inches. Relative humidity at 5 p. m., yesterday, 54 per cent; 5 a. m. today, 92 per cent. Sunset today, 7:12 p. m. Tomorrow: Sunrise, 5:20 a. m., sunset, 7:10 p. m.

FARMER PICKETS ENFORCE STRIKE ON PRODUCE SALE

(Continued from Page One.)

lowa markets and a ten cent increase in hog prices showed that the "strike" was meeting with success.

BISMARCK, N. D., Aug. 15.—(AP)—The North Dakota wheat "strike" went into effect today with supporters claiming thousands of farmers will begin holding their wheat until the price reaches \$1 a bushel.

Although the effect of withholding grain from market was conjectural, and viewed in some quarters as somewhat dubious of success, Dell N. Willis, Tolson, N. D., a grower and author of the plan, said the movement had gained headway in the two Dakotas, Montana, Minnesota, Washington, Oregon, Kansas, Idaho, Texas, Oklahoma, and Nebraska.

DES MOINES, Aug. 15.—(AP)—The farmers' non-selling movement, none too successful, during its first week in Iowa, its birth place, was discussed here today by representatives of this and nearby states. Milo Reno of Des Moines, temporary chairman of the National Farmers Holiday association, said he expects men from ten states to join the deliberations.

PENDLETON, Ore., Aug. 15.—(AP)—Preliminary steps for an investigation of the present practices of the grain trade in smutting, discounting and grading, were undertaken here today following a meeting Saturday night of wheat ranchers bankers and club leaders. The growers heartily endorsed a plan for holding wheat until it produces a price satisfactory to the producer.

D. H. Nelson proponent of the "dollar wheat plan" was appointed

to lead the action of the growers in their cooperation with state officials in investigating grain trade practices. Tom Swem is completing interesting decorative details which will transform this new cafe into one of the most attractive dining places in southern Oregon. A balcony to seat 30 or 40 persons is only one of the features which will add to the unique character of Nandie's Grille. In addition to American food, Nandie's will specialize in French and Italian dishes, and the retail pastry department will be enlarged to cater to a larger clientele. Call Lottie Howard, Rep. Investor Syndicate, 1336-L.

SON OF SLOANS INVENTS X-RAY

Invention of a new type x-ray tube, which may revolutionize medical and industrial science, has been made at the University of California, Berkeley, by David Harold Sloan, 26-year-old teaching fellow there, who is the son of Mr. and Mrs. D. G. Sloan of 2015 East Main street, this city. Announcement of the tube was made last week in all of the leading California papers, which also carried pictures of him and the invention. Young Sloan received his bachelor's and master's degree at Washington State college, Pullman, in 1928 and 1929, and then spent two years in the research laboratories of the General Electric company at Schenectady, N. Y., having received a two-year scholarship when leaving Pullman. According to the reports, in the radiation laboratories of the university, the tube has been developed by approximately one million volts, while using only 15,000 volts.

ASH AND COUPLES SEEKING DIVORCE

Two Ashland couples today filed suit for divorce in circuit court. They are Ernest L. Lusk against Louise Lusk, and Eleanor F. Perkins against George F. Perkins. Attorney M. O. Wilkins filed both actions. In the Lusk suit the wife is charged with cruelty, "jealousy and acting pouty," and further alleges that the defendant once slapped him while driving an auto on an Ashland street. In the Perkins action, the wife charges the husband with cruelty, and names as a co-respondent, a woman named "Grace." In each of these actions, the wife is asked to pay the costs of the suit.

GINGER IS JAILED FOR FAST DRIVING

Worcester D. Ginger, a fruit packer, driving a California licensed auto, and giving his residence as the Riverside Apartments is held in the county jail, charged with reckless driving. State police allege that Ginger, returning from a dance at Jacksonville Saturday night drove in and out of traffic, at a high rate of speed, and traveled 80 miles an hour within the city limits of Medford. He is scheduled to appear before Justice of the Peace H. D. Reed at Gold Hill this afternoon.

Communications

The Landlord's Side To the Editor: I am a whole lot in your paper about keeping out these so-called California people that come here to work in the fruit and giving the work to the local unemployed, which is all fine and dandy as far as it goes. But there is another angle to it that no one seems to have thought of. There is also the class of us poor, neglected, exploited, hard-run property owners who happen to have a few places to rent to these same California fruit people and the business people around town who have stuff to sell, and, oh, boy, this extra money that these same California fruit people spend with us is sure a God-send to us because, you see, we have taxes to pay and street arrangements, and they have to be paid 100 percent, too (try to get out of it once); and then we have to pay all of our bills, too, because we have property, and all they have to do is bring a bill suit against us and take our property away from us to pay the bills, and then there are lots of other things too that nobody tries to find out about. So, you see, that the fact that these same California fruit people come and rent our empty houses for about three months helps us like everything. GEO. IVERSON. NEW FOR FALL. Hats, Ready-to-Wear and Shoes arriving daily. Priced so attractively low you will be delighted. THE BAND BOX & SHOE BOX.

San Francisco's Newest AND MOST MODERN Downtown Hotel! Hotel SIR FRANCIS DRAKE. Just off Union Square—most convenient to theaters, shops and stores. MINERS PLANNING JUBILEE CONTESTS

JACKSONVILLE, Aug. 15.—(Sp.) Anticipating one day during which they will command the spotlight of attention and interest, dozens of hardrock miners and hoary prospectors have been making inquiry about this city's Gold Rush Jubilee celebration scheduled for next Saturday, and have evidenced great interest in the affair which will honor them. Several contests have been worked out especially for this branch of Mother Nature's tradesmen and a drilling contest, staged on a huge granite boulder, will top the list of activities. Sack, fat men's and ladies' races and horseshoe tournaments also will offer a host of valuable prizes to contestants. A gold of southern Oregon's most adept gold panners is being picked by Ray Wilson, Legton club committeeman in charge of afternoon programs, to play their art on the spot where gold was first discovered, and a half dozen of Jacksonville's famous back-yard mines will be in full operation throughout the day, and a maze of underground tunnels will
