COUNTY TO SELL TAX PROPERTIES

Arrangements have been made by the county tax department for the disposition of all tax property in order that it might be placed on the tax roll again. An agreement has been made with H. D. Pearey and Dan Herring, contractors, for compiling the data in connection with the property valued between \$500,000 and \$600,000.

The property, composed of between 450 and 500 pieces, is timber, farming land, mining properties and city lots. The sale of the tracts is now being carried on by Mr. Pearey and Mr. Herring.

The sale of this land in the county will enable many to obtain homes who would otherwise not have the opportunity. It was pointed out, and many new home owners are expected to come to the valley now that this property is being presented for public ownership.

HOLD UNDERTAKER IN WOMAN'S DEATH

NEW YORK, Aug. 24.—(AP)—Chas. E. Weeks, a Brooklyn undertaker, was held today on a charge of homicide in connection with the death of his daughter-in-law, and police said he had admitted tying a strip of gauze tightly about her neck.

Officials said Weeks told them after long questioning that the young woman, Mrs. Caroline Weeks, collapsed in her apartment while he was there and, fearing suspicion might fall on him if she died, he knotted the gauze about her neck to make it look like suicide.

Suspicion was first caused by the fact that there were two knots in the gauze whereas investigations were convinced that if the woman had been taking her own life she would have rendered herself unconscious before she could have tied the second knot.

Cut Bus Fares
SALEM, Aug. 24.—(AP)—A pre-war price level of five cents a ride on city bus lines went into effect here today. The Oregon Motor Stages company launched a 60 day experiment to ascertain if increased business would justify the change from the seven cent fares which have prevailed for years.
