

# STATE COLLEGES SET SEPT. 19 FOR DATE OF OPENING

### New Unification Plan Will Be In Operation — Uniform Holidays at All Schools Are Provided by Board

SALEM, Aug. 25.—(AP)—September 19 has been set for opening activities at Oregon State college, University of Oregon and the state normal schools at Monmouth, Ashland and La Grande, the state board of higher education announced last night. Registration at the medical school in Portland is listed for October 1.

The new unification plan, designed to avoid unnecessary duplication of work at the institutions of higher learning, particularly in upper division courses, is now in force and provides centralized control of all institutions.

**Bulletin Mailed**  
An entrance information bulletin is being mailed from the executive offices of the board to all students enrolled at the six institutions last year and also to all prospective new students this fall.

The board announced that holidays have been made uniform at all the schools and reduced to a minimum consistent with good educational procedure. A one-day holiday at Thanksgiving instead of the usual four or five days has been scheduled for this fall.

**Freshman week at the college and university under the new unified calendar adopted by the board for all institutions will be held from September 19 to 24.**

**Registrations Scheduled**  
Registration for sophomores, juniors and seniors at the university will begin Wednesday, September 21, and continue the remainder of the week. Upperclass registration at the college will be held Saturday, September 24, at the completion of freshman week. Registrations at both schools will begin the following Monday.

**Procedure during freshman week and registration details on both campuses will be essentially the same as in the past.**

All students at the three normal schools will register Monday, September 19. Tuesday and Wednesday will be devoted to placement examinations and tests. Registrations will begin Thursday, September 22.

**Winter Exams January 2**  
"Uniform examination periods are provided in the schedule with the first term ending on December 16 for all schools except the medical school, which will complete its first term December 22," the statement issued by the board stated.

"Winter term registration for all six institutions will be held Monday, January 2, and spring term enrollment March 27 for all except the medical school, where registration is scheduled for March 22. A spring vacation of 10 days from the end of the winter term, March 17, to the beginning of the spring term, March 27, is provided.

**Commencement Exercises**  
"Class work at all institutions will end June 9 but commencement exercises at the college, university and normal schools have been scheduled on different days in order to permit faculty members and friends of the institutions to attend different ceremonies. Graduation exercises will be held at Corvallis June 5 and at Eugene June 12, with the two previous days being devoted to alumni activities and the baccalaureate services. Commencement exercises at each of the normal schools are listed for June 8."

**Graves' Jewelry Shop, now located 41 So. Front.**

## Benefits By Injury

A broken nose that enhanced her beauty when it was set was said to be partly responsible for Miriam Jordan receiving a film contract in this country. She was injured in a fall from a trapeze in London. (Associated Press Photo).

## ART CARVING IS DISPLAYED HERE

Exhibited in public for the first time, "The Lord's Last Supper," mother-of-pearl hand carving, is on display this week on the mezzanine floor of the Hotel Medford each afternoon from 2:30 to 4:00 o'clock and each evening from 7:30 to 9:00 o'clock. The owner and exhibitor is John Korenian, art collector, of Seattle. Friday and Saturday will be the last days of the exhibition here.

In explaining why Medford was chosen for the first public appearance of this piece of art, Mr. Korenian stated that the choice was made in gratitude of past kindnesses he had received at the hands of Medford citizens.

The nominal charge for viewing the carving is made for the purpose of defraying the costs of insurance and the transportation from Seattle. A portion of each ticket sale is paid in commission to the unemployed women of Medford who are conducting the advance ticket sales.

In explaining his possession of the hand carving, Mr. Korenian said: "I am of Armenian ancestry, who for generations were art collectors, and I was trained in the art of rug-weaving. When first coming to Medford, I could not speak the American language fluently. Despite all my handicaps of speech and custom at that time, Medford citizens were most charitable and kind toward me, and I made many friends."

Mr. Korenian expressed his appreciation of the liberal space given in The Mail Tribune for the publicity of this pre-view of a 1933 world's fair exhibit.

## MARINE CORPS PILOTS DIE IN JUNGLE CRASH

MANAGUA, Nicaragua, Aug. 25.—(AP)—Lieutenant R. P. Rutledge and Sergeant O. B. Simmons, U. S. M. C., were reported at marine headquarters today to have been killed in an airplane crash yesterday while they were flying above the spot where three other marine corps pilots were down in the jungle.

**Oregon Weather**  
Fair tonight and Friday but fog on the coast; high temperatures in the interior; moderate northwest winds offshore.

## SMITH ATTITUDE ON ROOSEVELT IS UNDISCLOSED

NEW YORK, Aug. 25.—(AP)—Editor Alfred E. Smith plunged today into the task of recreating a magazine, letting folk speculate as to whether he intends to take the stump for the Roosevelt-Carver ticket.

Answering questions when he became editor of "The New Outlook," Smith said yesterday he would not go to Seagirt, N. J., Saturday for the Democratic gathering at which Governor Franklin D. Roosevelt is to speak. As to his future activities, he said that away from his post with the magazine "I can do anything I want to do."

"The New Outlook," non-partisan, non-sectarian monthly, will arise in October from the ashes of "The Outlook and Independent," which suspended last spring and later was sold to Frank E. Tichenor, who will publish "The New Outlook." On the wall in Smith's office is a portrait of Henry Ward Beecher, who founded "The Outlook," originally called "The Christian Union," and another of Theodore Roosevelt, who served on the editorial staff.

Smith said he intended to give the magazine's readers a new "outlook on current affairs."

## Corporate Trust Holders to Decide Sales Provision

Holdings of Corporate Trust shares, both accumulative series and series AA, will have the opportunity of individually deciding whether the common stocks in the portfolios of these fixed trusts should be sold out under a compulsory elimination provision after passing dividends, or whether such stock should be retained, according to Mr. Hogan of N. M. Hogan & Co., local distributors of Corporate Trust shares.

"Arrangements have been completed," Mr. Hogan explained, "whereby each holder may, if he so desires, have his shares modified to go away with the compulsory elimination of non-dividend paying stocks, whereas heretofore it was mandatory for the trustee to sell out any stocks not paying a dividend for 13 months."

In view of present market conditions there is an honest difference of opinion among investors," Mr. Hogan stated, "as to whether or not stocks should be sold out because of failure to pay dividends. Some investors feel that non-dividend paying stocks are 'dead principal' and should be sold. The proceeds thus returned to the investor can then be reinvested in dividend payers. On the other hand, other investors argue that stocks should not be sold off under present conditions.

## MILITANT MINERS FORCE SUSPENSION OF COAL DIGGING

(Continued from Page One)

tempted invasion, which leaders of the strikers had termed the "greatest labor march ever undertaken in the United States."

Nearly a hundred miners suffered battered heads and six persons were injured seriously enough to require medical treatment, including two with minor bullet wounds.

Feeling pell-mell when the firing began, the invading strikers deserted approximately 300 of their automobiles and trucks at the scene of the onslaught. In the hurry to escape, automobiles were driven into ditches or plunged into cornfields along the highway where the clash occurred. Near the western boundary line of Franklin county.

Shotguns and pistols were fired at the three and bodies of the automobiles and trucks that led the advance of the nine-mile caravan and windshield were broken by clubs in the hands of deputy sheriffs. Some of the marchers were cut by flying glass, but the injuries of most of them were inflicted by deputies who climbed aboard the cars and pummeled the occupants.

## PARK BEAR SHOT FOR TRUANT TRICK

PORTLAND, Ore., Aug. 25.—(AP)—Bruno, the black bear, is dead because he discovered a new game and his human attendants didn't want to play.

Presented to the city recently, Bruno was put in a large pit with half a score of his fellows.

But Bruno discovered what no bear had before. He could climb out of the enclosure, and he did. Park attendants put him back. Yesterday he climbed out again, and wandered down below the crowded tennis courts. A policeman, urged by the attendants, shot him through the head.

## MEDFORD AIR TRAVEL SHOWS LARGE GROWTH

Growing alightedness of Medford is reflected in increased air passenger traffic from this city on United Air Lines plane, with 75 per cent more air travelers leaving Medford by plane during July than the previous month. Phil Sharp, field manager for United at the local airport, said today that Medford's air travel gain ranked among the highest over the entire system.

Substantial increases were noted from this city to Portland and to San Francisco.

Medford's increased traffic contributed to the international record attained by United Air Lines last month when it became the first air line in the world to carry 10,700 passengers in one month.

## TILLER-TO-TRAIL BIDS OPEN FRIDAY

ROSEBURG, Aug. 25.—(Sp.)—The county court is today preparing a bid on the Tiller-Trail cut-off job, the bids on this project to be opened by the bureau of public roads at Portland, Friday morning. The sum of \$105,000 has been appropriated for the further extension of the grading of this road, which will provide a shorter route to Crater lake and serve a large agricultural territory.

The county court is submitting a bid at the request of a large number of the residents of that section, who urge that the county secure the contract if possible, to furnish work for county residents.

Of the \$105,000 to be expended, the district is paying \$10,000 from the special tax fund, the county is giving a like amount from the general road fund, the state is allotting \$15,000 from the secondary highway fund, and the federal government is furnishing \$70,000.

## McLeod

McLEOD, Aug. 25.—(Special)—Raymond Buckley and John McNickle, who have been camping a month on Butte creek, left for their home in San Diego, Cal., August 25.

# What's the Reason for this swing to Chesterfield

### We believe it's Mildness and Better Taste

IF YOUR cigarette is mild—that is, not strong, not bitter, but smokes cool and smooth—then you'll like it and don't worry about how many you smoke.

Chesterfield Cigarettes milder and taste better and to give them a pleasing aroma.

If your cigarette tastes right; if it tastes better—that is, not oversweet; and if it has a pleasing aroma—then you enjoy it the more.

First, the right kind of ripe, sweet leaf tobacco—Domestic and Turkish. Then these tobaccos are blended and cross-blended to make sure that Chesterfields are milder and better-tasting. That's why "They Satisfy." Give Chesterfields a trial. They are certain to please you.
