

ROOSEVELT URGES CLASS HATRED IS CLAIM OF HURLEY

Cabinet Officer Directs Sharp Fire On Democratic Candidate's Speech — Says Program Is Lacking

ROCKY POINT, R. I., Aug. 25.—(AP) In a sharp reply to Governor Roosevelt's Columbus speech, Secretary Hurley today charged the Democratic candidate with attempting to "arouse class antagonism, to capitalize discontent, to make politics out of human misery and to profit by distortion of fact."

Speaking before the Rhode Island Republican club, the cabinet officer said neither the Democrats nor their candidate had offered a program to improve economic conditions and asserted "the Hoover non-partisan reconstruction program is still the only complete logical program offered by anyone in or out of public life to break this depression."

Reply to Roosevelt. Excerpts from Hurley's speech were given out by the Republican national committee which had described the speech as a reply to Roosevelt in Columbus last week, in which the Democratic nominee charged President Hoover had not been honest with the American people.

Lauding President Hoover's efforts to stem the tide of the depression, Hurley said his program was "fulfilling the purpose for which it was designed."

"The three major policies of the President stand vindicated," he said. "The government has prevented social upheavals. The President's organization together with all local and national relief organizations have cared for the needy."

Catastrophe Averted. "We are in a depression, but we have averted panic and catastrophe. The economic struggle is not over. Battles are still raging on a hundred fronts. While revolutions have shaken the foundation of 18 other nations, while nation after nation has been driven from its gold standard, the United States, under the administration of Herbert Hoover, is firm, solvent and confident of the future."

Hurley charged Roosevelt did not offer a single constructive suggestion for providing immediate employment nor give one idea for improving the President's plan.

He contrasted what he called the "carping criticism, the unsupported charges, the indefinite, impractical and floundering suggestions" of Roosevelt's speech with the acceptance speech of President Hoover, which he said "for constructiveness of purpose, definiteness of program and for intellectual decency," had "already taken its place in the minds of the American people among the outstanding papers of the republic."

Has No Suggestions. "Up to this moment," he said, "the governor has not stated whether he approves or disapproves the Hoover non-partisan reconstruction program. He has not stated whether he would continue that program in effect or repeal it. He has not offered one suggestion of any nature for the improvement of that program."

Turning to Roosevelt's suggestion for regulation of the stock exchange, Hurley asked: "What did the governor of New York do to remedy this situation during the long period in which he has had the power to act?"

Hurley said New York state laws to protect the public against fraudulent sales of securities had not been enforced by Roosevelt, and the Democratic nominee was trying to "pass the buck to the federal government."

He challenged Roosevelt's statement that the depression broke first in this country and spread abroad.

He also denied that the Hawley-Smoot tariff was the highest in the world, as contended by Governor Roosevelt, and said it was enacted long after the depression got underway.

WASHINGTON, Aug. 25.—(AP)—The 12 districts which will compose the new federal home loan banking system were announced today by the Home Loan Bank board, with district No. 1 comprising Maine, Vermont, New Hampshire, Massachusetts, Rhode Island and Connecticut.

District No. 2 will embrace New York, New Jersey, Porto Rico and the Virgin Islands.

No. 3—Delaware, Pennsylvania and West Virginia.

No. 4—Maryland, Virginia, North and South Carolina, Georgia, Florida, Alabama and the District of Columbia.

No. 5—Ohio, Kentucky and Tennessee.

No. 6—Michigan and Indiana.

No. 7—Wisconsin and Illinois.

No. 9—Arkansas, Mississippi, Louisiana, Texas and New Mexico.

No. 10—Nebraska, Kansas, Oklahoma and Colorado.

No. 11—Montana, Washington, Oregon, Idaho, Utah, Wyoming and Alaska.

No. 12—California, Nevada and Arizona.

Capital Set at \$6,000,000.

The board announced that the eligible institutions in district 11 hold \$200,000,000 of mortgages and the capital of the bank for this district has been set at \$6,000,000.

No. 12 — \$650,000,000 mortgages. Capital \$10,000,000.

The board said it had not decided upon the sites for the regional home loan banks. It said the districts were set up from the standpoint of convenience, uniformity of law and mortgage practice and the availability of mortgages.

Minimum Capital Named.

In allocating the districts the minimum capital for the regional bank was chosen as necessary for the maximum immediate benefit, the board said, adding:

"In so doing we have considered the probability that wisely managed home loan banks will foster the development of long term mortgage lending institutions at moderate rates of interest in each district, which should within a reasonable time strengthen the capital resources of such institutions to the point where their subscriptions for stock can take up the initial advance from the treasury."
