

MANY TRUSTED TO WALKER'S AIDE IN MONEY MATTERS

EXECUTIVE CHAMBER, Albany, N. Y., Aug. 26.—(AP)—Chapters in the life story of Russell T. Sherwood, insurance accountant, generally unknown to the public at today's session of the Walker ouster hearing.

Francis J. McIntyre, who had known Sherwood since 1917, said the accountant handled tax and income matters for many persons, including the Dolly sisters and Beatrice Little of the stage and Johnny Dundee and Mike McTigue of the prize ring and "several brokers and real estate firms."

McIntyre's testimony was supported by Miss Mildred K. Day, who succeeded to Sherwood's tasks when he disappeared. The tasks are in the law firm of which Walker was a member before he was elected mayor. McIntyre is in that firm.

Miss Day was the first woman witness at the hearing. McIntyre testified the disputed bank account in Sherwood's name, out of which money was drawn for Walker's relatives, was established by his law firm. It originally was in the name of State Senator George A. Blauvelt. When Blauvelt died in 1924 it was changed to Sherwood's name.

Miss Day testified that since Sherwood left, about a year ago, she has deposited in her own bank account about \$2000 in dividend checks that have come in for him.

She said she deposited the checks in her account in a bank in East Orange, N. J., where she lives, and that it is all there now. "Mr. Sherwood had a bank account in New York, didn't he," asked Martin Conboy, special counsel for Governor Roosevelt.

"Yes, he did," Miss Day replied. "Why didn't you put the money into his account, instead of in your own?" Conboy asked her. "I never thought of that," was Miss Day's reply.

CANADA LEADS IN LUMBER EXPORTS

SEATTLE, Aug. 26.—(AP)—The West Coast Lumbermen's association reported today that for the first time in the history of the Pacific Northwest lumber industry, British Colum-

bia mills, during the month of July, shipped more lumber to foreign countries than did the combined mills of Oregon and Washington. British Columbia shipped 43,400,000 feet or 59.6 per cent of the total of 72,800,000 feet.

In the past Washington has accounted for more than half the export lumber trade of the area, with Oregon second and British Columbia third.

In July Washington shipped 27.7 per cent or 20,200,000 feet, and Oregon 12.6 per cent, or 9,200,000 feet. Australia and the United Kingdom, representing two markets now almost closed to Washington and Oregon mills, due to preferential trade agreements with Canada, took 32,600,000 feet of the amount shipped by British Columbia.

LEE'S MEN'S SHOP REMAINING OPEN

Southern Oregon shoppers will welcome the announcement today by Royal W. Lee that satisfactory credit arrangements have been made with eastern and coast concerns and the Men's Shop will remain open under Mr. Lee's ownership and management. Difficulties which have been faced by the Men's Shop during the past few weeks have been cleared up to the entire satisfaction of all concerned, according to Lee.

The Men's Shop, at 104 West Main street in this city, is one of Medford's old-established shops dealing in men's apparel and accessories. This concern was established by R. W. Lee in 1921 and his announcement today will be good news to his many friends and customers.

HOLMAN, EINZIG SPAT IRKS MEIER

PORTLAND, Ore., Aug. 26.—(AP)—Plainly irritated by the flare-up and controversy between Rufus Holman, state treasurer, and William Einzig, state purchasing agent, Governor Julius L. Meier today indicated he would resist any effort to remove Einzig, who, like Holman, is one of his appointees.

Holman demanded that Einzig be removed from office, following a quarrel the two had. "For the moment I have nothing to say, but when the proper time comes, I will have a statement to make," the governor said today.

August special. Three loads 16-in. slabs for \$6.75. Med. Fuel Co. Tel. 631.

PROTEST JACKSON COUNTY WORKERS ON TRAIL CUTOFF

(Continued from Page One) The Red Bluff construction work of the California Oregon Power company. The Trail district voted for the bond issue and the Prospect area against it.

Since then the Tiller-Trail road has lain dormant, except for filling with the county court by land owners of a petition saying they would like to have the road. At the time it was argued that the project would furnish employment, but it was not enough to overcome the desire for "economy."

Editor Explains Stand The Roseburg News-Review says in part, editorially on the subject: "No doubt the people in that part of Jackson county need this employment as badly as do the Douglas county people. No doubt there are many deserving men and many deserving families in that region who should have a chance to work on this road but the fact remains that had these same people voted to complete their own share of the road there would be just about twice the employment. Besides, the Jackson end of the road would have been completed along with the Douglas county portion, thus giving immediate maximum use of this needed thoroughfare. As matters stand at present, the road will be completed from Tiller to the county line and there the improvement will stop—thus leaving the road uncompleted.

"If the bureau of public roads will modify the portion of the contract calling for half of the labor from Jackson county, it might serve the purpose of stimulating the interest of the Jackson county people in finishing their portion of the road. The best solution for all concerned would be for them to form their taxing district and go ahead with the Jackson county portion of the construction so that the two sections can be completed about the same time and a valuable road placed in full operation."

Rev. Peterson To Preach Phoenix

Rev. Ralph S. Peterson of Watsburg, Wash., will deliver both the morning and evening sermons at the First Presbyterian church in Phoenix Sunday, it was announced today, and all members of the congregation are expected to attend. Rev. Peterson is a possible candidate for the pulpit, and a good attendance is urged.

America's Lowest Price for an ALL QUALITY Washer

WARDWAY Special

\$44.85

WITH THE TRI-RADIAL FIN AGITATOR

NOW Is the time to buy a good washer at probably the lowest price that this generation will ever see.

BUT DON'T buy on price alone! Use your eyes. Check up on QUALITY! Investigate and Compare.

A washer without leg braces, for example, has likely been skimped in even more important places, too.

A washer without a roll-edge tub will someday tear your clothes and fingers when its rubber edge rots off.

SEE THE WARDWAYS FIRST as your basis of comparison with any other make. If you do this, your own good judgment will buy Wardway over all others. There is NO skimping—it is ALL Quality from top to bottom!

The Same Features As In Higher Priced Machines

- Wardway is famous make with No Center Post.
- NO PLACE for wash to catch or tear or tangle.
- Celebrated TRI-RADIAL-FIN Gyro-Agitator.
- Washes in 4 to 8 minutes without hand rubbing.
- Genuine 6-Position Lovell Swinging Wringer.
- Instant Safety Release. 3-Way Drain Board.
- Roll-Edge Tub. Porcelain Inside and Outside.
- Over-size Drain Panet Threaded for Hose.
- Self-Draining Cover sends drippings into tub.
- Strong, rigid legs with heavy cross-braces.
- Adjustable Casters hold Level on uneven floors.
- Full 1/2 H. P. Splash-Proof Motor good for years.
- Drives Washer and Wringer for about 3c an hour.
- Many other features, satisfactory! Longer life!
- Prompt, expert service. Parts kept at store.
