### My Beauty Hint

**CONSTANCE BENNETT**  
I believe repose to be the source of all beauty.

Restlessness is at the bottom of all feminine unloveliness, and it saps the sureness of spirit without which no woman can be truly captivating. The fine art of repose, both physical and spiritual, will give that poise and ease which is woman's most charming quality.

A useful occupation is the most effective cure for unrest, coupled with conscious learning to relax during leisure moments.

## FOREIGN LICENSE LIST IS RECEIVED FOR POLICE CHECK

A list of Jackson county, and other southern Oregon residents, who last year purchased Oregon auto licenses, but this year bought the \$3 Washington state license has been received by the state police from Salem, and the work of checking on local "license evaders" has been started. The number of drivers of Washington licensed cars in the county is estimated at 150. California licenses are about 200, it is estimated.

It is the intention of the state police to check the two lists, and all owners of foreign licenses, residing, voting and engaged in a gainful occupation here will be required to comply with the Oregon auto law, and purchase an Oregon license plate, or store the vehicle.

According to the information received, the method of procuring the Washington license, was to have a friend or relative living in that state, buy a license plate, and ship it here. The state police today had completed investigation of three county residents, who were driving under a

California license plate, and their cases were scheduled for a court hearing.

They were dated August 27, with the \$2 check carrying the serial number 402, and the other, number 412.

Both checks, made out on First National Bank blanks, were cashed at the Orphan Annie, 23 South Front street, where they stated Boyer had told them he was a nephew of Mr. Hall.

Mr. Hall told officers that Boyer had worked for him loading fruit in cars on the tracks here, but that he had always paid him in cash.

**"Does the way you wash stockings really make a difference?"**

**"I'll say it does. Let me tell you why—"**

**"A great many girls literally wash the life out of their stockings. They destroy the elasticity that makes stockings wear and keeps them in shape. If you want your stockings to wear longer—look new longer—wash them with Lux. Wash them after every wearing. Lux preserves elasticity through many washings. It keeps colors fresh, too. Anything safe in water is safe in Lux. You'll save money on stockings—with Lux."**

## —and raw tobaccos have no place in cigarettes

They are not present in Luckies... the mildest cigarette you ever smoked

**WE** buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.
