

MYSTERY CLOAKS SUICIDE OF FILM STAR'S HUSBAND

(Continued from Page One)

death stories, a wave of which has swept Hollywood's screen productions of late.

Bern's body was found yesterday in his picture house Beverly Hills home by a butler, John Carmichael. It was slumped before a mirror in a dressing room, and through the head ran the fatal wound of a bullet which had imbedded in the wall. In the right hand a .38 calibre revolver was gripped, one chamber discharged. On a nearby dresser was another firearm.

Note Is Puzzle.
Beside a picture of Miss Harlow a puzzling note lay, casting little light on the cause behind the tragedy. It read:

"Dearest Dear: Unfortunately this is the only way to make good the frightful wrong I have done you and to wipe out my subject humiliation. I love you." And a postscript: "You understand last night was only a comedy."

Miss Harlow, bride of only two months, was overcome with grief and became so hysterical that her anguished cries could be heard by a crowd which gathered about the residence of her mother, Mrs. Marino Bello. Physicians quailed her with sedatives and detectives who sought to discuss the tragedy with her left after hearing that it would be impossible to talk with her immediately. They said they would return today after a coroner's autopsy in an attempt to find some plausible reason for Bern's act.

Nerves Shattered, Belief.

Close friends of the 42-year-old film executive, including Irving Thalberg, husband of Norma Shearer, had discussed the reasons for suicide and had hinted that a man might well conclude life when his work was done. The possibility of domestic difficulties between the couple drew quick denials from intimates of the two.

Miss Harlow was at her mother's home when she received word of her husband's death. She had been there on Saturday night after working at a studio, friends explaining that she understood Bern would be occupied by a business engagement and she wished to be with her mother, whose husband was away on a fishing trip.

From Wealthy Family.
Miss Harlow, member of a wealthy Kansas City, Mo., family, was married once previously to Charles McGrew of Chicago. She appears to film fame in the memorable picture, "Hell's Angels," introducing to the screen a revolutionary type of actress and beauty which swept Hollywood. Her marriage to Bern came as a surprise even to the better informed social circles of the colony and at the time Bern gave his 21-year-old bride a deed to the expensive estate in which he later was to end his life.

DIAMOND LAKE DRAWS HUGE HOLIDAY CROWD
DIAMOND LAKE, Sept. 6.—(Spl.)—Registration at Diamond Lake over Labor day exceeded the most optimistic expectations of the management, and while under previous years almost equaled that of July 4th. Fishing remains good; both trolling and fly.

Medford registrations included: C. L. MacDonald and family; L. Pennington and family; George R. Askew and wife and N. B. Taylor and wife. During the past week Mrs. Don Gray entertained Mr. and Mrs. G. E. Bobb and "fr. and Mrs. Frank B. Stoddard of Woodland, Calif., for a few days at the lake. Mr. Bobb is mayor of Woodland. L. F. Kuehne and family of Medford also enjoyed a few days' vacation at the lake.

Weather is ideal at this time and the resort will remain open until some time after September 15. The exact date of closing has not been decided and will depend upon patronage.

CENTRAL PT. GRANGE GIVES DEGREE WORK

CENTRAL POINT, Sept. 6.—(Spl.)—Grange met Friday night with a slight increase in attendance. New candidates initiated in the first and second degrees were Orville Caster and Harold Smith. Among guests from other granges were Mrs. E. McGee of Applegate and Miss Claire Hanley of Jacksonville grange. The entertainment hour was devoted to a grand march followed by lunch. Juvenile group, which met in the basement on the same evening, gave a fine program of readings, music and contest games with a few senior members as guests.

DIXON SIDESTEPS MEDFORD BATTLE

With George Dixon, the colored light heavyweight of Portland, still holding out on a match here, and Herb White, the local sensation, demanding nothing less than a main event, Promoter Mack Lillard is facing plenty of difficulties in lining up the next fight card for the armory. Jack McCarthy, the slugging San Francisco fighter, didn't want to fight Dixon just yet; then Lillard, because of Dixon's reluctance, offered to match McCarthy with Jack Gibbs, but that wouldn't work either. McCarthy did promise to meet the winner of the George Dixon-Jack Gibbs match if that is made. After hurling challenges at every one in sight, Dixon's refusal to meet the promoter's selection was very much of a surprise. In the meantime, Jack Gibbs is training every day for the toughest of the "tough guys."

DRUM CORPS LACKS FUNDS FOR JOURNEY

Local Legionnaires are looking forward to the national convention of the American Legion, which opens in Portland September 12. This is the first time a national convolve of this organization of a million members has ever been held so close to home and scores of local veterans plan to take advantage of the opportunity to attend. Medford post will be represented by the post drum corps, providing sufficient funds can be raised to defray traveling expenses. Proceeds of the courtesious celebration proved disappointing to the Legion, receipts being barely enough to take care of expenses and other means are being sought to raise a fund for convention expenses.

Gold Rush Jubilee Films To Be Shown

JACKSONVILLE, Sept. 6.—(Spl.)—Motion pictures of Jacksonville's Gold Rush Jubilee, taken in this city August 29 by Horace Bromley, head of the Copco advertising department, will be shown here Wednesday evening, September 7, in the U. S. Hotel hall, at 8 p. m. A long and varied program, including comedies, scenes taken during the last Olympiad at Los Angeles, Crater lake pictures and many other reels of strictly local interest will be shown.

Chesterfield Air Program Changed To Earlier Hours

A new idea in daily broadcasting is inaugurated today in Chesterfield's six-day-a-week "Music That Satisfies" program, heard at two different hours. The purpose of the change is to give those who for various reasons might find it inconvenient to tune in at 10 p. m. (E. D. T.) an opportunity of hearing each of the three Chesterfield programs at an earlier hour. This, so far as known, is the first time a six-day-a-week program has ever been put on a two-time schedule.

When this alternating schedule goes into effect today the series starring Ruth Etting, the Boswell Sisters and Arthur Tracy, the "Street Singer," will be heard thereafter at 10 p. m. (E. D. T.) on Mondays, Wednesdays and Fridays, and the same artists will be heard at 9 p. m. (E. D. T.) on Tuesdays, Thursdays and Saturdays. The sequence of the artists' performances will not be changed but their time schedules will be altered as follows (all E. D. T.): Ruth Etting—Wednesday, 10 p. m.; Saturday, 9 p. m. Boswell Sisters—Monday, 10 p. m.; Thursday, 9 p. m. The Street Singer—Tuesday, 9 p. m.; Friday, 10 p. m.

Mahoney, 844 Klickitat street, Portland, Ore., at once for details.

Jacksonville H. E. C. Meeting Is Changed

On account of illness, Mrs. Marsh will be unable to entertain the Jacksonville Home Economics club Wednesday afternoon. The meeting will be held in the courthouse instead, at which time plans for the winter's work will be discussed. The regular meeting of the Grange will be held Friday evening. This is the regular business meeting night, and members are invited to come to help in carrying on the Grange work. Be correctly corrected by ETHEL WYNN B. HOPPMANN'S Sixth & Holly streets August special. Three loads 18-in. slabs for \$6.75. Med. Fuel Co. Tel. 631.

BRAND HEARING INVOLVED CASE

Circuit Judge James T. Brand of Coos county is occupying the circuit court bench today, hearing the Nalley will contest case, appealed from probate court. Approximately \$20,000 is involved. It is a "tangle within a tangle," and a highly complicated legal procedure. The action is an outgrowth of the will contest case of the late William A. Pointer, who in a will left half his estate to the late Anna C. Nalley, a daughter, and J. C. Cass. A second covenant made by Pointer, bequeathed his estate to P. K. Nalley and Anna C. Nalley. In the meantime, Anna C. Nalley died, and her husband, P. K. Nalley, filed claim as the chief beneficiary of her estate, and her share of the Pointer estate. Afterwards kin in the case filed claims as heirs. The hearing is expected to take a couple of days.

STABBER UNABLE TO RAISE BONDS

William P. Glayzer, transient laborer and former resident of the Trail district, bound over to the grand jury last week under \$5000 bonds, on a charge of assault with intent to kill, is still held in the county jail, unable to raise bonds. It will be necessary for the court to appoint an attorney to defend Glayzer, as he is without funds. According to the sheriff's office, Glayzer is recovering from the "dazed" condition that followed his arrest, and is showing daily improvement. Glayzer is alleged to have attacked his estranged wife with a butcher knife, at her home in Ashland, and to have inflicted a number of wounds on her arm and one on her breast near the heart. The attack is alleged to have been the climax of a bitter quarrel.

BUTTE FALLS BLAZE HELD FIREBUG'S WORK

A brush fire that started Sunday evening in the Campbell's Hump district, between McLeod and Butte Falls, was brought under control late yesterday by the fire patrol. The fire is attributed to incendiarism—the

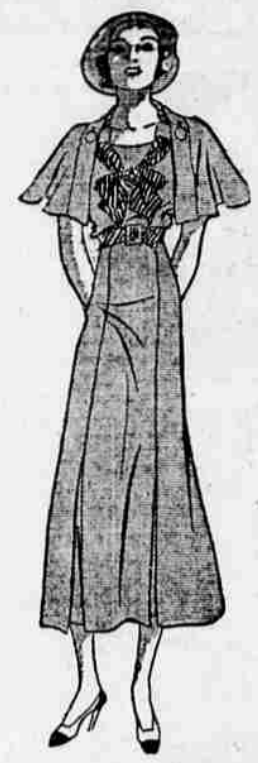

first case of suspected forest arson in a month. No fires were reported today on forest reserves. The present season has been the lightest in many years for forest fires. The timber is now like tinder, however, the warm weather of the past few days drying out the lower levels. In the higher reaches the cool nights, with a heavy dew in the morning, is reducing the danger.

Williams Creek Lime Kiln Opens

WILLIAMS CREEK, Sept. 6.—(Spl.)—The lime kiln near Tom Wilkinson's place is opened up for work again after being closed down for more than two years and will give employment to a few men. When needing duplicating sales books, flat-packs or fan-fold cash register forms, ledger sheets for bookkeeping machines or any other kind of printing, don't order from out-of-town firms and pay more. NEW DISCOVERIES CONFIRM VIRTUES OF BRAN IN DIET

Supplies "Bulk" and Vitamin B for Constipation; Also Iron for Blood
For ten years, now, millions have found Kellogg's ALL-BRAN a safe, pleasant way to overcome common constipation—with the headaches, loss of appetite and energy that so often result from this condition. Recent laboratory tests show that ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to help tone the intestinal tract. In addition, ALL-BRAN contains twice as much blood-building iron, by weight, as beef liver. This "bulk" in ALL-BRAN is much like the "bulk" in lettuce. Inside the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes. Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming. Think how much better it is to enjoy this delicious cereal than to take endless pills and drugs, which often lead to harmful habits. Two tablespoons daily—in serious cases with every meal—are usually sufficient. If your intestinal trouble is not relieved this way, see your doctor. Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

"Nature in the Raw" is seldom MILD

CUSTER'S LAST STAND
"Nature in the Raw"—as portrayed by the great painter of the American Indian, N. C. Wyeth...inspired by the massacre of Custer's dauntless band at Little Big Horn, Montana, by the savage Sioux Indians, June 25, 1876.

—and raw tobaccos have no place in cigarettes

They are *not* present in Luckies...the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature

in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted" That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, let him build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON. Does not this explain the world-wide acceptance and approval of Lucky Strike?
