**Music Climax Prominence As Autumn Approaches**

Medford folk, who turn their thoughts to music with arrival of the first hint of autumn's approach, will greet with pleasure the announcement that Portland is already making plans for the new season's concerts. The resumption of the symphony concert series is scheduled to commence Monday evening, November 7, in the Rose City.

"This year's music season has been shortened two concerts," The Spectator announces. "That is, instead of the usual 10 evening programs, there will be eight, with six Sunday matinees to complete the 15 weeks of orchestral entertainment. It means that season tickets will be lower in price which is no doubt a decided advantage from the public's standpoint, and at no sacrifice of the high type of programs that have been presented in the past several years.

"Willem van Hoogstraten, conductor of the Portland Symphony orchestra since 1925, is returning with new inspiration and enthusiasm, after his remarkably successful summer in Europe and New York.

"The eight evening concerts, commencing November 7, will include one symphony on each program."

**P-T. A. Council Has Change in Meeting**

The Medford council of Parents and Teachers will hold the first meeting of the new year Tuesday, September 20, at the home of Mrs. Stanley Jones, 709 Alder street, instead of with Mrs. D'Albini, as announced. The change in meeting place was necessitated by the illness of Mrs. D'Albini.

Covered luncheon will be served at 12:30 and all officers and members of committees are urged to attend. Mrs. A. E. Reames will address the members, setting forth county and state plans for relief of the unemployed.

Each member is asked to bring her own table service.

**Little Miss Johnson Celebrates Birthday**

Little Miss Betty Jane Johnson, daughter of Dr. and Mrs. Chas. P. Johnson, celebrated her sixth birthday anniversary, which was September 14, with a party Friday afternoon, given by her mother at their home.

The table was beautifully decorated with a color scheme of pink and green with centerpiece a basket of pink roses. Favors were also in pink and green.

Balloons were presented the little guests and added much merriment to the occasion. Chas. Johnson, Jr., entertained with two violin selections, which were much enjoyed. Refreshments were served at the close of the afternoon.

**Sheldons Leave For Santa Monica**

Mr. and Mrs. Ben Sheldon and sons, David and Abbott, and daughter Barbara left this morning for their new home at Santa Monica, Cal. Prior to their departure they were the inspiration for much entertaining. Mrs. Sheldon being feted at numerous luncheons as well as the series of dinner parties which added interest to the social calendar of last week.

Among those entertaining were Mrs. Gordon Voomies, Mrs. L. A. Salade, Sr., Mrs. L. A. Salade, Jr., Mrs. Corbin Edgell, Mrs. James Owen and numerous others at informal events.

**Mr. Lydard Host At Dinner Party**

A pleasant event of the past week-end was the dinner party given by Will Lydard at his summer home on Rogue river.

"Several days ago a woman appeared in this office and in a positive and definite manner announced she was circulating the recall petitions. As she left the office she turned and volunteered further information that she was receiving ten cents for each name she secured on the petitions. The information she brought to this office was news—it was, so far as we knew, the first circulation of these petitions in Ashland. We announced the fact, announced the information that a PAID CIRCULATOR was in charge of the petitions. She returned a second day, and at that time appeared friendly and was asked if she cared to state by whom she was employed—this she refused to do. Again the real backers, financiers of this recall movement, were to remain a mystery. The name of the paid circulator in Ashland was known, but she could or would not divulge the name of those who paid her ten cents for each signature she secured (according to her own volunteered statement).

"The Daily Tidings will be fair and impartial in our discussion of public affairs and candidates. We will support those candidates and issues which we believe merit our support in the best interests of the public. And we will not hesitate to condemn publicly such issues as we believe dangerous to the welfare of our community. We believe the recall against Judge Norton unfair, unjust, as striking at the very foundation of government, through an attack on the judiciary, by individuals unwilling to assume responsibility for that attack.

## COVER CROPS IN ORCHARDS URGED AS AID TO SOIL

The planting of cover crops in orchards for the purpose of improving the soil should be done at this time, states County Agent L. P. Wilcox.

Early planting of cover crops result in a good growth before temperatures get too low and plant activity is stopped. The more growth obtained in the fall the earlier the crop may be turned under in the spring. Early seeded crops should be drilled or harrowed in deeper than late seeded ones, place the seed down where the moisture is available and germination is assured. Then see that the crop has sufficient moisture for growth. This may demand a light irrigation during October or early November, depending upon fall rains.

The most common crop used is vetch, either common or Hungarian. In some cases combinations of vetch and grain, such as winter oats, barley or rye are used. The date of seeding for vetch alone is from 50 to 60 pounds per acre, while in combination with grain the rate is from 40 to 50 pounds of vetch and an equal amount of the grain per acre. In orchards where vetch has never been grown before, seed inoculation will be necessary.

Increased growth of the cover crop may be secured by using some nitrogenous fertilizer material such as sulphate of ammonia. A application should be from 150 to 250 pounds per acre.

**County to Pay Repair on Hall**

The county court last week decided to allow the city of Medford the sum of \$395 for repairs, renovating and repainting the city hall. The city asked for \$500 to put the structure at Fifth and Central avenue in the shape it was when the county moved in, four years ago.

Steps towards the improvement will be made at the meeting of the city council tomorrow night. Bids for the re-kalsomining of the interior are now on file.

Work of remodeling the state police quarters are now underway and a contract will be signed between the state board of control and the city for occupancy. The state police will occupy the space formerly occupied by the county treasurer and their old office. This gives them a lobby office, a vault, and conference room and ample desk space, instead of the former cramped quarters. The office is located on the basement floor.

## BRITAIN LINES UP AGAINST GERMAN PLEA FOR ARMS

her creditors, it must be accounted untimely."

The announcement of the British stand was met with general, though not unqualified approval in London today.

Reports from Paris said French newspapers greeted it as a "pleasant surprise," revealing that French and British views were not far apart. They pointed out it scotched reports of a disagreement between the two countries circulated in various quarters last week.

The note created a favorable impression in official circles at Washington.

BERLIN, Sept. 19.—(AP)—A government spokesman took issue today with the "unfriendly form" of yesterday's British note opposing Germany's procedure in demanding arms equality.

"It goes without saying," he said, "that we cannot accept the reasoning of the British memorandum, according to which Germany of her own accord and without compelling reason raised a political issue of vast implications."

BERLIN, Sept. 19.—(AP)—Wooden cannon, with stovepipes for barrels, and cardboard covered trucks representing heavy artillery and tanks rolled into action near Frankfurt today while the cabinet was preparing to consider German Britain's note countering German claims for equality of armaments.

The mock weapons of war were part of the fall maneuvers of the reichswehr, the German army as permitted under the treaty of Versailles.
